JULY 1, 2013 - JUNE 30, 2014

I.**CR-05 - Goals and Outcomes**

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

Executive Summary

This is the Consolidated Annual Performance Evaluation Report for the County of Riverside's Department of Housing and Urban Development CPD-funded programs (CDBG, ESG, and HOME) for the reporting period July 1, 2013, through June 30, 2014.

The 2013-2014 HUD-CPD appropriations were: \$7,562,655 CDBG program, including Lake Elsinore (Metro City- \$382,565); \$1,666,308 HOME program, including the Community Housing Development Organizations (CHDO); and \$472,464 ESG program.

The County expended \$10,367,831 in CPD program funding (including Program Income (PI) during the 2013-2014 program year that included \$6,061,880 in CDBG funds, including Lake Elsinore (Metro City), \$3,496,395 in HOME, and \$809,556 in ESG funds.

Urban County

The County of Riverside is the fourth most populated county in the State, consisting of urbanized neighborhoods, suburban cities, and rural communities. According to the Department of Finance (2013) population estimates, the County has a population of over two million residents, of which, more than one million live in the Urban County area. In fiscal year 2013-2014 the County's Urban County CPD Program consisted of approximately sixty-four (64) unincorporated communities and neighborhoods, fourteen (14) participating cities, and five (5) Supervisorial Districts.

Thirteen (13) cities participate as cooperating cities and one as a Joint/Metropolitan City. The participating cities were: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar. With the exception of Murrieta and Eastvale, these cities do not have sufficient populations to receive Community Planning and Development (CPD) program funds directly from the U.S. Department of Housing and Urban Development (HUD). Consequently they have elected to participate in the CPD programs through the County of Riverside.

The City of Lake Elsinore is considered a CDBG Entitlement City but has elected to participate in the County's Urban County program as a Joint Metro City/Urban County applicant. In FY 2013-2014, the County received CDBG funding in the amount of \$382,565 for the City of Lake Elsinore which was included in the County allocation received from HUD.

The County is committed to the efficient, effective, and established distribution of CDBG, HOME, and ESG funds within each Supervisorial District, Cooperating City, and Metropolitan City to address the priority community development needs.

Evaluation of Past Performance

The County has been successful in implementing its public improvement and community service projects and programs as well as meeting the established objectives and foresees continued progress through the 2009-2014 Consolidated Plan and Annual Action Plans. Key data related to each of the Consolidated Plan goals and accomplishments are summarized in the Housing, Homeless, Non-Homeless, and Community Needs Tables. These tables are generated to project and measure outputs and outcomes for CDBG, HOME, and ESG. HUD implemented this ongoing performance process to assess efficiency, cost effectiveness, and the impact of projects and programs in County neighborhoods.

As with most of the priority goals, the needs far outweigh the County's available resources which are not sufficient to address all of the needs of low- and moderate-income persons or special needs residents in the County's CPD program area. However, the County continues to make progress in implementing its public improvement and community service projects and programs as well as meeting the established objectives. As a requirement of HUD, the Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually to capture progress toward meeting identified needs and achieving strategies. The County's priority goals and needs are continuously being reassessed through ongoing monitoring, performance measures, operational improvements, resource allocation issues, and comprehensive need assessments.

In accordance with HUD CPD program regulations, Grantees are responsible for managing the day-to-day operations and must monitor grant and sub-grant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function, or activity. Accordingly, the County of Riverside continually monitors all CPD-funded sub-recipients and their activities.

The County also strongly supports and encourages community-wide participation, input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs. The County continues its commitment to meeting priority goals outlined in the 2009-2014 Five Year Consolidated Plan. Further, the County plans, designs, and implements new and effective management controls, reporting, program monitoring, performance measures, and policies and procedures, where practical and feasible as part of its ongoing administration of the CPD-funded programs.

General Assessment

The County of Riverside receives an annual allocation of Community Planning and Development (CPD) funding from the U.S. Department of Housing and Urban Development (HUD) to

undertake housing and community development activities. The County is an Urban County under the Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) programs and a Participating Jurisdiction under the Home Investment Partnership Program (HOME). The County of Riverside operated these programs in the unincorporated areas of the County and within thirteen (13) cooperating cities and one (1) joint/metropolitan city.

In March of 2009, the County adopted a five-year (2009-2014) Consolidated Plan, a comprehensive planning document, that identifies the County's overall need for affordable and supportive housing as well as economic and community development and establishes objectives to address those needs. The Strategic Plan section of the document outlines a five-year strategy for the use of projected resources to meet identified needs. Each year of the five-year plan, the County adopts a One-Year Action Plan to further implement the goals and objectives of the Consolidated Plan.

This Consolidated Annual Performance Evaluation Report (CAPER) provides a narrative summary of the performance and accomplishments during the 2013-2014 Program Year and was prepared in accordance with applicable HUD requirements. This document represents a comprehensive and consolidated year-end report of the County's use of CDBG, ESG, and HOME Programs.

This performance report will summarize the short-term goals and objectives set forth in the 2013-2014 One Year Action Plan and present a comprehensive analysis of the County's performance and accomplishments relative to those goals and objectives. Furthermore, this report will evaluate the performance and accomplishments of the five year 2009-2014 Consolidated Plan and present a progress report on how effective the County has been in meeting its projected long-range goals and objectives.

Planning and Administration

CDBG

The County expended \$1,342,400 from the CDBG administration allocation for staffing and overall program management, coordination, monitoring, and evaluation for the CDBG program.

The County received \$45,908 (12%) of the City of Lake Elsinore's, metro city, total allocation in FY 2013-2014. A total of \$23,293 was expended for staffing and overall program management, coordination, monitoring, and evaluation of the CDBG program.

The County expended \$139,918 from the CDBG administration allocation to affirmatively further fair housing by providing a fair housing community outreach program to various groups, including, but not limited to, the following: farm workers, low income individual, tenants, homeowners, landlords, realtors, and County officials. Elements of the program will include anti-discrimination, landlord/tenant services, education-outreach activities, training/technical assistance, and enforcement-complaint screening.

In summary, the total amount of funds that were expended from the CDBG administration allocation during the 2013-14 FY was \$1,505,611.

ESG

The County expended \$72,935 from the ESG allocation to provide staffing and overall program management, coordination, monitoring, and evaluation for the ESG program.

HOME

The County expended \$148,286 from the HOME allocation to provide staffing and overall program management, coordination, and monitoring/evaluation of the County's HOME program.

II.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Refer to Appendix D, Tables 6/9 (Outcome Performance Measurement Tables) and Table 4 (Priority levels)

Use of CDBG Funds in Relation to Consolidated Plan Priorities, Needs, Goals, and Objectives

The highest priority need categories identified in the 2009-2014 Consolidated Plan are:

- Housing Objectives: Improve the conditions of substandard housing for low-income homeowners and low- and moderate-income senior homeowners or disabled persons
- Homeless shelters and programs
- Public Services: senior services, health services, handicapped services, and youth services
- Public Improvements: streets, curbs, gutters, sidewalks, parks/recreational facilities, and Child Care Centers
- Economic Development and Job Creation
- Code Enforcement and Interim Assistance

CDBG, HOME, and ESG funds were provided to support activities in each category. Refer to the section below for the Assessment of Five-Year Goals and Objectives, for specific activities undertaken and accomplishments achieved.

Assessment of Five-Year Goals and Objectives

The 2013-2014 CAPER provides a general assessment of activities undertaken during the year by the County and sub-recipients to address priorities, goals, and objectives identified in the 2009-2014 Consolidated Plan. The CAPER further describes actions taken to affirmatively further fair housing, provide affordable housing, address the Continuum of Care, and leverage resources. The remaining sections of the CAPER address specific accomplishments in the CDBG, HOME, and ESG programs during 2013-2014, the **fifth** year of implementing the goals and objectives of the 2009-2014 Consolidated Plan.

The County expended \$6,061,880 in CDBG program funding during the 2013-2014 FY. These funds were used to assist in the development of viable urban communities, provide decent housing, to encourage a suitable living environment, and to expand economic opportunities, primarily for persons of low- and moderate - income. The funds were distributed between the five Supervisorial Districts, thirteen (13) cooperating cities, and one (1) metro City using a "fair-share" formula, which is based on a formula that accounts for population levels, overcrowding, and poverty.

The commitment of CDBG funds for housing programs in the County varies year-by-year. Specific programs identified in the 2009-2014 Consolidated Plan included the Housing Rehabilitation Program, Enhanced Senior Home Repair, and Fair Housing Administrative Services.

Basis for Allocating Investments and Assigning Priorities

The overall priority is to use these Federal funds to increase self-sufficiency and economic opportunity for lower-income residents and individuals with special needs so that they can achieve a reasonable standard of living. The national objectives and performance outcome measurement system established by HUD are the basis for assigning priorities to needs for which funding may be allocated.

In order for an activity or project to be eligible for funding, it must qualify as meeting one of the three national objectives of the program:

- 1) Principally benefit (at least 51%) low and moderate income persons;
- 2) Aid in the prevention of slums or blight; or
- 3) Meet community development needs having a particular urgency.

The objective and outcome that is to be achieved is included in each of the planned activities and is identified using a numbering system that ties to the Community Planning and Development Performance Measurement System developed by HUD.

The primary objective of the CDBG program is to develop viable urban communities. Based upon this intent, it must be determined which of the following three objectives best describe the purpose of an activity:

- Provide decent housing **(DH)**;
- Provide a suitable living environment **(SL)**; and/or
- Expand economic opportunities, principally for lower income persons **(EO)**.

Each activity must also meet a specific performance outcome that is related to at least one of the following:

- Availability/Accessibility **(1)**;
- Affordability **(2)**; or
- Sustainability - Promoting Livable or Viable Communities **(3)**

HUD Performance Measurement Criteria:

	Availability/ Accessibility (1)	Affordability (2)	Sustainability (3)
Decent Housing (DH)	DH -1	DH- 2	DH - 3
Suitable Living Environment (SL)	SL- 1	SL - 2	SL-3
Economic Opportunity (EO)	EO -1	EO - 2	EO-3

In addition to national objectives and performance measurements, the County must weigh and balance the input from different groups and assign funding priorities that best bridge the gaps in the County's service delivery system. The County received input through outreach efforts helping to prioritize funding for community facilities, community services, homeless facilities and services, housing, economic development, and public improvements. Projects are reviewed and funding allocations are made based upon the above criteria, including the projects ability to reach and serve the areas and persons with the greatest need.

**Summary of 2013-14 Specific Annual CDBG-Funded Activities by
Objective/Outcome (IDIS PR-03)**

Objective/Outcome	Total 13/14 CDBG Expended	13/14 Number of Completed
Suitable Living Environment - Availability/Accessibility SL-1	\$1,972,469	50 Completed
Suitable Living Environment - Affordability SL-2	\$188,008	13 Completed
Suitable Living Environment – Sustainability SL-3	\$2,234,615	13 Completed
Decent Housing- Availability/Accessibility DH -1	\$148,677	22 Completed
Economic Opportunity – Availability/Accessibility EO -1	\$12,500	1 Completed
TOTAL	\$4,556,269	99

Excludes Admin expenditures \$1,505,611

1. Affordable Housing

2009-2014 Consolidated Plan priorities for affordable housing are:

1. Provide homeownership opportunities for first-time homebuyers and for the low- and moderate-income community;
2. Improve the conditions of substandard housing and substandard existing rental housing affordable to low-income families;
3. Address farm worker and migrant farm worker housing needs in western Riverside County and in the Coachella Valley;
4. Expand the affordable rental housing stock for low-income and special needs households;
5. Provide shelter to the homeless; and
6. Stabilize declining neighborhood conditions due to foreclosures.

Priority #1: Provide homeownership opportunities for first-time homebuyers and for the low- and moderate-income community

Program	2009-2014 Objectives/ FY 2013/2014 Objectives	FY 2013/2014 Accomplishments
First Time Home Buyer (FTHB) Program	5-Year: 50 households FY 13/14: 10 households	During the FY 2013-2014: <ul style="list-style-type: none"> • The County provided down-payment assistance to 6 low-income households and expended a total of \$180,600 in HOME FTHB funds. • 6 low-income households. • 1 household purchased new homes and 5 households purchased existing homes. • The average assistance per household was \$30,100. • The average home purchase price was \$150,500 • The average first mortgage loan was \$122,192. • 2 of the households used FTHB down-payment assistance to purchase foreclosed homes.
NSP1-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year (2009-2014): 150 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 23 foreclosed homes were acquired, rehabilitated and sold. 15 homes were sold to VLI households, and 8 homes were sold to LMMI households. • A total of \$1,361,703 was provided for purchase price assistance under this activity (NSP1H)

NSP3-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year: 190 households FY 12/13: 0 households	During the FY 2013-2014: <ul style="list-style-type: none"> A total of 7 foreclosed homes were acquired, rehabilitated and sold. 3 homes were sold to VLI households and 4 were sold to LMMI households. A total of \$437,640 was provided for purchase price assistance under this activity (NSP3H).
NSP-3 and NSHP Neighborhood Stabilization Homeownership Program (formerly Enhanced FTHB)	5-Year: 190 households FY 13/14: 0 households	During the FY 2013/2014: <ul style="list-style-type: none"> Due to the difficulty of locating foreclosed properties and recent market conditions, the County is not capitalizing this program further.
Redevelopment Homeownership Program (RHP)	5-Year: 31 households FY 13/14: 1 household	During the FY 2013-2014: <ul style="list-style-type: none"> The Redevelopment Homeownership Program (RHP) was administered by the Redevelopment Agency for the County of Riverside (RDA). On June 29, 2011 Governor Brown signed into law Assembly Bill ABx1 26, proposing the elimination of all RDAs in the state of California. The California Supreme Court upheld the legality of ABx1 26, thereby eliminating Redevelopment Agencies throughout the state of California, including the RDA for the County of Riverside. Subsequently, the RHP program has been effectively eliminated and discontinued.
American Dream Down- payment Initiative (ADDI) Program	5-Year: 6 households FY 13/14: 0 households	During the FY 2013-2014: <ul style="list-style-type: none"> The County did not receive ADDI funding and therefore no closing cost and/or down-payment assistance was provided to any households during the reporting period.
Individual Development Account (IDA) Matrix code- 13	5-Year: 15 households <i>Accomp units revised due to 2 Canceled IDA Activities (2008-2009)</i> FY 13/14: 0 Households	During the FY 2013-2014: <ul style="list-style-type: none"> The County completed 0 CDBG funded IDA activity. There were \$0 funds expended in FY 2013/14.

Mortgage Credit Certificate (MCC)	5-Year: 100 households FY 13/14: 20 households	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 17 MCC's were issued for a total use of \$635,872 in tax credit; • There were no extremely low-income households that were assisted, 3 very low-income households were assisted, 9 low-income households were assisted and 5 moderate-income households were assisted. • The average MCC assistance per homebuyer was \$37,404. • The average home purchase price was \$208,165. • The average first mortgage loan amount was \$209,403.
Home Investment Partnerships Act (HOME) Program – Self-Help Housing Projects	5-Year: 25 households FY 13/14: 5 households	During the FY 2013-2014: <ul style="list-style-type: none"> • Construction is underway for 9 of the 11 single-family mutual self-help homes. Construction will begin on the 2 remaining homes once families are identified and approved. Project is located in the City of Desert Hot Springs (<i>Sunset Springs Self-Help Project</i>). • Construction has been completed on 6 of the 11 single-family mutual self-help homes. Construction will begin on the 5 remaining homes once all 5 families are identified and approved. Project is located in the unincorporated community of North Shore (<i>North Shore Groups 5 & 6</i>).
Redevelopment Agency for the County of Riverside (RDA) Infill Housing Program	5-Year: 4 households FY 13/14: 0 household	During the FY 2013-2014: <p>The Housing Authority of the County of Riverside, in its capacity as housing successor agency to the Redevelopment Agency for the County of Riverside will be managing this program until projects are completed.</p> <ul style="list-style-type: none"> • Construction and sale completed on a single-family home located in the City of Jurupa Valley (Molino Way Infill Housing Project). The sale of the home was restricted to first time homebuyers and low- to moderate-income households for a period of 45 years. • Construction in progress for 2 single-family home located in the City of Jurupa Valley (Mira Loma Infill Housing Project). Completion expected in July 2014 and the properties will be marketed for sale to a qualified first-time homebuyers. The sale of these homes will be restricted to low- to moderate- income households for a period of 45 years.

Redevelopment Agency for the County of Riverside (RDA) Low and Moderate Income Housing Set-Aside Fund – Single-family Housing Projects	5-Year: 20 households FY 13/14: 5 households	During the FY 2013-2014: <ul style="list-style-type: none"> • (<i>RDA-1</i>) Acquisition, rehabilitation, and resale of single-family foreclosed homes in the former Jurupa Valley Project Area and unincorporated areas of Riverside County. There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.
---	---	---

First-Time Home Buyer (FTHB) Program: The FTHB Program provides HOME funds for down-payment assistance to low- and very low-income households that have not owned homes within a three-year period. The program is available for households with an annual income that is no greater than 80% of the area median income as published by HUD. The FTHB Program provides up to 20% of the purchase price with a 15-year affordability period as a “silent second” loan. A variety of outreach was done to inform the public and potential homebuyers of the homebuyer assistance program. Brochures were distributed to businesses, and other public areas. Community organizations, realtor associations, employment centers, fair housing groups and housing counseling agencies were also informed.

For FY 2013-2014, the FTHB Program assisted a total of 6 first-time homebuyer households and expended a total of \$180,600 in FTHB HOME funds. All households were low-income. One household purchased a new home and the other 5 households purchased existing homes. The average assistance per household was \$30,100. The average home purchase price was \$150,500. The average first mortgage loan was \$122,192. Two of the households used FTHB down-payment assistance to purchase foreclosed homes. None of the households used FTHB down-payment assistance and ADDI for closing cost towards the purchase homes. FTHB projects were located throughout the County. Two households purchased a home in Eastern Riverside County and 4 households purchased homes in Western Riverside County. Three homes were in the 3rd Supervisorial District, 2 homes were in the 4th Supervisorial District, and 1 home was in the 5th Supervisorial District.

Neighborhood Stabilization Program (NSP): On July 28, 2008, the United States Congress passed the Housing and Economic Recovery Act of 2008 (HERA) which included the Neighborhood Stabilization Program (NSP) to address the subprime mortgage crisis by stabilizing neighborhoods in areas of greatest need and stemming the decline of house values of neighboring homes. This first round of NSP (NSP1) provided \$3.92 billion on a formula basis to 307 state and local governments. On February 25, 2009, the County of Riverside was allocated \$48,567,786. In addition, Congress also passed the Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) on July 15, 2010 which included appropriations for a third round of NSP (NSP3) to continue activities to stabilize neighborhoods damaged by the economic effects of foreclosed properties. On February 28, 2011, the County of Riverside was allocated an additional \$14,272,400 in NSP3 funds.

In partnership with public agencies, non-profit and for-profit affordable housing developers, the County of Riverside successfully obligated and expended NSP funds to acquire and rehabilitate foreclosed homes for sale to qualified first-time homebuyers. Subsequent to the sale of each rehabilitated home, proceeds from the sale minus transaction costs, fees, and purchase price assistance for the first-time homebuyer were returned to the County as program income to further NSP activities.

As of June 30, 2014, since commencement of the County's NSP1 program, a total of 249 foreclosed single-family homes were acquired. Of that, 244 homes underwent rehabilitation and were sold to very low-income (VLI) households and low-, moderate- and middle-income (LMMI) households. As of June 30, 2014, the NSP1 budget was \$86,615,154 which included the original grant of \$48,567,786 plus \$38,047,368 in program income. During this reporting period, approximately \$5,112,050 in NSP1 funds was expended for acquisition, rehabilitation and resale of 23 foreclosed homes to VLI and LMMI households (15 VLI and 8 LMMI). A total of \$1,361,703 in purchase price assistance was provided to qualified first-time homebuyers from the proceeds of the sale of each home.

Under NSP3, the total budget was \$23,811,571 which included the original grant of \$14,272,400 plus \$9,539,171 in program income. During this reporting period, approximately \$1,880,895 in NSP3 funds was expended for acquisition, rehabilitation and resale of 7 foreclosed homes to VLI and LMMI households (3 VLI and 4 LMMI). A total of \$437,640 in purchase price assistance was provided to qualified first-time homebuyers from the proceeds of the sale of each home.

