BACKGROUND:

Summary

The Local Agency Public Construction Act (Public Contract Code Section 20101 et seq.) allows officials to establish a standard questionnaire and uniform rating system in order to establish a pre-qualified list of contractors for public works projects. The Board of Supervisors (Board) approved a pre-qualified list of prime and general contractors on December 8, 2015 (Items 3-11 and 3-22) for 2016. The pre-qualification status expired one calendar year from the date of initial pre-qualification, on December 8, 2016.

On July 12, 2016, Item 3-12, the Board approved a simplified and abbreviated Renewal Process and revised Pre-Qualification Packages for two distinct project procurement methods: CMMP Pre-Qualified Prime Contractors licensed to perform work under specific trades; and DBB Pre-Qualified General Contractors for construction and/or seismic renovation of General County Facilities, Justice/Detention Facilities and OSHPD Facilities in Experience Level I (\$175,000 to \$4,999,999) and Level II (\$5,000,000 to \$30,000,000).

The Request for Qualifications, Renewal and Pre-Qualification Packages were advertised beginning on November 15, 2016 and January 9, 2017, respectively. The deadlines for submittals were January 20, 2017 and February 2, 2017. The solicitation package assessed the contractor's strength, performance history and project experience to select pre-qualified contractors with the highest capability and quality to perform work on County projects.

Impact on Residents and Businesses

Streamlining the process of pre-qualifying contractors with the demonstrated experience and expertise in the selected field will result in the enhanced quality and efficient delivery of services to the public.

Additional Fiscal Information

Additional Fiscal Information

The experience level (cost) range of \$175,000 to \$30,000,000 does not obligate any County funds. The Board of Supervisors will approve future construction contract awards pursuant to County Board Policy B-22.