NSP-3, Neighborhood Stabilization Homeownership Program (NSHP): NSHP provides NSP funds in the form of purchase price assistance with optional rehabilitation and repair assistance to low-, moderate-, and middle-income ("LMMI") first-time homebuyer households to purchase bank-owned, foreclosed properties within specific NSP target areas in Riverside County. NSHP is available for households with an annual income that is no greater than 120% of the area median income as published by HUD and must not have owned homes within the past three-year period. NSHP provides 20% of the purchase price with a 15-year affordability period as a "silent second" loan with an optional "silent third" loan with the same terms for minor rehabilitation and repair for a total not to exceed \$75,000. Due to the difficulty of locating foreclosed properties and recent market conditions, the County is not capitalizing this program further.

Redevelopment Homeownership Program (RHP): RHP provided RDA funds for down-payment assistance to low- and moderate-income households that have not owned homes within a three year period. On June 29, 2011 Governor Brown signed into law Assembly Bill ABx1 26, proposing the elimination of all RDAs in the state of California. The California Supreme Court upheld the legality of ABx1 26, thereby eliminating Redevelopment Agencies throughout the state of California, including the RDA for the County of Riverside. Subsequently, the RHP

program was effectively eliminated, only to wind down existing enforceable obligations and discontinued.

Mortgage Credit Certificate (MCC): MCC was authorized by Congress in the 1984 Tax Reform Act as a means of providing housing assistance to families of low- and moderate-income. MCC offers qualified applicants with incomes up to 115% of the State median income to take an annual credit against their federal income taxes of up to 15% of the annual interest paid on the applicant's primary mortgage. Through the tax credit, the homeowner's federal income taxes are reduced by the amount of the credit therefore increasing their disposable income and allowing the homeowner's to afford higher housing costs given their income. For a homeowner with a MCC, this benefit of 15% of the annual mortgage interest will be a direct federal tax credit, resulting in a dollar-for-dollar reduction of the annual federal income tax liability. The remaining 85% of the annual mortgage interest will continue to qualify as an itemized tax deduction.

On December 3, 2013, the Board of Supervisors approved the proposed increase in the Mortgage Credit Certificate program tax credit rate from 15% to 20% and on December 10, 2014, the tax credit rate increase was approved by the California Debt Limit Allocation Committee.

For FY 2013-2014, a total of 17 MCC's were issued for a total tax credit of \$365,872. The average home purchase price was \$208,165. Three very low-income households, 9 low-income households, and 5 moderate-income households were assisted. The average MCC assistance per homebuyer was \$37,404. Five homebuyers were assisted in the 1st Supervisorial District; 1 homebuyer was assisted in the 2nd Supervisorial District; 5 homebuyers were assisted in the 3rd Supervisorial District; 1 homebuyers were assisted in the 4th Supervisorial District; and 4 homebuyers were assisted in the 5th Supervisorial District.

Home Investment Partnerships (HOME) Program: HOME is the largest Federal block grant to State and local governments designed exclusively to create affordable housing for low-income households. The County of Riverside has been an active Participating Jurisdiction (PJ) since the inception of the HOME Program in 1992. The overall goals of the HOME program are: (1) To provide decent affordable housing to lower-income households; (2) Expand the capacity of nonprofit housing providers; (3) Strengthen the ability of state and local governments to provide housing; and (4) Leverage private-sector participation.

HOME Program – Self-Help Housing Projects: Self-Help homes are built through a partnership with a non-profit affordable housing developer, a Community Housing Development Organization (CHDO), and the CHDO's mutual self-help construction program. The mutual self-help construction method enables groups of qualified low-income families to become first-time homeowners by requiring each family to contribute in the building of each

other's homes under the skilled supervision of the developer. Families working together earn "sweat-equity" towards the down-payment of their homes.

The following projects are currently underway:

- 1. Sunset Springs Self-Help Project, Desert Hot Springs:** In June 2011 the County committed \$152,000 in HOME funds to The Coachella Valley Housing Coalition (CVHC), a certified Community Housing Development Organization, for the development, construction and mortgage assistance for 11 single family homes. The homes will be built through the CVHC's mutual self-help construction program which enables qualified very low and low income families to become first time homeowners by earning "sweat-equity" towards the down payment of their home. The project will consist of 9 four-bedroom and 2 three-bedroom single-story homes. Other funding sources include a \$1,097,400 loan from the U.S. Department of Agriculture (USDA) Section 502 Program, a \$203,500 grant from the Affordable Housing Program, a subsidy of \$249,600 from CVHC, and \$18,500 in buyer sweat equity. All 11 homes will be designated as HOME units for households whose incomes do not exceed 80% of the Area Median Income for a period of at least 15 years. Construction is underway on 9 of the 11 homes. The remaining two families have been identified and waiting to be approved for an USDA loan; construction for these two homes is expected to start by November 2014.
- 2. North Shore Groups 5 & 6, North Shore:** In June 2011, the County committed \$600,000 in HOME funds to The Coachella Valley Housing Coalition (CVHC), a certified Community Housing Development Organization, for the development and new construction of 11 single family homes. The homes will be built through CVHC's mutual self-help construction program which enables qualified low income families to become first time homebuyers by earning "sweat equity" towards the down payment of their home. The project will consist of 11 four-bedroom and two-bathroom single story homes. Other funding sources include a \$784,000 loan from the U.S. Department of Agriculture Section 502 Program, an \$82,000 grant from the Affordable Housing Program, a \$74,000 loan from the Joe Serna, Jr. Farmworker Housing Grant Program, and \$5,500 in buyer sweat-equity. The total development costs are estimated to be \$1,545,500. All 11 homes will be designated as HOME units for households whose incomes do not exceed 50% of the Area Median Income for a period of at least 15 years. Construction is underway on 6 of the 11 homes. The five remaining families have been identified and are waiting to be approved for an USDA loan; construction for these homes is expected to start by September 2014.

RDA Infill Housing Program

Redevelopment Agency for the County of Riverside ("RDA") Infill Housing Program: The Infill Housing Program was designed to promote the development of affordable single-family housing on previously vacant or blighted lots. On June 29, 2011 Governor Brown signed into law

Assembly Bill ABx1 26, proposing the elimination of all RDAs in the state of California. The California Supreme Court upheld the legality of ABx1 26, thereby eliminating Redevelopment Agencies throughout the state of California, including the RDA for the County of Riverside. Subsequently, the RDA Infill Housing program was effectively eliminated, only to wind down existing enforceable obligations and discontinued.

Pursuant to Assembly Bill x1 26, the redevelopment dissolution bill, the Riverside County Board of Supervisors adopted Resolution No. 2012-035 on January 10, 2012, which designated the Housing Authority of the County of Riverside as the successor agency for the redevelopment housing function. On the same date, the Housing Authority of the County of Riverside Board of Commissioners accepted, via adoption of Resolution No. 2012-001, the responsibility for performing all activities as the successor to the redevelopment housing function. On February 1, 2012, all California redevelopment agencies were eliminated and the Housing Authority of the County of Riverside assumed the redevelopment housing functions of the successor agency.

The following projects have been completed:

1. Molino Way Infill Project, Jurupa Valley: In May 2011, the RDA approved a DDA with HACR to transfer land owned by the RDA and provide assistance in the amount of \$173,000 for the development and construction of a single-family home in the City of Jurupa Valley. The total construction cost was approximately \$332,557. The home has been completed and sold; the home will be restricted to low and moderate-income households who are first-time homebuyers with a 45 years affordability restriction.

The following projects are currently underway:

2. Mira Loma Infill Housing Project, Jurupa Valley: In June 2006, the former RDA approved a DDA with the HACR including a grant for \$350,000 in RDA Housing Set-Aside funds for the development of 2 new single-family homes on vacant land located between Bellegrave Avenue and 48th Street in the City of Jurupa Valley. The homes will be restricted to low-income first-time homebuyer households with an affordability restriction for a period of at least 45 years. Construction of the project is in progress, completion is expected by July 2014.

RDA Low and Moderate Housing Fund – Single Family Housing Projects

RDA Low and Moderate Income Housing Fund (RDA Housing Set-Aside Fund): On June 29, 2011 Governor Brown signed into law Assembly Bill ABx1 26, proposing the elimination of all RDAs in the state of California. The California Supreme Court upheld the legality of ABx1 26, thereby eliminating Redevelopment Agencies throughout the state of California, including the

RDA for the County of Riverside. Subsequently, RDA Housing Set-Aside Funds were effectively eliminated, only to wind down existing enforceable obligations and discontinued.

Pursuant to Assembly Bill x1 26, the redevelopment dissolution bill, the Riverside County Board of Supervisors adopted Resolution No. 2012-035 on January 10, 2012, which designated the Housing Authority of the County of Riverside as the successor agency for the redevelopment housing function. On the same date, the Housing Authority of the County of Riverside Board of Commissioners accepted, via adoption of Resolution No. 2012-001, the responsibility for performing all activities as the successor to the redevelopment housing function. On February 1, 2012, all California redevelopment agencies were eliminated and the Housing Authority of the County of Riverside assumed the redevelopment housing functions of the successor agency.

The following project was completed:

Nothing to report for this reporting period.

The following projects are currently underway:

3. RDA Single-Family Acquisition, Rehabilitation or New Construction, Jurupa Valley: In May 2011, the RDA identified a need in the county to stabilize neighborhoods whose viability has been damaged by the economic effects of properties that have been foreclosed upon, abandoned or subjected to blighted conditions. The RDA entered into a Memorandum of Understanding (MOU) with a non-profit affordable housing developer to provide a total grant of \$1,500,000, not to exceed \$500,000 annually, to acquire foreclosed, abandoned or blighted single-family homes or vacant residential lots within the RDA's Jurupa Valley Project Area with the objective to rehabilitate or construct new homes. All homes will be sold to very low-income, first-time homebuyer households earning less than 50% of the county area median income with the commitment to occupy the homes as their principal residence for a minimum period of 45 years. To date, five properties have been acquired and completed rehabilitation; four of the five homes have been sold to first time homebuyers; the remaining home is in escrow and scheduled to close by August 2014.

Priority #2: Improve the conditions of substandard housing and substandard existing rental housing affordable to low-income families

Program	2009/2014 Objectives/ FY 2013/2014 Objectives	FY 2013/2014 Accomplishments
Home Rehabilitation Program (HRP)/ Home Rehabilitation Loan Program (HRLP)	5-Year: 300 FY 13/14: 5	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 6 HRLP projects were completed. • 6 completed HRLP project used CDBG funds with a total expenditure of \$54,959. • The average assistance per unit was \$9,160. • 1 was extremely low-income, and 5 low-income households. All HRLP-assisted units are restricted for a period of 10 years.
Senior Home Repair Grant (SHRG) Program	5-Year: 195 FY 13/14: 15	During the FY 2013-2014: <ul style="list-style-type: none"> • 14 Senior Home Repair Grant Projects (SHRG) were completed. • 14 completed SHRG projects used CDBG funding with a total expenditure of \$71,975. • The total expended CDBG for completed and underway SHRG projects in FY 2013-2014 is \$71,975.54. • Of the 14 completed projects, 2 of the homeowners assisted were extremely low-income and 12 were very low income.
Enhanced Home Repair (EHR) Program	5-Year: 4 FY 13/14: 1	During the FY 2013/2014: <ul style="list-style-type: none"> • No EHR projects were completed during the FY.
NSP1-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year (2009-2014) (Priority #6): 150 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 23 foreclosed homes were acquired, rehabilitated and sold. 15 homes were sold to VLI households and 8 were sold to LMMI households. • Approximately \$5,112,050 in NSP1 funds was expended for acquisition, rehabilitation and resale. .
NSP3-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year (Priority #6): 190 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 7 foreclosed homes were acquired, rehabilitated and sold. 3 homes were sold to VLI households and 4 were sold to LMMI households. • Approximately \$1,880,895 in NSP3 funds was expended for acquisition, rehabilitation and resale.

Redevelopment Agency for the County of Riverside (RDA) Low and Moderate Income Housing Set-Aside Fund – Rehabilitation Projects	5-Year: 15 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> Construction of the 16 unit supportive multifamily housing is completed. The project is located in the community of Thousand Palms (Operation Safehouse). Eight units are restricted to households whose incomes do not exceed 50% of the area median income.
---	---------------------------	---

Home Rehabilitation Program (HRP): HRP provides one-time grants of up to \$20,000 to qualified low-income homeowners to repair or improve the quality of their homes. The grant allows homeowners to address both interior and exterior health and safety issues, housing quality standards (HQS), handicapped accessibility improvements, and enhance the exterior appearance of their properties.

Home Rehabilitation Loan Program (HRLP): In order to assist more homeowners and to better secure affordability restrictions, HRP was modified into the **Home Rehabilitation Loan Program (HRLP)** to provide one-time assistance of up to \$10,000 to qualified low income homeowners to repair or improve their homes. HRLP allows homeowners to address both interior and exterior health and safety issues, housing quality standards (HQS), handicapped accessibility improvements, and addresses concerns with major housing systems. HRLP assistance is provided in the form of a silent mortgage loan at 0% interest secured by a Deed of Trust and Covenant Agreement with a 10 year affordability period. The loan is forgiven at the end of the affordability period. Eligible properties must be owner occupied and built in 1978 or after.

During FY 2013-2014, a total of 6 HRLP projects were completed using CDBG funds. The total expenditure for the 6 completed HRLP projects was \$54,959. The average assistance per unit was \$9,160.

A total of 1 household assisted was extremely low-income, and 5 households were low-income. All HRLP-assisted units are restricted for a period of 10 years.

This program has been eliminated because all the funding for this program has been exhausted.

Senior Home Repair Grant (SHRG) Program: SHRG provides one-time grants of up to \$6,000 to qualified extremely low-income and very low-income senior homeowners (62 years or older) or extremely low-income and very low-income disabled persons of any age to repair or improve their homes. The grant requires that the repairs address health and safety issues and handicapped accessibility improvements.

During the FY 2013-2014, a total of 14 SHRG projects were completed. All 14 SHRG projects were completed using CDBG funding in the amount of \$71,975. Of the 14 completed projects, 2 of the homeowners assisted were extremely low-income and 12 were very low-income.

This program has been eliminated because all the funding for this program has been exhausted.

Enhanced Home Repair (EHR) Program: The EHR Program provides one-time grants up to \$6,000 to extremely low-income and very low-income households for home repair or enhancements to address health and safety issues. The program is available to all homeowners regardless of age and it does not require a specific disability. During the FY 2013-2014, 0 EHR project were completed.

This program has been eliminated because all the funding for this program has been exhausted.

Neighborhood Stabilization Program (NSP): During this reporting period, approximately \$5,112,050 in NSP1 funds was expended for acquisition, rehabilitation and resale of 23 foreclosed homes to VLI and LMMI households (15 VLI and 8 LMMI). A total of \$1,361,703 in purchase price assistance was provided to qualified first-time homebuyers from the proceeds of the sale of each home. Under NSP3, the total budget was \$23,811,571 which included the original grant of \$14,272,400 plus \$9,539,171 in program income. During this reporting period, approximately \$1,880,895 in NSP3 funds was expended for acquisition, rehabilitation and resale of 7 foreclosed homes to VLI and LMMI households (3 VLI and 4 LMMI). A total of \$437,640 in purchase price assistance was provided to qualified first-time homebuyers from the proceeds of the sale of each home.

The following activities were completed during the reporting period:

Completed projects for all NSP activities are reported under Priority # 6.

RDA Low and Moderate Housing Fund – Rehabilitation Projects:

On June 29, 2011 Governor Brown signed into law Assembly Bill ABx1 26, proposing the elimination of all RDAs in the state of California. The California Supreme Court upheld the legality of ABx1 26, thereby eliminating Redevelopment Agencies throughout the state of California, including the RDA for the County of Riverside. Subsequently, RDA Low and Moderate Housing Funds were effectively eliminated, only to wind down existing enforceable obligations and discontinued.

The following projects have been completed:

1. Operation Safehouse, Thousand Palms: On March 23, 2010, the RDA conveyed a .41 acre lot to Operation Safehouse and approved a loan in the amount of \$1,100,000 for the development of a 16 unit affordable rental housing complex for kids that age out of foster care. Other funding sources include a loan from Department Of Housing & Community Development Emergency Housing & Assistance Program Capital Development (EHAP CD) for \$1,000,000, a loan from HUD Homeless Continuum of Care funds for \$ 354,937, deferred developer fee of \$52,279, a loan from the Amemar LLC for \$500,000, and a loan from Department of Housing & Community Development Multifamily Housing Program-Supportive Housing \$2,083,862. The total cost of development is estimated to be \$5,091,078. A total of 8 units will be reserved for extremely low-income households for an affordability period of at least 55 years. Construction was completed July 2013 and the project has been closed out.

The following projects are currently underway:

2. Orange Blossom Apartments, Valle Vista: In March, 2013 the County committed \$1,320,000 in HOME funds for the acquisition and rehabilitation of three-fourplex properties, located in the unincorporated community of Valle Vista. The project will consist of 12 two-bedroom units for rent to qualified low-income families. Other funding sources include a conventional loan in the amount of \$542,500. The total project cost is estimated to be \$1,862,500. A total of 11 units will be designated as HOME-assisted units limited to households whose incomes do not exceed 80% of the area median income for the County of Riverside for a period of at least 55 years. Construction was completed and the project is anticipated to be closed out in September 2014.

3. Orange Blossom II Apartments, Valle Vista: In June, 2013 the County committed \$474,000 in HOME funds for a second phase project to acquire and rehabilitate one additional property consisting of 3 units located at 41945 Orange Blossom Lane. All units will be designated as HOME-assisted units pursuant to HOME regulations limited to households whose incomes do not exceed 80% of the area median income for the County of Riverside with respect to household size. The HOME-assisted units will be restricted for a period of at least 55 years from the recorded Notice of Completion. The total development cost for the project is estimated at \$594,000 which includes a \$120,000 conventional loan to be secured as lien against the property. The property is in escrow and pursuant to the HOME agreement, the acquisition must be completed by September 30, 2014.

4. Middleton Crossings, Thermal: The Housing Authority of the County of Riverside, in its capacity as housing successor agency to the Redevelopment Agency for the County of Riverside (RDA) will be managing this project until it is completed. The RDA acquired the property located in the unincorporated area of the Eastern Coachella Valley in an effort provide much needed affordable housing to the community of Thermal and outlying areas. The 23.87 acre property was purchased in December 2006 for \$4,393,000. In addition, the acquisition of this property allowed for the demolition of ten substandard and dilapidated housing structures located at the property. Acquisition and relocation of the residents were the first steps toward overall improvements that will benefit the entire community. A request for qualifications is underway for the selection of a qualified developer to develop this property. The developer selected will be responsible for entitling the proposed development and obtaining financing.

Priority #3: Address Farm Worker and Migrant Farm Worker Housing Needs in Western Riverside County and in the Coachella Valley.

Program	2009-2014 Objectives/ FY 2013/14 Objectives	FY 2013-2014 Accomplishments
Mobile Home Tenant Loan (MHTL) Assistance Program	5-Year: 50 FY 13/14: 10	During the FY 2013-2014: <ul style="list-style-type: none"> There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.
Fee Land Mobile Home Loan (FLMHL) Program	5-Year: 50 FY 13/14: 10	During the FY 2013-2014: <ul style="list-style-type: none"> No activity to report for this reporting period.
HOME Program – Farm Worker Housing Projects	5-Year: 50 FY 13/14: 10	During the FY 2013-2014: <ul style="list-style-type: none"> Construction is complete for an 85-unit farm worker housing complex located in the City of Indio (<i>Vista Hermosa Apartments (aka. Fred Young Farmworker Apartments)</i>). 41 units are designated as HOME restricted uses, limited to households whose incomes do not exceed 50% of the area median income. 9 of the 41 HOME units are restricted to households whose incomes do not exceed 30% of the area median income. Construction is complete for a 50-unit farmworker multi-family affordable housing complex in the City of Coachella (<i>Pueblo Nuevo Apartments</i>). 11 HOME units are set aside for extremely low-income households. Development of an 84 space (plus 1 managers unit) mobile home park located in the unincorporated community of Mecca (<i>Los Vinedos Mobile Home Park</i>). The project is a 2 phase project and the first phase consists of 41 units. Anticipated start of construction is scheduled for January 2015.
Redevelopment Agency for the County of Riverside (RDA) Low and Moderate Income Housing Set-Aside Fund – Farm Worker Housing Projects	5-Year: 40 FY 13/14: 10	During the FY 2013-2014: <ul style="list-style-type: none"> A request for qualifications is underway for the selection of a qualified developer to develop the site known as Middleton Crossings, located in the community of Thermal. The developer selected will be responsible for entitling the proposed development, obtaining financing, and building the project. Acquisition was completed in an effort to rehabilitate the property, which is located in the unincorporated community of Thermal (<i>Hernandez Mobile Home Park</i>). Rehabilitation is underway and work is expected to be completed by December 2014.

Mobile Home Tenant Loan (MHTL) Program: MHTL was established to improve substandard living conditions of mobile home owners living in un-permitted mobile home parks. This program provides financial assistance to mobile home owners by providing a zero percent (0%) interest loan in an amount up to \$45,000. The funds from the loan are used to purchase a unit that will replace the existing substandard unit and will be installed in a permitted site.

This program has been eliminated as a direct result of the elimination of the RDA.

Fee Land Mobile Home Loan (FLMHL) Program: FLMHL was established to improve substandard living conditions of mobile home owners living in un-permitted mobile home parks within the Torres Martinez Desert Cahuilla Indians (TM) tribal boundaries. The FLMHL program is modeled after the existing Mobile Home Tenant Loan Program and provides a loan in an amount up to \$60,000.

For FY 2013-2014, there were no projects funded.

This program has been eliminated because all the funding for this program has been exhausted.

CAIHome Mobile Home Replacement Program: The California Department of Housing and Community Development (HCD) awarded \$1,500,000 to the Housing Authority of the County of Riverside so that it can continue to offer a mobile home replacement program, similar to the MHTL and FLMHL Programs that the former RDA offered. Funding for the MHTL Program is no longer available as a result of the dissolution of the Redevelopment Agency and funding for the FLMHL Program has been exhausted.

This program is modeled after the MHTL and FLMHL Programs; the Housing Authority will provide homeownership opportunities to eligible households by replacing their substandard mobile homes with new mobile homes. This program will be made available to very low income households located within Community Revitalization census tracts in the Eastern Coachella Valley in Riverside County.

HOME Program – Farm Worker Housing Projects

The following project is underway:

1. Los Vinedos, Mecca: On June 17, 2014, the County committed \$1,000,000 in HOME funds for the construction of a 41-unit farmworker mobile home park. The project consists of 41 three and four bedroom units. One unit will be set aside as a manager's unit. Project amenities include a 1,500 square foot community center, computer lab and open space. Project services will include tutoring, nutrition programs, English as a Second Language and after-school programs. Other funding sources include a \$2,300,000 loan from the United States Department of Agriculture Farm Labor Housing Program Section 514, a \$700,000 grant from the United States Department of Agriculture Farm Labor Housing Program Section 516, a \$900,000 grant from the United States Department of Agriculture Rural Utilities Grant, a \$1,000,000 loan from the Rural Community Assistance Corporation Agriculture Worker Health and Housing Program (RCAC), a \$990,000 loan from the Rural Community Assistance Corporation Ford Foundation Loan; a \$391,000 grant from the Rural Community Assistance Corporation, a \$410,000 deferred loan from the Federal Home Loan Affordable Housing Program. The total project cost is

estimated to be \$7,691,100. 11 units will be designated as HOME assisted units for households whose incomes do not exceed 30% of the Area Median Income for a period of at least 55 years. The first phase of this mobile home park is anticipated to commence in January 2015 and be completed in October 2015.

The following projects have been completed:

2. Vista Hermosa Apartments, Indio (aka. Fred Young Farmworker Apartments): On June 2011, the County provided \$1,000,000 in HOME funds to a non-profit affordable housing developer for the Phase I development of an 85 rental unit (including 1 on-site manager unit) farm worker housing complex for families in the City of Indio. The Phase I portion of the development is approximately 7.52 acres of vacant land adjacent to the existing Fred Young Farm Labor Center (apartments), which currently houses farm worker tenants. The current tenants of the Fred Young Farm Labor Center were relocated to the new development. The project consists of 12 one-bedroom units, 33 two-bedroom units, 28 three-bedroom units, and 11 four-bedroom units. The project also consists of various amenities that include a community room, pool, laundry facilities, picnic areas, basketball courts, and community/vegetable gardens. Other funding sources include a \$1,000,000 loan from the State of California Housing and Community Development Department Joe Serna Jr. Farmworker Housing Grant Program (JSJFHGP), a \$3,359,952 loan from the United States Department of Agriculture (USDA) Rural Development, a \$5,321,531 loan from the State of California Housing and Community Development Department Multi-Family Housing Program, an \$840,000 loan from the Affordable Housing Program, Developer Equity of \$1,100,000, and the balance of \$9,781,355 from tax credit proceeds. The total development cost was \$22,402,838. A total of 41 units were designated as HOME-assisted units limited to households whose incomes do not exceed 50% of the area median family income; 9 of the 41 HOME-assisted units are limited to households whose incomes do not exceed 30% of the area median family income. The HOME-assisted units will be restricted for a period of at least 55 years from the issuance of Certificate of Occupancy. Construction was completed in February 2014 and the project was closed out this FY.

3. Pueblo Nuevo Apartments, Coachella: On July 2012, the County committed \$500,000 in HOME funds for the rehabilitation of a 50-unit farmworker multi-family affordable housing complex. The project consists of 10 two-bedroom units, 20 three-bedroom units and 20 four-bedroom units. 1 three-bedroom unit will be set aside as the manager's unit. Project amenities include an 836 square foot community room, laundry facility, basketball court, four outdoor barbeque grills, playground area and a tot lot. The units are equipped with double-pane low-E windows, blinds, air conditioning, heating systems, water heaters, new kitchen cabinets and counter tops, flooring, roofing, light fixtures, plumbing fixtures and solar tubes. The units are also equipped with energy star rated appliances to include refrigerators, stoves and ovens. Existing asphalt and concrete within the complex was replaced as well as all carports. Other funding sources include a \$1,000,000 loan from the California Community Reinvestment Corporation, \$324,058 in a seller take back loan, \$244,000 in general partner equity, \$39,648 in

deferred developer fee, \$325,942 from the U.S. Department of Agriculture and \$2,537,132 from California tax credit proceeds. The total project cost was \$4,970,780. 11 units are designated as HOME assisted units to households whose incomes do not exceed 30% of the Riverside County Area Median Income for a period of at least 55 years. Construction was completed in March, 2014 and the project was closed out this FY.

RDA Low and Moderate Housing Fund – Farm Worker Housing Projects

The following projects have been completed:

4. Mountain View Estates, Oasis: In April 2008, the RDA approved a Grant Agreement for the construction of a 398 space mobile home park. Mountain View Estates is situated on approximately 50 acres located south of 66th Avenue, north of 70th Avenue, west of Polk Street and on the east side of Harrison Street in the unincorporated community of Oasis. The first phase consists of 180 spaces plus one manager's unit and a community center of approximately 2,200 sq. ft., the second phase is to be constructed at a future date, not yet determined. The project utilized \$6,429,149 in RDA Set Aside Funds, a grant from the United States Department of Agriculture Rural Business Enterprise Grant in the amount of \$675,000 and United States Department of Agriculture Water and Waste Disposal Loan and Grant funds in the amount of \$6,600,000. A minimum of 90 mobile home park spaces in the development are set aside for very low-income households for a period of at least fifty-five years. The first phase of this mobile home park was completed in December 2012 and the project was closed out June 30, 2014.

The following projects are currently underway:

5. Middleton Crossings, Thermal: The Housing Authority of the County of Riverside, in its capacity as housing successor agency to the Redevelopment Agency for the County of Riverside (RDA) will be managing this project until it is completed. The RDA acquired the property located in the unincorporated area of the Eastern Coachella Valley in an effort provide much needed affordable housing to the community of Thermal and outlying areas. The 23.87 acre property was purchased in December 2006 for \$4,393,000. In addition, the acquisition of this property allowed for the demolition of ten substandard and dilapidated housing structures located at the property. Acquisition and relocation of the residents were the first steps toward overall improvements that will benefit the entire community. A request for qualifications is underway for the selection of a qualified developer to develop this property. The developer selected will be responsible for entitling the proposed development and obtaining sufficient financing to develop the project.

6. Hernandez Mobile Home Park, Thermal: The RDA acquired the property located in the unincorporated area of the Eastern Coachella Valley in an effort to rehabilitate the property and provide much needed affordable housing to the community of Thermal and outlying areas. This property is approximately 1.95 acres. Upon the dissolution of the RDA the property was

transferred to the Housing Authority of the County of Riverside (HACR), which it now manages. The HACR is currently rehabilitating the property, and all the work is expected to be completed by December 2014. It is not necessary to relocate the families while the park is being rehabilitated; all the tenants are currently living at the park while work is being performed.

Priority #4: Expand the Affordable Rental Housing Stock for Low Income and Special Needs Households

Program	2009-2014 Objectives/ FY 2013/14 Objectives	FY 2013/2014 Accomplishments
HOME Program – Affordable Multi-family and Special Needs Rental Housing	5-Year: 200 FY 13/14: 40	<p>During the FY 2013-2014:</p> <ol style="list-style-type: none"> 1. Construction is completed for an 85-unit farm worker housing complex in the City of Indio (<i>Vista Hermosa Apartments (aka. Fred Young Farmworker Apartments)</i>). 41 units are restricted to households whose incomes do not exceed 50% of the area median income. 9 of the 41 HOME units are restricted to households whose incomes do not exceed 30% of the area median income. 2. Construction is completed for the rehabilitation of three-fourplex properties in the unincorporated community of Valle Vista (<i>Orange Blossom Apartments</i>). 11 HOME units are set aside for low income households whose incomes do not exceed 80% of the area median income. Construction was completed in March 2014, and project will be closed out in FY 14/15. 3. Construction is completed for a 50-unit farmworker multi-family affordable housing complex in the City of Coachella (<i>Pueblo Nuevo Apartments</i>). 11 HOME units are set aside for extremely low-income households. 4. Construction is completed for a 51-unit multi-family housing complex in the City of Riverside (<i>Cedar Glen</i>). 11 HOME units are set-aside for households whose incomes do not exceed 50% of the area median income. Construction was completed in April 2014, and project will be closed out in FY 14/15. 5. Construction is underway for a 75-unit multi-family housing complex in the City of Perris (<i>Perris Family Apartments</i>). 11 HOME units will be set aside for extremely low-income households 6. Development of an 84 space (plus 1 managers unit) mobile home park located in the unincorporated community of Mecca (<i>Los Vinedos Mobile Home Park</i>). The project is a 2 phase project and the first phase consists of 41 units. 7. Construction is underway for 11 single family homes in the unincorporated community of North Shore (<i>North Shore Groups 5 & 6</i>) through the Coachella Valley Housing Coalition's mutual self-help construction program. All 11 HOME units will be set aside for low-income household.

		8. Construction is underway for 11 single family homes in the City of Desert Hot Springs (<i>Sunset Springs</i>) through the Coachella Valley Housing Coalitions' mutual self-help construction program. All 11 HOME units will be set aside as for very low income households.
HOME Security Deposit Assistance		A total of \$31,494 was expended this FY. A total of 720 households have been assisted since the program's inception. The average per unit assistance this FY was \$375.
Tenant Based Rental Assistance (TBRA)		The goal of the program is to provide permanent housing and supportive services to homeless residents living in encampments.
Redevelopment Agency for the County of Riverside (RDA) Low and Moderate Income Housing Set-Aside Fund – Affordable Multi-family and Special Needs Rental Housing	5-Year: 200 FY 13/14: 40	<ol style="list-style-type: none"> 1. Completed construction and mobile home purchases for 180 mobile home park spaces in a two phase mobile home park (<i>Mountain View Estates</i>) in the community of Oasis. 90 mobile home park spaces will be set aside for very low-income households for a period of 55 years. 2. Construction is underway for an 89-unit affordable housing project in the unincorporated community of Highgrove (<i>Highgrove Family Apartments</i>). 3. Entitlements completed for an affordable housing project in the unincorporated community of Rubidoux (<i>Vista Rio Apartments</i>). Currently the developer is in the process of permitting the project. The developer will be applying for tax credit funding and other viable leveraging funding sources in the upcoming year. It is anticipated that construction will commence no later than 2017.

HOME Program – Affordable Multi-family and Special Needs Rental Housing

The following projects have been completed:

1. Vista Hermosa Apartments, Indio (aka. Fred Young Farmworker Apartments): On June 2011, the County provided \$1,000,000 in HOME funds to a non-profit affordable housing developer for the Phase I development of an 85 rental unit (including 1 on-site manager unit) farm worker housing complex for families in the City of Indio. The Phase I portion of the development is approximately 7.52 acres of vacant land adjacent to the existing Fred Young Farm Labor Center (apartments), which currently houses farm worker tenants. The current tenants of the Fred Young Farm Labor Center were relocated to the new development. The project consists of 12 one-bedroom units, 33 two-bedroom units, 28 three-bedroom units, and 11 four-bedroom units. The project also consists of various amenities that include a community room, pool, laundry facilities, picnic areas, basketball courts, and community/vegetable gardens. Other funding sources include a \$1,000,000 loan from the State of California Housing and Community Development Department Joe Serna Jr. Farmworker Housing Grant Program (JSJFHGP), a \$3,359,952 loan from the United States Department of Agriculture (USDA) Rural Development, a \$5,321,531 loan from the State of California Housing and Community Development Department Multi-Family Housing Program, an \$840,000 loan from the Affordable

Housing Program, Developer Equity of \$1,100,000, and the balance of \$9,781,355 from tax credit proceeds. The total development cost was \$22,402,838. A total of 41 units were designated as HOME-assisted units limited to households whose incomes do not exceed 50% of the area median family income; 9 of the 41 HOME-assisted units are limited to households whose incomes do not exceed 30% of the area median family income. The HOME-assisted units will be restricted for a period of at least 55 years from the issuance of Certificate of Occupancy. Construction was completed in February 2014 and the project was closed out this FY.

2. Pueblo Nuevo Apartments, Coachella: In July 2012, the County committed \$500,000 in HOME funds for the rehabilitation of a 50-unit farmworker multi-family affordable housing complex. The project consists of 10 two-bedroom units, 20 three-bedroom units and 20 four-bedroom units. 1 three-bedroom unit will be set aside as the manager's unit. Project amenities include an 836 square foot community room, laundry facility, basketball court, four outdoor barbeque grills, playground area and a tot lot. The units are equipped with double-pane low-E windows, blinds, air conditioning, heating systems, water heaters, new kitchen cabinets and counter tops, flooring, roofing, light fixtures, plumbing fixtures and solar tubes. The units are also equipped with energy star rated appliances to include refrigerators, stoves and ovens. Existing asphalt and concrete within the complex was replaced as well as all carports. Other funding sources include a \$1,000,000 loan from the California Community Reinvestment Corporation, \$324,058 in a seller take back loan, \$244,000 in general partner equity, \$39,648 in deferred developer fee, \$325,942 from the U.S. Department of Agriculture and \$2,537,132 from California tax credit proceeds. The total project cost was \$4,970,780. 11 units are designated as HOME assisted units to households whose incomes do not exceed 30% of the Riverside County Area Median Income for a period of at least 55 years. Construction was completed in March, 2014 and the project was closed out this FY.

The following activities are currently underway:

3. Orange Blossom Apartments, Valle Vista: In March, 2013 the County committed \$1,320,000 in HOME funds for the acquisition and rehabilitation of three-fourplex properties, located in the unincorporated community of Valle Vista. The project will consist of 12 two-bedroom units for rent to qualified low-income families. Other funding sources include a conventional loan in the amount of \$542,500. The total project cost is estimated to be \$1,862,500. A total of 11 units will be designated as HOME-assisted units limited to households whose incomes do not exceed 80% of the area median income for the County of Riverside for a period of at least 55 years. Construction was completed and the project is anticipated to be closed out in September 2014.

4. Orange Blossom II Apartments, Valle Vista: In June, 2013 the County committed \$474,000 in HOME funds for a second phase project to acquire and rehabilitate one additional property consisting of 3 units located at 41945 Orange Blossom Lane. All units will be designated as HOME-assisted units pursuant to HOME regulations limited to households whose incomes do

not exceed 80% of the area median income for the County of Riverside with respect to household size. The HOME-assisted units will be restricted for a period of at least 55 years from the recorded Notice of Completion. The total development cost for the project is estimated at \$594,000 which includes a \$120,000 conventional loan to be secured as lien against the property. The property is in escrow and pursuant to the HOME agreement, the acquisition must be completed by September 30, 2014.

5. Perris Family Apartments, Perris: In June, 2013 the County committed \$1,000,000 in HOME funds for the construction of a 75 unit multi-family affordable housing complex. The project consists of 21 one-bedroom units, 30 two-bedroom units and 24 three-bedroom units. One of the three bedroom units will be set aside for an on-site residential manager. Project amenities include open space, tot lots/play areas, basketball courts, laundry facilities, and a 2,800 square foot community center equipped with a full kitchen, computer learning center, lap top computers, educational software and internet access. Project services include parenting classes, tutoring, nutrition programs, English as a Second Language, GED preparation and after school programs. Other funding sources include a \$2,497,992 loan from Mental Health Services Act through California Housing Financing Agency, a \$905,300 conventional loan, a \$740,000 loan from the Affordable Housing Program, a \$200,000 deferred developers fee and \$16,009,700 from the California Tax Credit Allocation Committee. The total project cost is estimated to be \$21,352,992. 11 units will be designated as HOME assisted units to households whose incomes do not exceed 30% of the Riverside County Area Median Income for a period of at least 55 years. Construction commenced in December, 2013 and is anticipated to be completed in May, 2015.

6. Cedar Glen Apartments, Riverside: In July 2012, the County committed \$550, 000 in HOME funds for the construction of a 51-unit multi-family housing complex. The project consists of 14 one-bedroom units, 14 two-bedroom units, 17 three-bedroom units and 6 four-bedroom units. Project amenities will include a 3,000 square foot community building, pool/splash pad, picnic areas, tot-lots, low impact cardio walking circuit, assigned carports, surveillance cameras with web access and laundry facilities. Other funding sources include a \$2,497,992 loan from Mental Health Services Act through California Housing Financing Agency, Deferred Developer Fee of \$2,000 and \$16,968,585 from the California Tax Credit Allocation Committee. The project cost is estimated to be \$20,468,577. 11 units will be designated at HOME assisted units to households whose incomes do not exceed 50% of the Riverside County Area Median Income for a period of at least 55 years. Construction commenced in June 2013 and was completed in April 2014; project will be closed out FY 14/15.

7. Los Vinedos, Mecca: In June 17, 2014, the County committed \$1,000,000 in HOME funds for the construction of a 41-unit farmworker mobile home park. The project consists of 41 three and four bedroom units. One unit will be set aside as a manager's unit. Project amenities include a 1,500 square foot community center, computer lab and open space. Project services will include tutoring, nutrition programs, English as a Second Language and after-school programs. Other funding sources include a \$2,300,000 loan from the United States Department

of Agriculture Farm Labor Housing Program Section 514, a \$700,000 grant from the United States Department of Agriculture Farm Labor Housing Program Section 516, a \$900,000 grant from the United States Department of Agriculture Rural Utilities Grant, a \$1,000,000 loan from the Rural Community Assistance Corporation Agriculture Worker Health and Housing Program (RCAC), a \$990,000 loan from the Rural Community Assistance Corporation Ford Foundation Loan; a \$391,000 grant from the Rural Community Assistance Corporation, a \$410,000 deferred loan from the Federal Home Loan Affordable Housing Program. The total project cost is estimated to be \$7,691,100. 11 units will be designated as HOME assisted units for households whose incomes do not exceed 30% of the Area Median Income for a period of at least 55 years. The first phase of this mobile home park is anticipated to commence in January 2015 and be completed by November 2015.

8. North Shore Groups 5 & 6, Community of North Shore: In June 2011, the County committed \$600,000 in HOME funds to The Coachella Valley Housing Coalition (CVHC), a certified Community Housing Development Organization, for the development and new construction of 11 single family homes. The homes will be built through The Coachella Valley Housing Coalition's mutual self-help construction program which enables qualified low income families to become first time homebuyers by earning "sweat equity" towards the down payment of their home. The project will consist of 11 four-bedroom and two-bathroom single story homes. Other funding sources include a \$784,000 loan from the U.S. Department of Agriculture Section 502 Program, an \$82,000 grant from the Affordable Housing Program, a \$74,000 loan from the Joe Serna, Jr. Farmworker Housing Grant Program, and \$5,500 in buyer sweat-equity. The total development costs are estimated to be \$1,545,500. All 11 homes will be designated as HOME units for households whose incomes do not exceed 50% of the Area Median Income for a period of at least 15 years. Construction has been completed on 6 of the 11 homes, and those families have moved in. Construction will begin on the 5 remaining homes once families are identified and approved.

9. Sunset Springs Self-Help, Desert Hot Springs: In June 2011 the County committed \$152,000 in HOME funds to The Coachella Valley Housing Coalition (CVHC), a certified Community Housing Development Organization, for the development, construction and mortgage assistance for 11 single family homes. The homes will be built through the Coachella Valley Housing Coalition's mutual self-help construction program which enables qualified very low and low income families to become first time homeowners by earning "sweat-equity" towards the down payment of their home. The project will consist of 9 four-bedroom and 2 three-bedroom single-story homes. Other funding sources include a \$1,097,400 loan from the U.S. Department of Agriculture (USDA) Section 502 Program, a \$203,500 grant from the Affordable Housing Program, a subsidy of \$249,600 from CVHC, and \$18,500 in buyer sweat equity. All 11 homes will be designated as HOME units for households whose incomes do not exceed 80% of the Area Median Income for a period of at least 15 years. Construction is underway on 9 of the 11 homes. Construction will begin on the 2 remaining homes once families are identified and approved.

10. Security Deposit Assistance (SDA), Countywide Program: The County and the Housing Authority of the County of Riverside (HACR) have existing agreements for the HACR to manage the Security Deposit Assistance Program. The goal of the program is to remove the initial barrier that families encounter as they attempt to find a suitable, decent housing unit to rent. The program is designed to provide a one-time grant to pay for the security deposit for very low-income families earning 50% of the median income. The maximum grant per family is limited to the lesser of 50% of the actual total security deposit or half of the Section 8 contract rent. The applicants are limited to eligible participants who have recently been selected from the waiting list, have a Section 8 Voucher, and are in the process of finding a unit to rent. Existing Section 8 Voucher holders are also eligible if the owner of the unit has selected to sell the property, the property is under foreclosure, or there is an unforeseen emergency condition that is through no fault of the family. A total of \$31,494 was expended this FY. A total of 720 households have been assisted since the program's inception. The average per unit assistance this FY was \$375.

11. Tenant Based Rental Assistance (TBRA) Program: On June 17, 2014, the County awarded the Housing Authority of the County of Riverside \$445,995, in HOME funds to provide permanent housing to homeless households living in the County. The goal of the program is to provide permanent housing and supportive services to homeless residents living in encampments. The objectives of the TBRA Program are to: rapidly re-house homeless encampment residents; provide one year of rental assistance; provide targeted supportive services to support recovery and self-sufficiency; promote housing stability; and reduce the number of homeless encampments in Riverside County and the re-population of abated encampments. It is anticipated that the TBRA Program will benefit approximately 45 households at an average cost of \$9,911 per household. The Housing Authority will provide in-kind leveraging in the form of staff support, program supplies, and transportation costs. Other funding sources in the approximate amount of \$75,000 may include grant funding from the Substance Abuse and Mental Health Services Administration (SAMHSA), United Way, Southern California Edison, Emergency Shelter Grants, and Emergency Food and Shelter Funds. In the event HACR is successful in obtaining the aforementioned grants, the average benefit to each of the targeted 45 households will increase by \$1,667 to \$11,578. The total estimated project cost is \$520,995. The Housing Authority's goal is to identify additional Local, State or Federal grant funding to be able to expand the TBRA Program.

RDA Low and Moderate Income Housing Fund – Multi-family and Special Needs Rental Housing

On June 29, 2011 Governor Brown signed into law Assembly Bill ABx1 26, proposing the elimination of all RDAs in the state of California. The California Supreme Court upheld the legality of ABx1 26, thereby eliminating Redevelopment Agencies throughout the state of California, including the RDA for the County of Riverside. Subsequently, RDA Low and Moderate Housing Funds were effectively eliminated, only to wind down existing enforceable obligations and discontinued.

The following projects were completed during the reporting period:

1. Mountain View Estates, Oasis: In April 2008, the RDA approved a Grant Agreement for the construction of a 398 space mobile home park. Mountain View Estates is situated on approximately 50 acres located south of 66th Avenue, north of 70th Avenue, west of Polk Street and on the east side of Harrison Street in the unincorporated community of Oasis. The first phase consists of 180 spaces plus one manager's unit and a community center of approximately 2,200 sq. ft., the second phase is to be constructed at a future date, not yet determined. The project utilized \$6,429,149 in RDA Set Aside Funds, a grant from the United States Department of Agriculture Rural Business Enterprise Grant in the amount of \$675,000 and United States Department of Agriculture Water and Waste Disposal Loan and Grant funds in the amount of \$6,600,000. A minimum of 90 mobile home park spaces in the development are set aside for very low-income households for a period of at least fifty-five years. The first phase of this mobile home park was completed in December 2012 and the project was closed out June 30, 2014.

The following projects are currently underway:

2. Highgrove Family Apartments, Highgrove: The RDA purchased a 7.43 acre parcel located in the unincorporated community of Highgrove for the purpose of carrying out its obligation to help eliminate blight and providing safe and decent affordable housing to its residents. A public library has since been built on a section of the parcel (.72 acres) and the housing project is being proposed on the balance of the parcel (6.71 acres). The section of the parcel on which the housing project is to be built was purchased for \$1,006,952. On July 26, 2011, the RDA committed \$7,475,000 in RDA funds for the construction of an 89-unit multi-family housing complex. The project consists of 61 two-bedroom units, and 28 three-bedroom units. Project amenities will include a 2,411 square foot community building, picnic areas, tot-lots, assigned carports, and laundry facilities. Other funding sources include a \$350,000 AHP loan, a \$2,675,457 conventional loan, and \$9,197,628 from the California Tax Credit Allocation Committee. The project cost is estimated to be \$19,698,086. 44 units will be designated as RDA assisted units to households whose incomes do not exceed 50% of the Riverside County Area Median Income for a period of at least 55 years. Construction is anticipated to be completed by November 2014.

3. Vista Rio Apartments, Jurupa Valley: The RDA purchased and assembled parcels to create an approximate 15-acre site for a multi-phase affordable housing project located in the City of Jurupa Valley for the purpose of carrying out its obligation to help eliminate blight and providing safe and decent affordable housing to its residents. In June 2011, the RDA approved an Exclusive Negotiating Agreement/Pre-development Loan in the amount of \$618,000 for entitlement expenses. The entitlements for the phase 1 portion (approximate 3.57 acres) of the project have been approved. Due to the demise of redevelopment the property was transferred to the Housing Authority of the County of Riverside as the successor agency to the former

redevelopment agency. The Housing Authority has entered into a ground lease for the purposes of development of the property. Currently the developer is in the process of permitting the project. The developer will be applying for tax credit funding and other viable leveraging funding sources in the upcoming year. It is anticipated that construction will commence no later than 2017.

Priority #5: Sheltering the Homeless

Program	2009-2014 Objectives/ FY 2013-2014 Objectives	FY 2013-2014 Accomplishments
Redevelopment Agency for the County of Riverside (RDA) Low and Moderate Income Housing Fund – Housing for the Homeless	The Redevelopment Agency for the County of Riverside will continue to address the need for housing the homeless.	There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.
HOME Special Needs New Construction – Permanent or Transitional Supportive Housing for Homeless (not emergency shelters)	5-Year (2009-2014): 50 FY 13/14: 10	There are no projects to report for this reporting period. Although HOME regulations prohibit the use of funds for shelters, the County seeks to construct transitional to permanent housing for homeless.
RDA Special Needs New Construction – Permanent or Transitional Supportive Housing for Homeless (not emergency shelters)	5-Year (2009-2014): 40 FY 13/14: 0	There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.
Tenant Based Rental Assistance (TBRA)		The goal of the program is to provide permanent housing and supportive services to homeless residents living in encampments.

45 households will increase by \$1,667 to \$11,578. The total estimated project cost is \$520,995. The Housing Authority's goal is to identify additional Local, State or Federal grant funding to be able to expand the TBRA Program.

Priority #6: Stabilize declining neighborhood conditions due to foreclosures.

Program Activity	2009-2014 Objectives/ FY 2013/14 Objectives	FY 2013/14 Accomplishments
NSP-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year (2009-2014): 150 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 23 foreclosed homes were acquired, rehabilitated and sold. 15 homes were sold to VLI households and 8 were sold to LMMI households. • Approximately \$5,112,050 in NSP1 funds was expended for acquisition, rehabilitation and resale. • A total of \$1,361,703 was provided for purchase price assistance under this activity (NSP1H).
NSP3-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year (2009-2014): 150 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • A total of 7 foreclosed homes were acquired, rehabilitated and sold. 3 homes were sold to VLI households and 4 were sold to LMMI households. • Approximately \$1,880,895 in NSP3 funds was expended for acquisition, rehabilitation and resale. • A total of \$437,640 was provided for purchase price assistance under this activity (NSP3H)
RDA-1 Acquisition/Rehab/Resale of foreclosed and bank-owned Single-Family properties	5-Year: 15 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.
NSP-2 Acquisition/Rehab/Rental of foreclosed and bank-owned Single-Family properties	5-Year (2009-2014): 10 FY 13/14: 0	During the FY2013-2014: <ul style="list-style-type: none"> • No activity to report for this program for this FY.
NSP-3 Neighborhood Stabilization Homeownership Program (NSHP, formerly Enhanced FTHB)	5-Year: 190 households FY 13/14: 0 households	During the FY 2013-2014: <ul style="list-style-type: none"> • Due to the difficulty of locating foreclosed properties and recent market conditions, the County is not capitalizing this program further.
NSP-4 Acquisition/Rehab/Resale of foreclosed and bank-owned Multi-Family properties	5-Year (2009-2014): 120 FY 13/14: 0	During the FY 2013-2014: <ul style="list-style-type: none"> • No activity to report for this program for this FY.

The following activities were completed during the reporting period:

Neighborhood Stabilization Program (NSP): On July 28, 2008, the United States Congress passed the Housing and Economic Recovery Act of 2008 (HERA) which included the Neighborhood Stabilization Program (NSP) to address the subprime mortgage crisis by

stabilizing neighborhoods in areas of greatest need and stemming the decline of house values of neighboring homes. This first round of NSP (NSP1) provided \$3.92 billion on a formula basis to 307 state and local governments. On February 25, 2009, the County of Riverside was allocated \$48,567,786. In addition, Congress also passed the Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) on July 15, 2010 which included appropriations for a third round of NSP (NSP3) to continue activities to stabilize neighborhoods damaged by the economic effects of foreclosed properties. On February 28, 2011, the County of Riverside was allocated an additional \$14,272,400 in NSP3 funds.

In partnership with public agencies, non-profit and for-profit affordable housing developers, the County of Riverside successfully obligated and expended NSP funds to acquire and rehabilitate foreclosed properties for sale to qualified first-time homebuyers. Subsequent to the sale of each rehabilitated home, proceeds from the sale minus transaction costs, fees, and purchase price assistance for the first-time homebuyer were returned to the County as program income to further NSP activities.

As of June 30, 2014, since commencement of the County's NSP1 program, a total of 249 foreclosed single-family homes were acquired. Of that, 244 homes underwent rehabilitation and were sold to very low-income (VLI) households and low-, moderate- and middle-income (LMMI) households. As of June 30, 2014, the NSP1 budget was \$86,615,154 which included the original grant of \$48,567,786 plus \$38,047,368 in program income. During this reporting period, approximately \$5,112,050 in NSP1 funds was expended for acquisition, rehabilitation and resale of 23 foreclosed homes to VLI and LMMI households (15 VLI and 8 LMMI). A total of \$1,361,703 in purchase price assistance was provided to qualified first-time homebuyers from the proceeds of the sale of each home.

Under NSP3, the total budget was \$23,811,571 which included the original grant of \$14,272,400 plus \$9,539,171 in program income. During this reporting period, approximately \$1,880,895 in NSP3 funds was expended for acquisition, rehabilitation and resale of 7 foreclosed homes to VLI and LMMI households (3 VLI and 4 LMMI). A total of \$437,640 in purchase price assistance was provided to qualified first-time homebuyers from the proceeds of the sale of each home.

For FY 2013-2014, there was no activity to report for the following NSP activities:

- (NSP1-2 or NSP3-2) Acquisition, rehabilitation, and rental (of foreclosed single-family properties) to very low-income persons;
- (NSP1-3 or NSP3-3) Neighborhood Stabilization Homeownership Program (NSHP) purchase price assistance (for qualified VLI and LMMI households);

- (NSP1-4 or NSP3-4) Acquisition and rehabilitation of foreclosed, vacant multi-family properties, or new construction of multi-family rental projects; and
- (NSP1-5 or NSP3-5) Acquisition and Reconstruction, Redevelopment of Foreclosed, Blighted, Vacant Properties, or New Construction of Single Family, and Multi-Family Housing Projects.

The County has drawn down a total of \$78,486,586. The discount rate for the acquisition of properties was an average of 7.0%. Other funding sources leveraged with Riverside County NSP include an initial grant of \$448,897 in State NSP funds. The County also received \$746,283 in State NSP program income from the cities of Coachella Valley, Palm Desert and Palm Springs. During FY 2013-2014, the County utilized State NSP funds and assisted 4 households (2 VLI households and 2 LMMI households).

RDA-1 Acquisition, Rehabilitation and Resale of Foreclosed Single-Family Homes, Incorporated and Unincorporated Areas of the County: The former RDA committed \$4,500,000 with a developer for the acquisition, rehabilitation and resale of vacant, foreclosed and bank-owned single-family homes to qualified low- and moderate-income first-time homebuyers within the former Jurupa Valley Redevelopment Project Area or within unincorporated areas of the County of Riverside. A total of 32 homes were acquired and rehabilitated. There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.

RDA Single-Family Acquisition, Rehabilitation or New Construction, Jurupa Valley:

In May of 2011, the former RDA identified a need in the county to stabilize neighborhoods affected by properties that have been foreclosed upon, abandoned or subjected to blighted conditions. The former RDA entered into a Memorandum of Understanding (MOU) with a non-profit affordable housing developer to provide a total grant of \$1,500,000 to acquire and rehabilitate foreclosed, abandoned or blighted single-family homes, or construct new homes on vacant residential lots within the former RDA Jurupa Valley Project Area. All homes will be sold to very low-income, first-time homebuyer households earning less than 50% of the county area median income with the commitment to occupy the homes as their principal residence for a minimum period of 45 years. To date, five single-family properties were acquired, of which four were rehabilitated and one was newly constructed. There are no projects to report for this reporting period. No new funding as of February 1, 2012, due to the dissolution of redevelopment.

Worst Case Housing Needs

Households with "worst case needs" or "acute housing needs" are defined by HUD as: unassisted renters with very low-incomes, below fifty-percent (50%) of the area median income (AMI), and either 1) paying more than half of their income for housing; 2) living in severely substandard

housing; or 3) involuntarily displaced.

According to research from the California Department of Finance, the County of Riverside grew from an estimated population of 2,255,653 in January of 2013 to an estimated population of 2,279,967 in January of 2014, an increase of 1.1 percent.

The State of the Cities Data Systems (SOCDS) Building Permit Database shows a steady increase in the production of housing units, based on building permits, from 4,072 in 2009 to 5,924 in 2013. Output of units in single-family structures increased slightly from 3,406 in 2009 to 4,432 in 2013. Output of units in all multi-family structures increased slightly from 666 in 2009 to 1,492 in 2013.

On October 4, 2012, the Southern California Association of Governments (SCAG) Regional Council approved a Regional Housing Needs Assessment (RHNA) Allocation Plan projecting housing needs by income level with a planning period from January 1, 2006 to June 30, 2014. The RHNA analyzed the existing unmet housing needs of the County as of 2007. The assessment projected the number of new housing units required to meet the need of each representative income category within 2006 to 2014. The following table presents the RHNA projections:

Estimated Housing Need in Riverside County (2006-2014)

County of Riverside	Very Low-Income Households (0-50% AMI)	Low-Income Households (51-80% AMI)	Moderate-Income Households (81-120% AMI)	Above Moderate-Income Households (>120% AMI)	Total
Percentage Allocated	23.8%	16.1%	18.2%	41.9%	100%
Number of households	21,599	14,622	16,551	38,110	90,882

Two sub-regional councils of governments including the Western Riverside Council of Governments (WRCOG) and Coachella Valley Association of Governments (CVAG) represent Riverside County. Through delegation agreements with SCAG, both of these sub-regions assumed responsibility for administering the RHNA distribution among the individual jurisdictions within their respective sub-regions, as shown below:

Estimated Housing Need in WRCOG and CVAG sub-regions (2006-2014)

WRCOG Region	Very Low-Income Households (0-50% AMI)	Low-Income Households (51-80% AMI)	Moderate-Income Households (81-120% AMI)	Above Moderate-Income Households (>120% AMI)	Total
Percentage Allocated	23.9%	16.1%	18.2%	41.7%	100%
Number of households	17,837	12,043	13,588	31,116	74,584

CVAG Region	Very Low-Income Households (0-50% AMI)	Low-Income Households (51-80% AMI)	Moderate-Income Households (81-120% AMI)	Above Moderate-Income Households (>120% AMI)	Total
Percentage Allocated	23.5%	16.0%	18.2%	42.3%	100%
Number of households	10,935	7,450	8,497	19,719	46,601

In a special tabulation of homeowner and renter data utilizing HUD and Census 2000 data, CHAS data provides the following housing problems statistics related to cost burden, elderly, substandard housing and overcrowding:

Cost burden is the percentage of a household's total gross income spent on housing costs. For renters, housing costs include rent paid by the tenant plus utilities. For owners, housing costs include mortgage payment, taxes, insurance, and utilities.

Housing Problems relate to cost burden greater than 30% of income and/or overcrowding and/or without complete kitchen or plumbing facilities.

Elderly households are 1 or 2 person households where either person is 62 years or older.

Renter Households in Riverside County

Renter Households	Household Income <=30% MFI	Housing Problems	% Cost Burden >30% MFI	% Cost Burden >50% MFI
Elderly (1 & 2 members)	9,620	75.3	75.0	57.0

All Other	33,305	42.5	42.4	13.5
Total Owners	316,055	37.0	34.3	8.4

Renter Households: Approximately 83.0% or 43,320 renter households of extremely low-income were cost burden, spending more than 30% of the household's total gross income towards rent and utilities.

Owner Households: Approximately 75.7% or 33,190 owner households of extremely low-income were cost burden, spending more than 30% of the household's total gross income towards a mortgage payment, taxes, insurance, and utilities.

Elderly Households: Approximately 75.0% or 9,620 elderly renter households were cost burden with greater than 30% of income towards rent and utilities and/or overcrowding and/or without complete kitchen or plumbing facilities.

Approximately 74.4% or 14,670 elderly owner households were cost burden with greater than 30% of income towards rent and utilities and/or overcrowding and/or without complete kitchen or plumbing facilities.

Substandard Housing Conditions: exist to an extent that it endangers the life, health, property, safety or welfare of the public or the occupants of the housing: inadequate sanitation, structural hazards, nuisances, faulty weather protection, fire hazards, inadequate maintenance, overcrowding, or hazardous wiring, plumbing or mechanical equipment. The California Statewide Housing Plan estimates 10% of the housing stock is in need of rehabilitation or replacement. Substandard housing units were either not constructed properly, were constructed to a building code that is now outdated, or have been allowed to deteriorate as the unit aged. Although the Census 20100 data did not tabulate the total number of substandard units, data

was available for certain conditions related to substandard conditions or need for rehabilitation. Approximately 85,775 dwelling units were built prior to 1960; 6,161 units lacked complete kitchens and 3,035 units lacked complete plumbing.

Large Families: A total of 23,095 renter households with 5 or more members, at or below 80 percent MFI, were considered large families. Approximately 94.0% or 7,170 renter households were large families and cost burden with greater than 30% of income towards rent and utilities and/or overcrowding and/or without complete kitchen or plumbing facilities.

A total of 27,245 owner households with 5 or more members, at or below 80% MFI, were considered large families. Approximately 83.5% or 4,370 owner households were large families and cost burden with greater than 30% of income towards rent and utilities and/or overcrowding and/or without complete kitchen or plumbing facilities.

Section 8 and Public Housing Programs: As of June 30, 2014 there were 14,195 registered on the Section 8 waiting list. As of June 30, 2014 there were 34,972 registered on the public housing waiting list.

HIV/AIDS: Riverside County is disproportionately impacted by the HIV/AIDS epidemic. Riverside County has the 6th most cases of people infected with the Aids virus in the State of CA. Per data provided by the California Office on AIDS, there were 3,356 Persons Living with HIV/AIDS (PLWHA) in Riverside County as of June 30, 2014. The City of Riverside allocates approximately 60% of the HOPWA formula grant directly to the Housing Authority of the County of Riverside to address the housing needs of low-income PLWHA within Riverside County. The average household income of a PLWHA in Riverside County is \$1,078 per month which means the majority of these households will qualify for HOPWA services if needed.

Housing Needs of Persons with Disabilities

According to SOCDS CHAS, households with Mobility or Self Care Limitations are defined as one or more persons that have 1) a long-lasting condition that substantially limits one or more basic physical activity, such as walking, climbing stairs, reaching, lifting, or carrying and/or 2) a physical, mental, or emotional condition lasting more than 6 months that creates difficulty with dressing, bathing, or getting around inside the home.

Based on SOCDS CHAS data for Riverside County, the following information for households with Mobility or Self-Care Limitations was provided:

- Renter Household Incomes 50% or below AMI with Mobility or Self Care Limitations:
A total of 16,170 households were very low-income Renters in Riverside County. Approximately 83.7% or 13,536 Renter households spent more than 50% of their gross income on housing costs.
 - 3,155 households were very low-income Elderly Renters (1 & 2 members) 75 years or

older. Approximately 79.1% or 2,495 Elderly Renter households spent more than 50% of their gross income on housing costs.

2,850 households were very low-income Elderly Renters 62 to 74 years. Approximately 73.2% or 2,085 Elderly Renter households spent more than 50% of their gross income on housing costs.

- The remaining 10,165 Renter households were categorized as All Other Households with incomes 50% or below AMI with Mobility or Self Care Limitations. Approximately 88.0% or 8,949 Owner households spent more than 50% of their gross income on housing costs.
- Owner Household Incomes 50% or below AMI with Mobility or Self Care Limitations:
A total of 15,890 households were very low-income Owners in Riverside County. Approximately 67.1% or 10,667 Owner households spent more than 50% of their gross income on housing costs.
 - 5,535 households were very low-income Elderly Renters (1 & 2 members) 75 years or older. Approximately 55.1% or 3,048 Elderly Renter households spent more than 50% of their gross income on housing costs.
 - 3,850 households were very low-income Elderly Renters (1 & 2 members) 62 to 74 years. Approximately 66.2% or 2,549 Elderly Renter households spent more than 50% of their gross income on housing costs.
 - The remaining 6,505 Owner households were categorized as All Other Households with incomes 50% or below AMI with Mobility or Self Care Limitations. Approximately 77.8% or 5,064 Owner households spent more than 50% of their gross income on housing costs.

Out of a total of 32,060 very low-income Renter and Owner households, 75.4% or 24,185 Riverside County households with Mobility or Self Care Limitations spent more than 50% of their gross income on housing costs.

For FY 2013-2014, a total of 6 housing projects addressed the needs of persons with disabilities. Below is a table showing households addressed per housing program.

Program	Households with Disabilities
Enhanced Home Repair (EHR)	0
Home Rehabilitation Program (HRP)	0
Manufactured Home Replacement Program (MHRP)	1
First Time Home Buyer (FTHB) Program	0
Neighborhood Stabilization Homeownership Program (NSHP1H)	2
Neighborhood Stabilization Program Homebuyer Assistance (NSP3H)	1
Redevelopment Agency (RDA) and Special Needs Housing, and Emergency Housing Response Program	0

RDA Infill Housing	0
Senior Home Repair Grant (SHRG)	0
Mortgage Credit Certificate	0
Total	4

The HOME Program also addresses special housing needs of persons with disabilities. Under HOME regulations, 24 CFR §92.251, the housing must meet the accessibility requirements at 24 CFR part 8, which implements Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794). Under Section 504 unit requirements, a minimum of five percent (5%) of the total dwelling units or at least one unit in a multi-family housing project, whichever is greater, shall be made accessible for persons with mobility impairments. A unit that is on an accessible route and is adaptable and otherwise in compliance with the standards set forth in §8.32 is accessible. An additional two percent (2%) of the units (but not less than one unit) in such a project shall be accessible for persons with hearing or vision impairments. All HOME projects constructed are required to meet the Section 504 requirements.

Fostering and Maintaining Affordable Housing

To ensure that HOME investments yield affordable housing over the long term, HOME imposes rent and occupancy requirements over the length of an affordability period. For homebuyer and rental projects, the length of the affordability period varies per program and project. The FTHB Program imposes 15-year affordability periods. HOME Self-Help projects require a 20-year affordability period and HOME rental projects enforce a 55-year affordability period. Throughout the affordability period, the HOME-assisted housing must be occupied by income-eligible households. For rental housing, when units become vacant during the affordability period, subsequent tenants must be income-eligible and must be charged the applicable HOME rent. For homebuyer assistance, if a home purchased with HOME assistance is sold during the affordability period, recapture provisions apply to ensure the continued provision of affordability homeownership. In addition to HOME affordability requirements, RDA projects also impose affordability period requirements. Homeownership projects require a 45-year affordability period and rental projects require an affordability period of at least 55-years. RDA-assisted units must also be occupied by income-eligible households.

Geographic Distribution

Program	Geographic Distribution
<ul style="list-style-type: none"> • First Time Home Buyer (FTHB) Program Program • Home Investment Partnerships Act (HOME) Program • Home Rehabilitation Program (HRP) • Senior Home Repair Grant (SHRG) Program • Home Improvement Program (HIP) 	<p>Limited to unincorporated areas of the County of Riverside and fourteen (14) cooperating cities 2013-2014: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar).</p>
<ul style="list-style-type: none"> • Mortgage Credit Certificate (MCC) Program 	<p>The MCC Program may be utilized to purchase a home in the following locations: All Unincorporated Areas of Riverside County and within the City Limits of the following jurisdictions: Banning, Beaumont, Blythe, Calimesa, Canyon Lake, Cathedral City, Coachella, Corona, Eastvale, Hemet, Indio, La Quinta, Lake Elsinore, Moreno Valley, Murrieta, Norco, Palm Springs, Perris, Riverside, San Jacinto, Temecula, and Wildomar. The following cities are not participating in the County's MCC Program and MCC's cannot be issued to purchasers of homes located within the City Limits of these cities: Desert Hot Springs, Indian Wells, Jurupa Valley, Menifee, and Rancho Mirage. Assisted homebuyers purchasing within Target Area census tracts are not required to meet the first time buyer requirement and higher income and sales price limits apply. Target areas are Census Tracts designated by the Federal government to encourage investment. There are seventy three (73) target areas in Riverside County, however only sixty three (63) target areas are inside the participating jurisdiction of the MCC Program.</p>

Affordable Housing Section 215 Goals and Accomplishments

Section 215 Goals are affordable housing units that fulfill the criteria of the National Affordable Housing Act. For rental housing, a Section 215 unit occupied by a low/moderate income household and bears a rent that is less than the Fair Market Rent or 30 percent of the adjusted income of a family whose income does not exceed 65 percent of the area median income. For ownership housing, a Section 215 for-sale unit is one to be purchased by a low/moderate income household and the sale price does not exceed HUD mortgage limit. A Section 215 rehabilitated unit is one occupied by a low/moderate income household and has a value after rehabilitation that does not exceed the HUD mortgage limit.

The County's affordable housing goal, as provided for in the 2009-2014 Five Year Consolidated Plan, is to produce 200 Section 215 Renter units and 75 Section 215 Owner units. For FY 2013/2014, the County produced 332 Section 215 Renter units and 53 Section 215 Owner units. After the fourth year of the 5 Year Consolidated Plan, the County has produced a total of 437 Section 215 Renter units and 523 Section 215 Owner units.

The County's progress in providing affordable housing that meets the Section 215 definition are shown in Appendix D – Priority Housing Needs/Investment Plan Table (Table 2A). The Annual Housing Completion Goals (Table 3B) table provides a breakdown of the goals and actual production.

Five-Year Summary of Housing Production and Assistance

2009-2014 Consolidated Plan priorities for affordable housing:

1. Provide homeownership opportunities for first-time homebuyers for the low- and moderate-income community.
 - The 5-year goal for the FTHB program for homeownership assistance is to assist 50 households. For FY 2013-2014, the County provided down-payment assistance to 6 low-income households and expended a total of \$180,600 in HOME FTHB funds.
 - The 5-year goal for the ADDI program for homeownership assistance is 6. No households were assisted during FY 2013-2014 as HUD did not fund ADDI for the FY.
 - The 5-year goal for RHP is to assist 31 households. No households were assisted during FY 2013-2014 due to the dissolution of RDA.
 - The 5-year goal for the MCC program goal is to assist 100 households. A total of 17 MCC's were issued for a total use of \$635,872 in tax credit.
 - The 5-year goal for HOME program Self-Help projects is to assist 25 households. No Self-help housing projects were completed during the FY although there are two projects currently underway for a total of 22 units.
 - The 5-year goal for RDA Infill Housing Program is to assist 4 households. 7 infill housing projects were closed for FY 2013/2014.

- The 5-year goal for RDA Single-Family New Construction is to assist 20 households. No households were assisted during FY 2013-2014.
2. Improve the conditions of substandard housing and substandard existing rental housing affordable to low-income families.
 - The 5-year goal for the HRP/HRLP program is to assist 240 owner households. A total of 7 owner households were assisted during FY 2013/2014.
 - The 5-year goal for the SHRG program is to also assist 300 owner households. A total of 14 owner households were assisted during FY 2013/2014.
 - The 5-year goal for the EHR program is to assist 4 owner households. There were no households assisted during FY 2013/2014.
 - The 5-year goal for the HIP program is to assist 3 owner households. No new owner households were assisted during FY 2013/2014.
 - The 5-year goal for the RDA Rehabilitation Projects is to assist 15 households. 1 household was assisted during FY 2013/2014.
 3. Address farm worker and migrant farm worker housing needs in western Riverside County and in the Coachella Valley.
 - The 5-year goal for MHTL is to assist 50 households. There were no households assisted during FY 2013/2014.
 - The 5-year goal for FLMHL is to assist 50 households. There were no households assisted during FY 2013/2014.
 - The 5-year goal for HOME funded Farm Worker Housing Projects is to assist 50 households. Two projects were completed this FY, one new construction and one rehabilitation. The new construction project produced 85 new rental units, and the rehabilitation project improved 50 existing rental units.
 - The 5-year goal for RDA funded Farm Worker Housing Projects is to assist 40 households. One project closed this FY, which produced 180 mobile homes.
 4. Expand the affordable rental housing stock for low-income and special needs households.
 - The 5-year goal for HOME funded new construction of affordable multi-family housing and special needs is to assist 200 households. 85 households were completed for FY 2013/2014.
 - The 5-year goal for RDA funded new construction of affordable multi-family housing and special needs are to assist 200 households. 16 households were completed during FY 2013/2014.
 5. Provide shelter to the homeless.
 - There have been no new construction of permanent housing for the homeless during the 5-year period, but the County is actively continuing efforts to assist developers in

meeting this goal and working cooperatively with the Department of Social Services to implement housing programs and technical assistance for shelter development.

6. Stabilize declining neighborhood conditions due to foreclosures.

- The 5-year goal for NSP Acquisition, Rehabilitation, and Resale of foreclosed and banked-owned single-family properties to LMMI first-time homebuyer households is to assist 150 households. A total of 23 households were assisted during FY 2013/2014.
- The 5-year goal for RDA Acquisition, Rehabilitation, and Resale of foreclosed and banked-owned single-family properties to LMMI first-time homebuyer households is to assist 15 households. No households were assisted during FY 2013/2014.
- The 5-year goal for NSP Acquisition, Rehabilitation, and Rental of foreclosed and banked-owned single-family properties to special needs households is to assist 10 households. No households were assisted during FY 2013/2014.
- The 5-year goal for NSHP purchase price assistance with optional rehabilitation and repair assistance for LMMI first-time homebuyer households to purchase bank-owned, foreclosed properties is to assist 190 households. No households were assisted during FY 2013/2014.
- The 5-year goal for NSP Acquisition, Rehabilitation, and Rental of foreclosed and banked-owned multi-family properties is to assist 120 households. No households were assisted during FY 2013/2014.

Community Housing Development Organizations

- A Community Housing Development Organization (CHDO) is a private nonprofit, community-based service organization that has obtained or intends to obtain staff with the capacity to develop affordable housing for the community it serves. As a Participating Jurisdiction (PJ), the County of Riverside must set-aside at least fifteen percent (15%) of HOME allocations for housing development activities in which qualified CHDOs are the owners, developers, and/or sponsors of the housing. CHDOs must meet certain criteria requirements pertaining to their: (1) legal status; (2) organizational structure; and (3) capacity and experience. The County of Riverside has certified the following CHDOs: Coachella Valley Housing Coalition and Riverside Housing Development Corporation. Certification is only good for one (1) year from the date of certification and for each HOME project application CHDOs are recertified. To date, the County has exceeded the 15% CHDO reservation requirement.
- According to the HOME deadline Compliance Status Report for the requirement years: As of the end of FY 2013-2014, the County's percentage CHDO committed is 100%. The County of Riverside has met and exceeds the CHDO requirements

for all previous years.

- The County obligated \$474,000 in CHDO set-aside funds for FY2013-2014. A total of \$2,260,734 was expended for CHDO funded projects during FY 2013-2014.

2. CDBG -Economic Development

Five-Year Consolidated Plan Economic Development Priorities:

A primary objective for the County is commercial rehabilitation assistance and infrastructure improvements in designated commercial corridors as identified by the County as low- and moderate-income areas. The County has implemented an economic development strategic plan that utilizes a combination of public and private sector financing to stimulate economic development through the following:

- The acquisition, construction, reconstruction, rehabilitation or installation of commercial or industrial buildings or real property;
- The provision of assistance (such as loans, grants, and technical assistance) to private, non-profit business;
- Micro-enterprise assistance to facilitate economic development, including financial support (such as grants and loans), technical assistance, and counseling.

Five-Year Economic Development Objectives:

The goal of the County is to provide economic incentives and assistance to attract businesses to strategic locations as a means of addressing poverty and promoting investment in low-income areas using private, local, State, and Federal investment funds. Regrettably, the resources to the County to support economic development have been greatly reduced due to the elimination of redevelopment agencies in California.

The County has identified the following resources that are potentially available over the next five years to implement these fundamental Objectives:

- US Department of Commerce, Economic Development Administration
- Community Development Block Grant (CDBG)
- Coachella Valley State Enterprise Zone
- Industrial Development Bond Funding
- Recycling Market Development Zone
- Desert Communities Federal Empowerment Zone
- Inland Empire Small Business Development Center (SBDC)
- Coachella Valley Small Business Development Center
- Small Business Finance Corp-CDC
- Small Business Administration

- Tech Coast Angels
- Coachella Valley Angel Network
- Tri-Tech Small Business Development Center
- Workforce Investment Act (WIA)
- Foreign Trade Zones
- Southwest California EDC

The County's Economic Development objectives during the 2009-2014 Five-Year Consolidated Plan include the following:

- The Economic Development Division plans to authorize new industrial and commercial Fast Track projects to create full-time jobs, increase wages, and facilitate capital investment in land, buildings, and equipment;
- Partner with the University of California, California State University, private universities, and community colleges to upgrade the skills of employees in the manufacturing sector;
- Support and facilitate the development of a technology transfer facility near the University of California-Riverside and other areas of the County;
- Assistance in finding property and buildings for businesses to locate into;
- Partner with cities, economic development corporations, utilities, and private corporations to promote the county as a location for business investment and job creation;
- Provide job seekers with employment, career counseling, education and training services through the Workforce Development Centers;
- Offer vital business solution services by conducting a business assessment throughout the business community to provide needed incentives and benefits such as access to reliable workers and on-the-job and customized training; and
- Assist youth with academic, workforce preparation, career planning, and character development through the Youth Opportunity Centers.

During the 2013-2014 program year, the Economic Development Division authorized seven (7) new industrial and commercial Fast Track projects that will have the following economic impact:

- 711 Full-Time Permanent Jobs
- 2,985 Construction Jobs
- \$4.3 Billion Capital Investment

Innovation & Technology

The Economic Development Division partnered with the University of California, Riverside and the Port of Los Angeles to apply for and received an Innovation Hub designation from the Governor's Office of Business and Economic Development for the Inland SoCal Link iHub. The designation recognizes the County's unique link with the Port of Los Angeles designed to stimulate economic development in the inland Southern California region with international

businesses. The main focus of the iHub will be to further stimulate growth of the advanced manufacturing and logistics sectors in the international marketplace.

The Inland SoCal Link iHub exhibited at the Inland Empire Manufacturer's Summit in February 2014 debuting the iHub's new look and partners.

Recycling Market Development Zone

The Division partnered with CalRecycle to expand and redesignate Riverside County as a recycling zone which allows manufacturers who use recycled products or reduce waste to take advantage of a low-interest loan program for a variety of uses. The new zone includes 25 of the county's 28 cities (up from eight) and all county unincorporated areas.

Business Seminar Series

Assisting business access the myriad services available to them is a key principle of the division's goals and objectives. Economic Development launched its business seminar series by partnering with the State of California Board of Equalization to deliver topical seminars on Sales and Use Tax compliance.

The first seminar in Murrieta attracted over forty business owners who learned about basic Sales and Use Tax rules and regulations. Upcoming seminars will focus on assisting food and beverage businesses better understand State guidelines.

Strategic Partnerships & Organizational Leadership

Riverside County's involvement has forged critical partnerships with internal and external partners that allow it to be on the forefront of economic development activity at the state and local level. Involvement in these organizations yields tremendous benefit to the county in the form of lead generation, policy formulation, and capacity building. Because of its expertise in Economic Development, EDA is frequently sought to participate in strategy development and planning with a number of statewide and local organizations. Partners include:

- Governor's Office of Business and Economic Development
- Team California
- California Association for Local Economic Development
- Inland Empire Economic Partnership
- Corporate Real Estate Network
- Industrial Asset Management Council
- California Association for Local Economic Development
- National Association of Industrial & Office Properties, Inland Empire Chapter
- Economic Development Corporation of Southwest California
- Coachella Valley Economic Partnership
- Inland Empire Economic Partnership

Economic Development Capacity Building

The Division contributed over \$200,000 to the following regional and specialized agencies to provide additional programs and services that reinforce EDA's economic development objectives:

- Inland Empire Small Business Development Center
- Coachella Valley Enterprise Zone
- Palm Springs / Desert Resorts Convention & Visitors Bureau
- Temecula Valley Wine Growers Association
- Temecula Valley Balloon & Wine Festival Association
- 46th District Agriculture Association
- Coachella Valley Economic Partnership
- Tri-Tech Small Business Development Center
- Inland Empire Film Commission
- Cal State San Bernardino Spirit of the Entrepreneur Awards
- Cal State San Bernardino Report on Business
- Inland Empire Economic Partnership

The Riverside County Workforce Development Centers also achieved the following:

- Provided 62,027 job seekers with staff assisted services and accessed rivcojobs.com to receive virtual services
- Provided 1,282 offenders with job counseling services through the re-entry program at the Banning Correctional Facility.
- Assisted 1,022 youths, through a Year Round Program, with educational assistance and preparation for entering the workforce.

Geographic Distribution: **Refer to map (Appendix A)**

During the 2013-2014 program year, the County and sub-recipients expended approximately \$12,500 on Economic Development projects. There was one (1) active project that was funded in 2013-14; one (1) project was completed assisting 8 businesses.

3. CDBG - Public Facility Improvements and Infrastructure Improvements

Five-Year Consolidated Plan Public Facility Priorities:

The County's public facility priorities are to construct, reconstruct, rehabilitate, or install public facilities and improvements for the primary benefit of low-income persons. Facilities include:

- Senior Centers
- Centers for the Disabled and Handicapped
- Facilities for Homeless and AIDS Patients (not operating costs)
- Youth Centers
- Neighborhood Facilities
- Parks and Recreational Facilities
- Child Care Centers
- Health Facilities
- Fire Station Improvements
- Facilities for Abused and Neglected Children
- Lead-based Paint Removal
- Non-Residential Historic Preservation

Five-Year Consolidated Plan Infrastructure Priorities:

To effectively identify and improve Riverside County's public infrastructure and to assist and benefit low-income persons through Community and Economic Development, the County will utilize organizations in the private and public sector to develop strategies to address the following:

- Flood Drain Improvements
- Water and Sewer Improvements
- Solid Waste Disposal Improvements
- Street Improvements
- Sidewalks
- Removal of Architectural Barriers

Five-Year Public Facilities Objectives:

Public facility investments can increase access to support services and lead to better coordination among service providers. Objectives established to meet priority needs include:

- Provide or expand public facilities and community centers, to include those that serve special needs, such as child care centers, senior centers, youth centers, park and recreation facilities, neighborhood facilities, health facilities, facilities for abused and neglected children, and facilities for AIDS patients.
- Develop multi-agency, multi-service centers to deliver services more efficiently and effectively.

Five-Year Infrastructure Improvement Objectives:

Maintain quality and adequate infrastructure, and ensure access for the mobility impaired. Objectives established to meet priority needs include:

- Construct, improve, or replace infrastructure such as curbs, gutters, sidewalks, water/sewer, and flood drains in lower-income areas to improve community health and safety.
- Provide street and sidewalk repairs to increase safety and access in lower-income neighborhoods.
- Increase community access through ADA improvements.

During the 2013-2014 program year, the County and sub-recipients expended approximately \$2,027,164 on Public Facility projects. There were fifty-four (54) active projects, thirty (30) were 2013-14 funded projects; seven-teen (17) of the active projects were completed. Activities included senior centers, neighborhood facilities, parks and recreation facilities, sidewalk and street improvements, childcare facilities, facilities for AIDS patients, ADA upgrades, and others. These services were distributed throughout the County and cooperating cities. These projects met a National Objective of the CDBG program through benefit to low-moderate income areas (LMA), low-moderate income persons (LMC), and slum-blight area (SBA).

Geographic Distribution: **Refer to map (Appendix A)**

Other Projects:

It was proposed that there would be five (5) **Acquisition Projects** during the 2009-2014 Five Year Consolidated Plan period. In FY 2013-14 the County did not acquire any real property or public facilities with CDBG funds. YTD, there has been one (1) acquisition completed in FY 2009-10 for \$231,860. This acquisition benefited 5,360 persons in the low-mod area commonly known as the Whitewater Neighborhood in Cathedral City.

It was proposed there would be no **Clearance/Demolition Projects** during the 2009-2014 Five Year Consolidated Plan period however, in FY 2012-13 there were two (2) high priority need projects funded. In FY 2013-14 the Clearance/Demolition Projects previously underway were completed expending \$67,140 in CDBG funds. Costs were associated with the demolition for both the old Mecca Fire Station and Oasis Fire Station. These projects benefited 16,658 persons in the low-income communities of Mecca and Oasis.

5. CDBG - Code Enforcement

Five-Year Consolidated Plan Code Enforcement Priorities:

Code Enforcement is a priority community development need, especially in the lower-income and blighted target areas throughout the County. Code Enforcement priorities consist of inspecting substandard structures that have been determined to be uninhabitable and pose a threat to public health and safety in deteriorated areas. The County continues to provide comprehensive code enforcement programs through the Code Enforcement Department's

Neighborhood Enforcement Teams. Code enforcement together with public/private sector improvements are expected to reverse the decline in these areas.

Enforcing local codes is important because:

- It helps maintain safe communities and contributes to community pride and enjoyment.
- It helps build/maintain property values.
- Enforcement can act as a force multiplier for law enforcement, Environmental Health, Fire, Animal Control, etc.
- It serves to educate the public about ordinances and laws affecting their properties.
- It helps to maintain and continue development of a jurisdiction.
- It protects property owners' rights to enjoy their property without illegal infringement from surrounding properties.

Five-Year Code Enforcement Objectives:

The Code Enforcement division is responsible for enforcing over fifteen (15) County ordinances relating to public nuisances, zoning violations, and other issues relevant to the needs of the unincorporated communities. The goals of the Code Enforcement Division are: "to maintain enforcement responsiveness that reflects public needs and concerns regarding health and safety, and to provide uniform, effective, and timely code enforcement services to unincorporated Riverside County."

Overall, code enforcement is a vital tool in establishing the identity and value of a community. Most people wish to live in a nice and safe neighborhood, and enforcement of local ordinances sets standards for a community and aids in establishing and maintaining the quality of life desired by residents.

For the 2013-2014 program year, approximately \$626,174 was expended on Code Enforcement projects. In FY 2013-14 CDBG funds were allocated to four (4) projects for direct code enforcement activities; there were six (6) active projects of which a total of four (4) projects were completed.

Code Enforcement Programs/Activities (CDBG FUNDED)

Activity Type	Jurisdiction/ Unincorporated Area 2013 – 2014 Projects	2009-2014 <i>Con Plan</i> Objectives/Proposed FY 2013/14 (IDIS Funded) Objectives/Proposed	2009-2014 YTD Actual Accomplishments FY 2013/14 Actual Accomplishments	2013/14 CDBG Expended	2009-14 YTD CDBG Expended
Code Enforcement (15)	Countywide Cities of: Lake Elsinore, Coachella Valley & Wildomar	5-Year: 5 Projects 90,070 Persons FY 13/14: 4 Projects 148,342 Persons	5-Year: 20 Projects YTD 439,620 Persons YTD FY 13/14: 4 Projects 110,797 Persons	\$626,174	\$2,422,159

Geographic Distribution: Refer to map (Appendix A)

The program provides for code enforcement activities located within the participating cities and unincorporated areas of the County's low to moderate income and blight-designated census tract/target areas to ensure the health and safety of residents.

Community Impact Plans-Code Enforcement

CDBG funds were used to cover costs incurred for the inspection and enforcement of code violations, which include salaries and related expenses of code enforcement officers to deter code violations in low-mod communities. Code officers delivered their skills and knowledge of prevention, education, and enforcement under eligible Community Impact Plan areas in Riverside County's Five Supervisorial Districts. Final reports demonstrate that as a result of this program, a total of 2,378 cases were opened; 2,292 Code cases were closed; 5,723 Inspections were performed; 449 Administrative Citations were issued; 1,125 Notice of Violations were issued, 21 voluntary abatements completed, and 107 proactive operations were performed. The types of code violations reported included, but were not limited to: *Accumulated Rubbish, Substandard Structures, Graffiti, Illegal Dumping, Illegal Parking; Excessive Animals; Unpermitted Fencing, Shipping Containers, Grading/Stockpiling, Illegal Land use or Occupancy, Substandard Mobile Homes, Occupies Recreational Vehicles, Construction without Permits, Blight, and Illegal posting of Signs.*

Communities	Cases Open	Cases Closed	Property Inspections	Administrative Citations	Notices of Violations	Property Abatements	Proactive Community Operations
Mead Valley, Good Hope, Meadowbrook, Lakeland Village, Home Gardens, Highgrove, Anza, Green Acres, Valle Vista, Ripley, Sky Valley, Thousand Palms, Desert Hot Springs, Mecca, Thermal, Northshore, Oasis, Mesa Verde, Cabazon,	2,378	2,292	5,723	449	1,125	21	107

6. CDBG - Interim Assistance

Five-Year Consolidated Plan Interim Assistance Priorities:

Limited improvements will be made to areas with determinable signs of physical deterioration when the improvements are intended to arrest deterioration prior to permanent improvements being made or when the activity will alleviate conditions threatening public health and safety. These include special neighborhood clean-up campaigns to help arrest the accumulation of bulky items, debris, and dangerous conditions within targeted low-income communities in Riverside County.

Five-Year Interim Assistance Objectives:

The County is continuing its commitment of CDBG funds to support a *Special Neighborhood Clean-Up Campaign* through the Neighborhood Enhancement Unit (NEU). NEU helps residents create a safer living environment, remove blight, and take an active role in the improvement of their community. The NEU works with residents, government agencies, non-profit organizations, and for profit businesses to provide educational materials and resources for: community cleanups, Spanish/English workshops, school assemblies, and community information fairs. They attend community meetings and participate with other County departments in answering questions and providing information on health and safety ordinances, property maintenance, childcare, emergency assistance, and foreclosure prevention.

Residents regularly contact NEU for help in finding programs available for the removal of unwanted vehicles, mobile homes, and accumulated debris and rubbish. NEU Specialists not only work closely with residents but also with the Code Enforcement officers in the field to help

with these issues. Partnering with many agencies, NEU staff refers residents to some of the following resources and agencies:

- Board of Supervisors' staff
- Economic Development Agency
- Community Action Partnership
- Environmental Health
- Building and Safety
- Transportation Department
- Animal Services
- Office on Aging
- Workforce Development Center
- Adult Protective Services
- C.A.R.E. (Curtailling Abuse Relating to the Elderly)
- Riverside County Waste Management
- Community Centers/Leaders
- Non-profit Organizations

For the 2013-2014 program year, approximately \$484,967 was expended on Interim Assistance projects; there were four (4) active projects; two (2) of the active projects were completed. In 2013-14 CDBG funds were allocated to two (2) Interim Assistance projects.

Geographic Distribution: Refer to map (Appendix A)

Neighborhood Enhancement activities and programs implemented during FY 2013-2014 included community beautification projects, community group-coordinated cleanup events, as well as adult and youth illegal dump-sites cleanup days. Activities and events were successfully completed in all five supervisorial districts with a total of 75 properties assisted, 32 properties currently receiving cleanup assistance, 8 tire events completed, 4 Youth Force and 2 Enhancement events completed, for a total of 195 tons of waste and 6,007 tires collected.

Neighborhood Enhancement Unit (NEU) Activities and Programs

Community Development Block Grant (CDBG) funds were used to conduct Neighborhood Enhancement activities and programs including community beautification projects, community group-coordinated cleanup events, as well as adult and youth illegal dump-sites cleanup days, all of which are part of a comprehensive cleanup effort in low-income Riverside County communities. In FY 2013-14, activities and events were successfully completed in all five supervisorial districts with a total of 133 properties assisted, 41 properties currently receiving cleanup assistance, 21 substandard buildings removed, 8 Youth Force events, and 18 Enhancement events completed for a total of 760 tons of waste and 8,489 tires collected.

TOTAL	133	41	8	18	760	10407	21

NEU staff continues to provide the resources and tools for residents so they can voluntarily comply with ordinances and their communities can continue to improve and thrive in a self-sufficient manner.

7. CDBG - Public Services

Five-Year Consolidated Plan Public Service Priorities:

The main purpose is to provide the necessary financial and technical resources to support the establishment and expansion of a variety of public service activities for the primary benefit of low-income persons. Consistent with this objective, the following are the County's Consolidated Plan Public Service Priorities:

- General Public Services
- Senior Services

- Services for Disabled and Handicapped
- Youth Services
- Transportation Services
- Substance Abuse Services
- Battered and Abused Spouses
- Child Care Services
- Health Services
- Abused and Neglected Children
- Mental Health Services

Five-Year Public Services Objectives:

The County's overall objective is to ensure that opportunities and services are provided to improve the quality of life and independence for lower-income persons and ensure access to programs that are related to a variety of social concerns. The County's five-year objectives are to establish, improve, and expand existing public services. The following are the specific five-year objectives:

- Services for at-risk youth
- Services for seniors, and disabled persons including transportation services
- Child care and services for abused and neglected children
- Services for victims of domestic violence and/or abuse.
- Health and substance abuse services
- Operating costs for homeless/AIDS patients programs
- Employment services

During the 2013-2014 program year, the County and sub-recipients expended approximately \$1,189,646 on *Public Service* activities. There were fifty-one (51) active and completed activities. Activities included programs for the homeless, seniors, youth, abused children, services for disabled, substance abuse, childcare, health services, services for battered and abused spouses, and others. These services were provided throughout the County and cooperating cities. These projects met a National Objective of the CDBG program through benefit to low-moderate income areas (LMA) and low-moderate income persons (LMC).

In compliance with HUD's 15% Public Service CAP limitation of \$1,189,708, \$1,189,646 was expended in FY 2013-2014 and \$62 of the 15% CAP was not expended on Public Service activities.

2013-2014 Public Service CAP Calculation: \$1,189,708

15% of 2013/14 CDBG Grant (\$7,562,655) = \$1,134,398

15% of PY (2012/13) Program Income (\$368,734) = \$55,310

Narrative

Community Profile

Housing Act

Income

According to the 2010 American Community Survey (ACS) 1 year estimates, median household income in Riverside County was \$54,296. The 2012 ACS 1 year estimate for Median Household Income for the County was \$52,621.

HUD's Comprehensive Housing Affordability Strategy (CHAS) reports the following household income data for the County's CPD program area using 2007-2011 ACS:

- 11% of total households are Extremely Low Income (0 – 30% AMI)
- 13% of total households are Very Low Income (31 – 50% AMI); and
- 17% of total households are Low Income (51 – 80% AMI).

According to the CDBG Financial Summary Report (PR26) generated by HUD's Integrated Disbursement and Information System (IDIS), FY 2013-2014 Consolidated Annual Performance and Evaluation Report Appendix C, 100% percent of the County's CDBG expenditures went toward satisfying the national objective of serving persons of low- and moderate-income.

The percentage calculation of the total beneficiaries provided CDBG funded services during the 2013-2014 Program Year is based on the following:

Total Expenditures:	\$6,061,880
Less Admin Expenditures:	<u>\$1,505,611</u>
Amount subject to low/mod benefit calculation:	\$4,556,269

Less Slum-blight Expenditures:	<u>\$0</u>
Activities qualifying as low/mod Expenditures:	\$4,556,269

Percent benefit to low/mod persons	100%
------------------------------------	-------------

Race/Ethnicity Characteristics

According to the 2010 Census, 40% of County residents are White, 45.4% Hispanic, 6% Black/African American, 5.7% Asian, and 3.2% other races. From 2000 to 2010, the proportion of Hispanic residents in the County increased by nearly 10%, while the proportion of White residents declined by about 11% over the same period. The cities of Blythe, Coachella, Desert Hot Springs, Lake Elsinore and San Jacinto had significant Hispanic concentrations within the County's CPD area. Banning, Blythe and Desert Hot Springs and Norco had Black/African American populations greater than the county-wide proportion.

The County is committed to allocating CDBG, HOME, and ESG funds to address community development needs of the lowest-income and most disadvantaged residents based upon the individual eligibility requirements of the specific CPD program. Assistance will be targeted to populations residing in areas of low-income and minority concentrations. However, while projects and programs will target low-income and minority populations, they will not necessarily be limited geographically to areas where these populations are concentrated. Some service providers are not located in low/moderate-income census tracts; however, their services are designed and intended for low/moderated income clients. These may include clinics, food pantries, senior centers, health care facilities, etc.

Narrative

Use of Program Income

CDBG Program Income is generated from previously funded CDBG activities. The County of Riverside (Economic Development Agency) CDBG program income earned is allocated based on HUD's unrestricted program income requirements. The County of Riverside also ensures that all program income shall be substantially disbursed for eligible activities before voucher requests

and additional cash withdrawals are made from the U.S. Treasury. Both of these requirements are provided in §570.504(b)(2)(ii). During the 2013-2014 program year, the County received \$552,393 in program income.

To ensure timely expenditure of the 2013-2014 program income, the County allocated \$552,660, which included a carry-over balance of \$267.20 from 2012-13, to thirty-four (34) new and/or existing CDBG projects throughout the program year. The activities funded with the program income included:

Public Facilities and Improvements	03	\$5,884.23
Senior Centers	03A	\$50.00
Handicapped Centers	03B	\$31,321.00
Neighborhood Facilities	03E	\$121,442.07
Parks, Recreational Facilities	03F	\$70,909.97

Handicapped Services	05B	\$1,436.29
Battered and Abused Spouses	05G	\$2,324.64
Abused and Neglected Children	05N	\$5,000.00
Mental Health Services	05O	\$2,085.01
Interim Assistance	06	\$43,842.14
Rehad: Single-Unit Residential	14A	\$4,456.00
Code Enforcement	15	\$16,095.00
Micro-Enterprise Assistance	18C	\$ 3,994.84
General Program Administration	21A	\$110,136.29
Fair Housing Activities	21D	29,057.77
Total		\$552,660

There were \$0 remaining funds to obligate to projects during the 2013-2014 program year and expended in the 2014-2015 program year.

During the 2013/2014 program year, the total amount of program income (PI) received for HOME was \$661,974. Of this amount, \$114,048 funded the First Time Home Buyer (FTHB) program.

CDBG Housing Loan Fund

The Community Development Block Grant (CDBG) Housing Loan Fund (HLF) is a revolving loan fund which provides low interest and gap financing to private entity projects that foster the County's efforts to achieve the five (5) housing goals outlined in the County of Riverside

Consolidated Plan. Program Income, as derived from loan repayment, is used to fund additional unspecified Housing Loan Fund projects. There were no reported activities during the fiscal year of 2013-2014.

Compliance with National Objectives

Local community development activities must be designed to address one or more of the three national objectives:

- Eliminate slums and blight and blighting influences;
- Benefit low to moderate income persons and neighborhoods;
- Meet other urgent community needs imposing an immediate threat to safety and health.

1. Low/Moderate Income Area (LMA)

During the 2013-2014 program year, the County had forty-three (43) active activities and completed twenty-two (22) that met the National Objective of benefiting low and moderate-income areas [24 CFR 570.208 (a)(1)]. A total of \$2,781,380 of CDBG funds were expended during the program year for these activities. The activities completed included eight (8) public service activities, four (4) code enforcement activities, two (2) Interim Assistance, two (2) clearance/demolition, and six (6) public facility/infrastructure activities.

2. Low/Moderate Income Limited Clientele (LMC)

During the 2013-2014 program year, the County had seventy-four (74) active activities and completed fifty-four (54) public service and public facility activities that met a National Objective of the CDBG program under the LMC category. The total amount expended for these activities was \$1,613,712. Completed activities benefited more than 306,988 persons.

Of the total activities above, there were forty (40) active activities that served persons that were "presumed" to be low-income, twenty-five (25) were completed. The presumed benefit category includes homeless, seniors, victims of domestic violence, migrant farm workers, severely disabled adults, persons with aids, and abused children. A total of \$1,175,643 was expended for these activities, and approximately 287,659 persons were served.

The other "non-presumed" LMC activities expended \$438,069 in CDBG funds and benefited more than 19,329 persons.

3. Slum/Blight Area (SBA) and Slum/Blight Spot (SBS) Benefit

During the 2013-2014 program year, the County had no active SBA activity therefore there were none completed. No funds were expended for the purpose of addressing prevention or the elimination of slums or blight in a designated area.

4. Low/Moderate Housing Benefit (LMH)

During the 2013-2014 program year, the County had twenty-two (22) active LMH activities and completed twenty-two (22). A total of \$148,677 was expended for the purpose of improving permanent residential structures that will be occupied by low/mod income households. Approximately twenty (20) persons benefited from these activities.

5. Low/Moderate Limited Clientele Micro-Enterprise Benefit (LMCMC)

During the 2013-2014 program year, the County had one (1) active Small Business Expansion & Job Creation activity; one (1) activity was completed. A total of \$12,500 was expended for the purpose of providing general support services to eight (8) eligible owners of micro-enterprises.

Identify the 2013-2014 geographic distribution and location of investments for CDBG

*Geographic Distribution	**Planned Percentage of Allocation	***Actual Percentage of Allocation	Narrative Description
County-wide	33.61%	15.31%	These include projects throughout the County that benefit both the unincorporated communities and cooperating cities.
District 1, Cooperating Cities & Metro City	11.82%	27.04%	These include projects that benefit the unincorporated communities and the cities of Lake Elsinore (metro City), Wildomar, and Canyon Lake in far western region of Riverside County.
District 2 and Cooperating Cities	7.58%	7.32%	These include projects that benefit the unincorporated communities and the cities of Norco, Eastvale, and Jurupa Valley in the extreme northwest region of Riverside County.

**The 2009-2014 Consolidated Plan and OYAP do not identify priority target areas per se for allocation of CDBG funds.*

***Planned % allocations are based on 2013-14 OYAP Funded Projects*

****Actual based on final (FY 2013-14) IDIS report PR03 2013-14 funded projects only, includes reprogramming of funds from prior years and PI receipted in FY 2013-14*

Narrative

The 2009-2014 Consolidated Plan and OYAP do not identify priority target areas *per se* for allocation of CDBG funds. However, within each Supervisorial District, Cooperating City, and Metropolitan City, priority is typically given to projects that benefit the greatest percentage of low/moderate-income persons, both as Low/Mod Area (LMA) or Low/Mod Clientele (LMC). Other factors affecting CDBG allocation priorities include project readiness, project sponsor capacity, number served, and leveraging of other resources. For FY 2013-2014, the County allocated 100% of the funding to low/moderate-income persons.

Please note, **Appendix A** provides maps that indicate the Supervisorial Districts, Cooperating Cities, and areas of minority concentrations. Furthermore, the funding allocation tables found in previous sections of this document indicate the *geographic distribution* of CPD funds by Supervisorial District or "*county-wide*" that can be compared to the corresponding maps in **Appendix A**.

V.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Leveraging Housing and Community Development Resources

As a large county, the County of Riverside has rural, suburban, and urban communities with substantial housing and community development needs. Consequently, the County emphasizes the leveraging of its CDBG, HOME, and ESG entitlement grants with a variety of funding resources in order to maximize the effectiveness of available funds. The table below indicates the resources leveraged by the County for housing and homeless activities.

HOME Program regulations require a twenty-five percent (25%) non-Federal match for every HOME dollar expended. Funds set-aside for program administration and for Community Housing Development Organization (CHDO) technical assistance/capacity building are exempt from this matching requirement. The match must be met by the end of the Federal FY in which the expenditure occurred. This requirement is not project-specific but rather program-wide.

The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding. The following is a list of some of the available funding sources that can be used in conjunction with HOME funds:

- Limited Partner Tax Credit Equity
- California Housing Finance Agency (CalHFA) funds
- California Department of Housing and Community Development Multifamily Housing Program (MHP) funds
- Federal Home Loan Bank Affordable Housing Program (AHP) funds
- U.S. Department of Agriculture
- California Department of Housing and Community Development Farm Worker Housing Grant Program
- Mental Health Services Act (MHSA) funds

Redevelopment Funding

Pursuant to California Health & Safety Code Section 34170, *et. seq.*, the County of Riverside Redevelopment Agency was officially dissolved as of February 1, 2012. As a result of that action, only obligated redevelopment funds were available as leverage for use with Community Development Block Grant (CDBG) and/or Home Investment Partnership (HOME) funds.

The County of Riverside Economic Development Agency was designated as the Successor Agency of the Redevelopment Agency for the County of Riverside. The Housing Authority of the County of Riverside (HACR) was designated as the Successor Agency of the redevelopment housing functions. As of February 1, 2012, all RDA housing projects and activities were transferred to HACR.

Section 8

The Housing Authority receives Federal Rental Assistance Vouchers (Section 8) in the amount of \$81,458,877 million dollars to administer the Section 8 Housing Choice Voucher Rental Assistance Program authorized by the U.S. Housing Act of 1937, providing rental assistance payments to owners of private market-rate units on behalf of low-income tenants.

SUMMARY OF LEVERAGING RESOURCES FY 2013/2014

Source	Leveraging Amount 2013-14
Housing Authority RDA Funds	\$7,529,149

Fiscal Year 2013-14 Summary – HOME Match	
1. Excess match from prior Federal FY	\$100,092,668
2. Match contributed during current Federal FY	\$1,929,572
3. Total match available for current Federal FY (Line 1 plus Line 2)	\$102,022,240
4. Match liability for current Federal FY	\$586,078
5. Excess match carried over to next Federal FY (Line 3 minus Line 4)	\$101,436,162

Table 3 – Fiscal Year Summary - HOME Match Report

HOME Grant Requirements

Distribution of HOME Funds among Identified Needs

In FY 2013-2014, the County received an allocation of \$1,666,308 in HOME funds. As required by the HOME Program, a 15% allocation of HOME funds was reserved for Community Housing Development Organization (CHDO) Set-Aside. The total CHDO Set-Aside was \$474,000. In addition, the HOME Program allows for up to 10% of each year's HOME allocation for reasonable administrative costs, planning costs, and technical assistance. The total allocation for HOME Administration and Technical Assistance was \$166,630. The balance of the HOME funds was allocated to the First Time Home Buyer (FTHB) Program and New Construction. The total allocation for FTHB was \$620,129. The total allocation for New Construction was \$620,129.

For FY 2013-2014, a total of \$3,379,579 in HOME funds was expended. A total of \$891,269 was expended for New Construction, \$42,905 was expended for FTHB allocation, \$2,260,734 was expended for CHDO, and \$154,934 was expended for HOME Administration and Technical Assistance

HOME Match Report

The HOME program requires that PJ's provide match in an amount equal to no less than 25% of the total HOME funds drawn down for project costs. The State of California Mental Health Service Act Loan was the primary funding sources to provide match for the HOME program. According to the Integrated Disbursement and Information System (IDIS) for FY 2013-2014, the

County's HOME funds requiring match was \$2,344,313. The 25% minimum HOME matching requirement was \$586,078. The County met and exceeded its match obligation with a total of \$102,022,240 in match funds. Of that amount, \$1,929,572 was contributed from the 2013-2014 program year. As a result, from the contribution amount for FY 2013-2014 alone, the County matched \$0.70 of non-federal funds for every HOME dollar spent. The excess match to be carried over to the next FY is \$101,436,162. See HUD Form 40107-A attached (Appendix B).

Contracting Opportunities for M/WBEs

The County promotes minority and women-owned business outreach through the services of bilingual professional staff members capable of discussing housing and business programs to the public. The participation of minority-owned and women-owned businesses is strongly encouraged. If needed, assistance to small contractors in obtaining bonding capacity is available from the County.

For FY 2013-2014, there were 2 HOME-funded projects completed and closed out this FY. See HUD Form 40107 attached (Appendix B).

Summary of Results of On-site Inspections of HOME Rental Units

During the 2013-2014 FY, HOME monitoring visits were conducted for various rental housing projects to ensure income accuracy and compliance with HOME rent limits.

Full on-site physical inspections were also conducted by Program Compliance staff, which included a six-step process: (1) the issuance of physical inspection notification letters, (2) the conducting of an Entrance Interview, (3) the inspection of the required percentage of HOME restricted units utilizing the Housing Quality Standards checklist form, (4) File Inspection, (5) the conducting of an Exit Interview along with the completion of the Office Checklist Form, and (6) Post Monitoring Review entailing the updating of case notes in the compliance monitoring database.

In cases where a full on-site monitoring visit was not conducted by Program Compliance staff, cursory on-site monitoring visits did not entail unit or file inspections, unless deemed necessary. Instead, the visits consisted of photos being taken, interviewing of on-site staff, the completion of the cursory site visit checklist, obtaining a current rent roll as well as any available marketing materials, and the review of the county's current project description - to ensure that the website information reflects current project statistics.

Assessment of Effectiveness of Affirmative Marketing Plans

During the reporting period, the Riverside County Economic Development Agency continued to make a concerted effort to disseminate its programs to members of minority groups living in the County of Riverside through its outreach efforts. Community outreach activities included

increased marketing efforts in venues such as CDBG, Housing, and other planning meetings in addition to other community meetings that were held throughout Riverside County. The following housing materials continue to be available in English and Spanish: First Time Homebuyer, Affordable Public Housing Program, and the Mortgage Certificate Credit program. In addition, the Mobile Home Tenant Loan (MHTL) package and applications for the mobile home park assistance loan fund are available in Spanish, as well as English. Marketing for the Neighborhood Stabilization Program homes is done through the Multi-Regional Multiple Listing Service, on the agency's website, and through community outreach opportunities.

In order to serve the County's diverse population more effectively, both the Riverside County Economic Development Agency and the Housing Authority of the County of Riverside employs 20 bilingual professional staff members capable of discussing housing and business programs with the public.

As a part of the HOME application, applicants are required to submit an approved affirmative fair marketing plan to the County of Riverside in accordance with 24 CFR§92.351 (a)(2) and this plan is reviewed annually during on-site inspections. The plan covers fair housing marketing practices and other requirements related to the solicitation of applications from persons who are not likely to apply for housing units without special outreach. Each participant is required to adhere to affirmative marketing requirement such as: the use of fair marketing logos, use of community contacts, Equal Housing opportunity logotype, the display of housing posters, and use of commercial media.

Affordable housing is provided through the HOME's First Time Homebuyers Program (FTHB). For FY 2013-2014, the FTHB Program assisted a total of 6 first-time homebuyer households and expended a total of \$180,600 in FTHB HOME funds. Six low-income households were assisted. One household purchased a new home and 5 households purchased existing homes. The average assistance per household was \$30,100. The average home purchase price was \$150,500. The average first mortgage loan was \$122,192. American Dream Down-payment Initiative (ADDI) funding was not available to be utilized for closing costs towards the purchase of homes. FTHB projects were located throughout the County. Two households purchased a

home in Eastern Riverside County and 4 households purchased homes in Western Riverside County. Three homes were in the 3rd Supervisorial District, 2 homes were in the 4th Supervisorial District, and 1 home was in the 5th Supervisorial District.

VII.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320 (d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Addressing the emergency shelter and transitional housing needs of homeless persons

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Actions to End Chronic Homelessness

The County of Riverside has determined that chronically-homeless persons are the highest need category within the homeless population. To ensure that the Continuum of Care has adequate resources to effectively engage chronically homeless individuals, the 10 Year Strategy has called for the following activities: expanded homeless street outreach teams to identify and engage individuals who are persistently homeless; additional emergency shelter beds which are linked to intensive case management for the chronically-homeless persons; and 500 additional units of permanent supportive housing. The County is committed to provide a range of services to address homelessness which will enable the homeless population to move steadily toward independent living. The best approach for alleviating homelessness will be through a

community-based process that provides a comprehensive response to the diverse needs of homeless persons.

Homelessness¹

Five-Year Consolidated Plan Homelessness Priorities:

Homelessness is a concern that impacts the County as a whole. The County continues its support of many homeless shelters and programs that provide comprehensive and coordinated approaches to addressing the problem of homelessness.

The provision of shelter beds is the first step towards addressing homelessness and preventing its recurrence. Therefore, it is vital that new shelter beds be created by expansion/renovation of existing emergency shelters and construction of new emergency shelters.

The objective for funding these types of activities is to provide decent, safe, and sanitary housing by focusing on housing programs where the purpose of the program is to meet individual, family, or community needs. The outcome will be based on the availability/accessibility of these activities and services to low and moderate-income people, including persons with disabilities.

The Continuum of Care planning process identified the following significant gaps in service²:

- In 2013, the largest subpopulation of unsheltered homeless was single individuals. There was a total of 2,978 homeless individuals and 1,090 are sheltered.
- In 2013, there were 1,816 unsheltered chronically homeless individuals and 29 chronically homeless families³ on any given day in Riverside County.
- In 2013, there are 437 homeless unsheltered individuals and 84 sheltered homeless individuals with mental health problems.
- In 2013, there were 508 unsheltered and 98 sheltered homeless individuals with a chronic substance abuse.

County-wide, based on the Continuum of Care planning process, the Department of Public Social Services has identified the need for additional beds/units in the following categories⁴:

¹ Preliminary data obtained from the 2013 Homeless Point in Time (PIT) count

² Preliminary data obtained from the 2013 Homeless Point in Time (PIT) count

³ HUD revised the definition of Chronically Homeless to include families in 2011

⁴ Data from the 2014 HMIS Housing Inventory Chart (HIC)

- Emergency Shelters: there are 777 emergency shelter beds available and a need for 790 additional beds to adequately shelter homeless individuals and families
- Transitional Housing: there are currently 720 transitional beds available to individuals and families countywide; 994 additional beds are needed to adequately meet the needs of persons requiring transitional housing services.
- Permanent Supportive Housing: there are 998 beds and a need for at least 2,298 to serve the County's disabled homeless population especially the needs of chronically homeless individuals.

Based on these needs, the Department of Public Social Services has set the following priorities for homeless activities:

1. The highest priority will be the development of permanent supportive housing for chronically homeless individuals.
2. The second highest priority will be the development of housing programs and supportive services to meet the mental health and substance abuse service needs of homeless individuals and families.
3. The third highest priority will be the development of homeless prevention and "housing first" programs to prevent low and extremely-low income families from falling into homelessness and significantly reduce the length of time homeless families reside in emergency and transitional housing programs.
4. Fourth, encourage the development of "one-stop" access centers that provide a variety of services including access to mainstream benefits under one roof.
5. Fifth, establish homeless street outreach teams in each supervisorial district to engage chronically homeless individuals in supportive services; respond to homeless individuals and families with immediate needs; and facilitate a seamless continuum of care which is capable of meeting the varied supportive service needs of the County's homeless residents.

The Department of Public Social Services has established chronically homeless persons as the highest need priority. The Riverside County 10 Year Strategic Plan to End Homelessness has called for the development of 500 units of permanent supportive housing dedicated to chronically homeless persons over the next five years. To facilitate this goal, all new projects seeking Continuum of Care funding must be permanent supportive housing projects.

Additionally, new projects serving exclusively the chronic homeless population are ranked the highest in the consolidated application to HUD, and therefore, most likely to receive funding in the event that the application is not fully funded.

The Department of Public Social Services will also: strengthen discharge planning with major institutions to limit the number of chronically homeless persons discharged into homelessness; increase the number of homeless street outreach teams engaging chronically homeless persons in supportive services; and increase the number of rental certificates available through the Shelter Plus Care program which provides housing and services to chronically homeless persons in a neighborhood of their choosing.

5 Year Homelessness Objectives:

During the last year of the Five-Year Consolidated Plan period the Department of Public Social Services coordinated a strategic planning initiative that included local government, public agencies, private agencies, homeless advocates, formerly homeless persons, and the business community to develop a ten year plan to end homelessness. This initiative culminated in the 2007 publication of the Riverside County 10 Year Strategy to End Homelessness which serves as the strategic plan for all homeless activities in the County of Riverside. The following Five Year Plan Objectives are consistent with this plan and unmet needs:

Preventing New Episodes of Homelessness

- * Implement a county-wide homeless prevention strategy that includes utility assistance, deposit assistance, housing search assistance, landlord/tenant mediation, and short term rental subsidies designed to prevent at least half (50%) of the 7,000 homeless who become homeless each year from becoming homeless during the next five years.
- * Establish county-wide protocols and procedures to prevent people from being discharged from public and private institutions of care into homelessness.

Ending Chronic Homelessness

- * Expand street outreach programs throughout the County to bring social services directly to homeless persons in a more "assertive" way in order to:
 - 1) decrease the number of chronically homeless persons each year by at least 10%; and
 - 2) help prevent additional persons from living on the streets for one (1) year or more.
- * Create 150 additional shelter beds throughout the County for individuals living on the streets and encourage participation in a case management plan to reduce the length of time a

person spends in emergency shelter.⁵ (127 new emergency beds have been created since 2007 or 79% of goal has been met)

* Create at least 500 units of permanent supportive housing for chronically homeless persons county-wide;⁶ 295 units have been created since 2007 or 59% of the goal has been met. Additionally, 257 new permanent supportive housing units (owned privately) have been developed since 2007, adding to public resources by 50% of the planned goal.

Addressing the Needs of Homeless Families

* Create 75 additional transitional housing units consisting of 225 beds to serve families who are living on the streets and encourage participation in a case management plan. (69 new units have been created since 2007 or 92% of the goal has been met)

* Develop 1,500 units of permanent affordable housing for low and moderate-income families and individuals who were homeless and are seeking permanent housing. (3,577 new units have been created since 2007 or 238% of the goal has been met)

* Create a streamlined benefit applications system featuring a single application process for multiple programs in order to expedite enrollment and access to resources for homeless and those at-risk of homelessness.

Improve the Capacity of the Continuum of Care

* Engage full participation from all homeless prevention, emergency shelter, transitional housing, permanent supportive housing, and related supportive service programs in the County of Riverside's Homeless Management Information System (HMIS).

* Create a Housing Trust Fund that receives ongoing dedicated sources of public funding to support the production and preservation of affordable housing; further fund homeless prevention activities; and provide ancillary funding for additional supportive services.

Discharge Planning Policies

* Ensure that all appropriate local and State government entities that discharge persons from publicly-funded institutions or systems of care participate in the Discharge Policy Committee.⁷ (CoC Discharge Planning Committee Cooperative Agreement passed by Riverside County BOS)

Permanent Supportive Housing

* Develop a "safe haven" program for chronically homeless adults that are seriously mentally ill and may have substance abuse issues.

⁵ County of Riverside Department of Social Services 5-Year Plan update

⁶ Unit and bed goals cited in the CoC Ten Year Plan to End Homelessness Key Recommendations

⁷ DPSS Cooperative Agreement HO-01948, February 28, 2012

* Develop multifamily housing, for homeless individuals that are mentally ill and may have substance abuse issues.

Continuum of Care (CoC)

The Continuum of Care for Riverside County aka CoC, is comprised of public and private agencies along with community residents, including homeless and formerly homeless individuals. The CoC is designed to access the need for homeless and affordable housing services and to develop and recommend a Continuum of Care Plan for the region on behalf of at-risk and homeless individuals and families. The County of Riverside's Department of Social Services is the lead agency for the CoC. Programs funded through U.S. Department of Housing and Urban Development (HUD) including the Supportive Housing Program (SHP), Shelter Plus Care (S+C), and the Section 8 Moderate Rehabilitation Single Room Occupancy program. In addition to HUD funds and as funds are available, the CoC utilizes Emergency Food and Shelter Program (EFSP), California's Emergency Housing Assistance Program (EHAP), Community Development Block Grant (CDGB), and Emergency Solutions Grant (ESG) as well as donations from the community at large.⁸

The specific purpose of the Continuum is to make possible for homeless, at-risk for homelessness, very low, low and moderate income individuals and families the ability to attain and maintain safe, decent, and affordable housing and supportive services. The Continuum will review and make recommendations regarding proposed homeless services projects through the NOFA process.

The Continuum received \$8,130,478 for the renewal of thirty (30) existing programs plus three (3) new projects in response to the 2013 HUD Continuum of Care NOFA.

Geographic Distribution

Programs and activities administered by DPSS are available county-wide. Certain shelters have been designated to serve regions defined in the County of Riverside's 2009-2014 Consolidated Plan. In consideration of the unique demographic needs of the homeless within the County, four regions have been established:

- Region A consists of Moreno Valley, City of Riverside, Rubidoux, Jurupa, Woodcrest, and surrounding communities.
- Region B consists of Corona, Lake Elsinore, Murrieta, Norco, Temecula and surrounding communities.

⁸ HUD 24 CFR Part 578 RIN 2506-AC29, HEARTH Act: Continuum of Care Program, July 2012

- Region C consists of Banning, Beaumont, Hemet, Idyllwild, San Jacinto and surrounding communities; and
- Region D consists of the Desert communities from Palm Springs east to the City of Blythe

¹⁰ Emergency Cold Weather Shelter Program

¹¹ As reported in HMIS Annual Progress Report received in FY 7/1/2013 – 6/30/2014

Transitional Housing	Countywide	<p>5-Year: Continue to provide a wide-range of supportive services to residents in order to help them obtain and maintain permanent housing.</p> <p>FY 2013/2014: Increase percentage of homeless persons moving from transitional housing (TH) to permanent housing (PH). Increase percentage of participants who maintain or increase income, including employment income.</p>	<ul style="list-style-type: none"> A wide-range of supportive services through the SHP program was provided resulting in: Total number of persons served: 1165 (Adults -816 and children -349), Total number of Leavers: 769 (Adults-542 / Children-227) and 78% (602) persons exited to permanent housing. Employment services and other supportive services provided through SHP¹² programs resulted in 63% of individuals leaving SHP programs with income and 52% leaving with employment income.¹³
Permanent Supportive Housing	Countywide	<p>5-Year: Develop and implement plans for 250 PH beds for chronically homeless persons & families per 10-Year plan goal. Facilitate access to mainstream benefits to support housing stability.</p> <p>FY 2013/2014: Maintain a minimum percentage of homeless persons staying in PH over 6 months at or above 80%.</p>	<ul style="list-style-type: none"> The percentage of participants remaining in permanent housing was at 73%

*PIT count is the official data used to determine the annual homeless numbers

1. The 10-year plan from 2007 is currently being revised and is not complete.

2. The last full point in time count was in Jan. 2013 (a veterans only count was done in Jan. 2014).

ESG Program

The *Homeless Emergency Assistance and Rapid Transition to Housing Act* (HEARTH Act), enacted into law in May 2009, consolidated three separate homeless assistance programs into a single grant program, and revised the Emergency Shelter Grants Program and renamed it the Emergency Solutions Grant (ESG) program.

The change in the program's name, from Emergency Shelter Grant to Emergency Solutions Grant, reflects the change in the program's focus from addressing the needs of homeless people in emergency or transitional shelters to placing a greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

¹² Supportive Housing Program

¹³ As reported in HMIS Annual Progress Report received in FY 7/1/2013-6/30/2014

The County's ESG Program is linked to the *Continuum of Care* plan of assistance for the purpose of preventing homelessness and enabling homeless individuals and families to move toward independent living. The key changes to the program reflect a shift in focus from addressing the needs of homeless people in emergency or transitional shelters to the expansion of the homelessness prevention component of the program and the addition of a new rapid re-housing assistance component.

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and other services targeted to those who are homeless or at risk of homelessness. ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

The County of Riverside, EDA, the ESG recipient, consulted with the Continuum of Care to discuss the FY 2013-14 allocation in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allowed for variations in the program design that responds to the needs and resources of the jurisdiction
- Complied with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

The County of Riverside also consulted with the Continuum of Care on the Ten Year Plan to End Homelessness to ensure the alignment of the funded ESG activities as they relate to the goals and strategies outlined in the plan. This joint effort has worked successfully in the past and EDA pledges to continue support of this endeavor by working closely with DPSS, the "umbrella" anti-poverty agency for the County of Riverside, in servicing the needs of homeless.

To further facilitate collaboration and information sharing, ESG funded agencies were required to provide the following information and referrals to ESG program participants:

- 2-1-1 hotline for social services
- Social security benefits
- Cal-Works and other income security programs provided by DPSS
- Cal-Fresh (formerly known as Food Stamps) assistance
- Low Income Energy Assistance Programs
- Affordable housing information
- Employment assistance and job training programs
- Health care and mental health services

- Services for victims of domestic violence
- Veteran services
- Specialized services such as legal services, credit counseling

In FY 2013-2014, the \$472,464 ESG allocation was distributed to thirteen (13) organizations for emergency/transitional shelters, homeless prevention, rapid re-housing, outreach, and EDA staff administration costs. Eligible recipients included nonprofits and public agencies. During the 2013-2014 program year, the County and sub-recipients expended approximately \$809,556 on ESG activities. Services were provided throughout the County and cooperating cities. The County's ESG grant funds were matched far in excess of the required 100% match amount detailed under the ESG "Matching Resources" section.

*Transitional Housing has been combined with the Emergency Shelter category as of FY 2011-2012 in IDIS for HUD reporting purposes. To view separate categories refer to **Appendix D, table 7(1C)**.

Matching Resources

Emergency Solutions Grant

The Emergency Solutions Grant program has a mandatory "matching grant" requirement that the County match its ESG allocation dollar-for-dollar with other funding sources. Consequently, the County places this matching requirement upon the ESG sub-recipients. The table below reflects the total ESG funding expended by each sub-recipient as well as the amount and type of matching funds reported during the 2013-2014 program year. Approximately \$4,204,644 was used to leverage the County's \$472,464, 2013-2014 ESG allocation. The total amount of ESG funds expended in FY 2013-2014 was \$809,556.

FY 2013-14 ESG **Detail of ESG Funds Expended and Leveraging**

Agency	ESG Funds Expended in 2013/2014	Federal Funds	State/Local	Private	Fees	Other

Beneficiaries and Performance

In FY 2013-2014 the County expended \$302,376 in assistance to emergency shelters which benefited 3,049 homeless persons. In addition, \$58,460 assisted homeless prevention activities providing services to 40 eligible persons, \$365,785 helped 191 eligible persons with rapid re-housing assistance, and \$10,000 assisted 45 homeless individuals with outreach services. The County goal is to develop viable communities for low and moderate-income persons by leveraging resources and collaborating with other local agencies working to better stretch the available resources. The County has increased its capacity and become more efficient in providing housing and community development services. Although limited resources are a barrier which may have a negative impact on fulfilling the outlined priority goals, the County continues to work toward the overall implementation of all of its outlined priorities.

Homeless Discharge Coordination

EDA, together with the ESG and CDBG sub-recipients, will continue to cooperate and collaborate with other organizations to develop and implement a comprehensive and uniform *Discharge Coordination Policy and Practices (DCPP)*. The DCPP is developed for the purpose of connecting the homeless and those persons threatened with homelessness with supported housing and community-based resources. The overall objective of the DCPP is to reduce the number of persons being released and discharged into homeless shelters, unsuitable accommodations, or homelessness.

The County of Riverside Department of Social Services as the Consolidated Applicant for the Continuum of Care (CoC) will strengthen discharge planning with major institutions by seeking to limit the number of chronically homeless persons discharged into homelessness; increase the number of homeless street outreach teams engaging chronically homeless persons in supportive services; and increase the number of rental certificates available through the Shelter Plus Care program which provides housing and services to chronically homeless persons in a neighborhood of their choosing.

Through the CoC Discharge Planning Committee's efforts a Cooperative Agreement was developed and ratified by the County Board of Supervisors on February 28, 2012, bringing together stakeholders from local and state agencies and institutions to sign this agreement. They will ensure that all appropriate local and state government entities that discharge persons from publicly-funded institutions or systems of care participate in the CoC Discharge Planning efforts.¹⁴

Improving Public Housing and Resident Initiatives

During FY 2013-2014, the Housing Authority of the County of Riverside (HACR) administered and managed several housing programs to address the housing needs of residents countywide. The programs include: Section 8 Housing Choice Voucher; Affordable Public Housing; Capital

¹⁴ DPSS Cooperative Agreement: HO-01948; Ratified by County Board of Supervisors, Feb.28, 2012;

Fund; Resident Opportunities and Self Sufficiency (ROSS); Family Self Sufficiency (FSS); Housing Opportunities for Persons with AIDS (HOPWA); Shelter Plus Care; Family Unification; Security Deposit Assistance; Emergency Housing Response; and the various Homeownership Programs.

5 Year Strategic Plan Needs of Public Housing response:

The Housing Authority of the County of Riverside (HACR) owns and operates 469 public housing units within Riverside County. Attachment C (Housing Market Analysis table) of the Consolidated Plan provides a listing of the public housing units. The physical condition of the public housing units varies however the HACR has plans to modernize selected units within the stock of public housing units. Examples of such modernization projects include the replacement of evaporative coolers with centralized air conditioning, kitchen cabinet and flooring upgrades, and ADA compliance of common area sidewalks and entryways. Planned improvements for the next FY include the replacement of swamp coolers with A/C dual packs and R-30 attic insulation in San Jacinto; kitchen remodels in Jurupa Valley; R-30 insulation attic insulation at two locations in Moreno Valley; energy efficient parking lot lights in Jurupa Valley; and main water shut offs valves and pressure regulators in Riverside and Lake Elsinore.

There are currently over 34,972 persons on the waiting list for public housing, and 14,195 persons on the waiting list for Section 8 tenant-based assistance. The HA Housing Choice Voucher Program waiting list closed to the general public on July 1, 2010, as the existing pool of applicants exceeded—foreseeable resources. Until such time as it is determined additional applicants are required to ensure full program utilization, the waiting list will remain closed to all except:

- Veterans or widow/ers of a veteran, **or**
- Families whose head of household or spouse is 75 years of age or older, **or**
- Homeless foster care youth, ages 18 to 22, who have aged out of foster care, **or**
- Families referred to the HA by the Riverside County Public Child Welfare Agency (PCWA) for admission through the Family Unification Program (HUD designated special purpose vouchers), **or**
- Participants that have utilized a special rental assistance program for a 3 year term and no longer require supportive services, **or**
- Families referred to the Housing Authority via an extraordinary local preference.

Based on the large numbers of families waiting for assistance, HACR's goals are as follows:

- Apply for additional rental vouchers by annually competing for the U.S. Department of Housing and Urban Development (HUD) affordable housing funding available to Public Housing Authorities.
- Reduce public housing vacancies.
- Leverage private or other public funds to create additional housing opportunities.

Section 8 and Public Housing Programs

The Housing Authority of the County of Riverside administers and manages several programs to address the housing needs of residents county-wide. The annual estimated operating budget of \$81,458,877 million is allocated to fund Housing Authority projects and programs.

The Public Housing Program provides decent, safe, and sanitary housing to low and moderate-income families, seniors, and persons with disabilities. These multi-family developments were constructed or purchased with funding provided by HUD. The property units are operated and maintained by the Housing Authority with funding subsidies from HUD.

The Section 8 (Voucher) program assists extremely low and very low income households with rental assistance to provide an opportunity to live in affordable, decent, safe, and sanitary housing.

Five-Year Public Housing Objectives:

Strategies to serve extremely low-income, low-income, and moderate-income households, including those on the waiting list for Public Housing and Housing Choice Voucher programs:

- Expand the supply of assisted housing by applying for additional vouchers through HUD.
 - Reduce public housing vacancies by increasing outreach efforts to potential applicants and strive to accomplish and maintain ninety-seven percent (97%) occupancy.
 - Leverage private or other public funds to create additional housing opportunities.
 - Increase assisted housing choices by providing briefing sessions for families who are relocating, counseling them on how to successfully seek new housing opportunities.
 - Conduct outreach efforts to potential landlords. The HACR coordinates a quarterly landlord seminar in which potential landlords are provided information on the benefits of renting their available units to voucher holders.
 - Implement and expand special programs. The HACR currently administers the following special needs programs:
1. **HOPWA Program.** The City of Riverside is the Grantee of the HOPWA formula funding for both Riverside and San Bernardino County. The HACR as the Project Sponsor administers the HOPWA grant throughout Riverside County. The goal of the HOPWA program is to prevent homelessness to individuals and/or families that have AIDS/HIV+, by providing long term rental assistance through the Housing Options Program and Short Term Rental, Mortgage and Utility Assistance through subcontractors in the community that serve this population (i.e.: Catholic Charities, Desert AIDS Project, Bienestar, etc).
 2. **Shelter Plus Care Program.** This program has the capacity to provide 128 units of housing for homeless persons with disabilities. Applicants are referred to the HA by the Department of Mental Health, who provides assistance to the clients in locating suitable housing and by providing supportive services.

3. **Court-referral Program.** Families that have been identified as ones who would benefit from housing and would likely be successful in completing court programs and self-sufficiency programs are referred for Special Admission Vouchers to the HACR from Riverside Court Services. All families participate in our FSS program in order to enable them to become self-sufficient and free of government assistance.
4. **Emancipated Foster-care Youth Program.** This program targets ten recently emancipated foster care youth, 18-20 years old. Youth will receive housing assistance, supportive services and will be enrolled in the Family Self Sufficiency (FSS) program, to give them the tools and opportunities to successfully transition from foster-care to independent, self-sufficient living.
5. **Family Unification Program.** Families that have been identified as requiring housing in order to reunite parent(s) with children or to prevent the removal of the children from the parent(s) are referred to the HA by the Department of Public Social Services to receive FUP Vouchers.
6. **Tenant Based Rental Assistance Program.** This program is designed to assist homeless individuals and/or families residing with the City of Riverside. Clients are referred by the City of Riverside Homeless Outreach Team to receive rental assistance for a period of twelve months. The goal of the program is for the family to be able to afford market rate rent by the twelfth month of assistance. This is accomplished through the intensive case management provided by the City of Riverside's Homeless Outreach Team and other partner agencies.
7. **Veterans Affairs Supportive Housing Program (VASH).** The VASH program is a partnership between HUD and the VA to provide Section 8 vouchers to homeless veterans with the goal of ending homelessness among veterans. Locally, the VASH program is a partnership between HACR and the Loma Linda VA Medical Center. This program has housed 285 homeless veterans since its inception in 2009 and has the capacity to serve 380 veterans.

Strategy to Encourage Home Ownership and Decline in Reliance

Through its Resident Opportunity and Self-Sufficiency (ROSS) Program, the Housing Authority seeks to facilitate the successful transition of residents from public housing residency to economic independence. This initiative builds upon the efforts of the local welfare plan and other self-sufficiency efforts of the Housing Authority and targets public housing residents who are receiving welfare assistance.

To assist families living in Affordable Public Housing, the Community Service, and Self-Sufficiency Requirement continues to be in effect. The Community Service and Self-Sufficiency Requirement is intended to assist adult public housing residents in improving their own economic and social well-being and give these residents a greater stake in their communities. The Community Service and Self-Sufficiency Requirement will allow residents an opportunity to "give something back" to their communities and facilitates upward mobility. The Family-Self

Sufficiency Program (FSS) was established to assist Section 8 residents and enable families to gain economic independence from all governmental assistance.

To assist first-time homebuyers, the Housing Authority has established a Homeownership Program (HP) to assist eligible Section 8 and Public Housing residents achieve their goal of homeownership. The Homeownership coordinator provides support by first conducting an assessment of the participant's income, assets, and credit to determine mortgage readiness. Based on the findings, the Homeownership Coordinator will develop an Action Plan with the participant to identify barriers, recommend actions, and establish a timeline to overcome them.

IX.CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Removing Barriers to Affordable Housing

Barriers to affordable housing are frequently caused when the incentive to develop such housing is removed due to excessive development costs, governmental regulation, and community opposition. Some development costs are driven by economic conditions and other factors that affect the real estate market. These are often beyond the control of local government. Examples of private barriers include the cost of labor and materials, contracting fees, and the cost of land. However, other development costs, such as project processing fees charged for planning and plan check services, fall under the control of local governmental agencies.

To some extent, Federal and State environmental regulations, ultimately implemented at the local level, have historically added to the cost of development. Further, public policy approved by local government to address community issues and concerns potentially affects the cost of all development projects through the adoption and implementation of ordinances, housing elements, land use plans, fee schedules, and development standards. The imposition of additional taxes on homeowners increases the cost of maintaining and living in a house or apartment and can be a barrier to home ownership, particularly for low- and moderate-income households. Moreover, public opposition over the location of affordable housing can be detrimental to a project once it enters the public hearing process and may result in the denial of the project.

The primary purpose of governmental regulation of land development is to guide development in an orderly fashion, ensure adequate provision of public services and facilities, protect existing development from incompatible land uses, and protect the health, safety, and welfare of the public. Government regulation is generally beneficial to the housing needs of the public, since the development review and approval process is necessary to insure decent and safe housing. However, government regulation of land development can become a constraint to the production of housing, particularly affordable housing, in the following ways:

1. Increases in development processing fees
2. Zoning that restricts or precludes residential development
3. Lengthy development review and approval process
4. Imposition of excessive development standards may increase the cost of residential development without creating a real benefit to the public.

The County uses a multi-faceted strategy to address barriers to affordable housing. Limited resources dictate that strategies be focused on the most effective tools possible. A major focus involves the use of both financial and processing assistance to maximize as many housing units as possible. This approach allows the County to quantify affordable housing production and make adjustments to development strategies as necessary.

Development fees and approval delays add to the cost of development. In addition, inflation can increase the cost of both materials and labor. These factors combined with negative public perceptions serve as a major disincentive to the construction of affordable housing and are seen as obstacles by qualified developers.

The County assistance includes implementation of the following programs:

- Project Ombudsman: This program involves the designation of a staff liaison or Ombudsman to work with affordable housing developers and their representatives.
- Gap Financing: Gap financing offers financial assistance in the form of grants; or below market-interest rate loans; and other favorable repayment terms.

- Fee Subsidies: Under certain circumstances, the County will subsidize the payment of development fees.
- Waivers of Development Mitigation Fees: Under County Ordinance Number 659 fee waivers can be granted for publicly subsidized affordable housing projects.
- Public Opposition as a Barrier to Affordable Housing: The County will continue to educate the public about the social and economic benefits of affordable housing.
- Fair Housing as a Barrier to Affordable Housing: The County will continue to affirmatively further fair housing county-wide.
- Tax Policies: The County keeps property taxes at a minimum and does not have a residential or business utility tax.
- Fast Track and Priority Processing: The intent of this program is to expedite the construction of affordable housing projects through all phases of the approval process.

Addressing Obstacles to Meeting Underserved Needs

The primary objective of the County's CPD programs is the development of viable urban communities by providing decent, safe, and sanitary housing, and expanding economic opportunities principally for persons of low and moderate-income. The mission of meeting and addressing these community, social, and economic development needs of low-income persons and their communities is of paramount importance to the County. Unfortunately, there are barriers and challenges that hinder the development and implementation of important programs intended to serve those most in need.

One of the most important steps in addressing obstacles to community development is identification and evaluation. In Riverside County, obstacles for CPD-funded activities include location and geography, limited resources, program restrictions and regulations, as well as language and culture. The County and nearly all CPD sub-recipients have bilingual staff sensitive to cultural traditions, issues, and values. For this reason many of our public notices, including notifications of CPD funding cycles and upcoming Citizen Participation meetings, are published in Spanish.

Riverside County is geographically very large; many of the targeted lower-income communities are located in remote rural areas, in the suburban fringe, and within large urban settings. One collaborative approach and effective tool used by the County is the community-based forum. These include the Community Councils, Municipal Advisory Councils, and County Service Area Advisory Boards. These non-elected public bodies provide ideal forums for residents and other

stakeholders to express their concerns and assess community development needs. Also, the County and other organizations have the opportunity to directly discuss programs, plans, projects, etc., during these meetings.

The County will continue to engage organizations, non-profit agencies, neighborhood councils, local businesses, community residents and stakeholders to develop an ongoing strategy to meet gaps in the provision of services and strengthen the effectiveness of the County's programs and initiatives.

Evaluating and Reducing Lead-Based Paint

5 Year Strategic Plan Lead-based Paint response:

Under the Residential Lead-Based Paint Hazard Reduction Act of 1992--Title X, a lead-based paint hazard is defined as "any condition that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects."

In a special tabulation of homeowner and renter data utilizing HUD and Census 2000 data, referred to as the Comprehensive Housing Affordability Strategy (CHAS) Data gathered from the State of Cities Data System (SOCDS), there were a total of 198,419 renter and owner households at or below 80 percent median family income (MFI) in the County of Riverside. There were a total of 55,066 extremely low-income households ($\leq 30\%$ MFI); a total of 57,357 very low-income households (> 30 to $\leq 50\%$ MFI); and a total of 85,996 low-income households (> 50 to $\leq 80\%$ MFI).

According to the National Survey of Lead and Allergens in Housing, a 2001 final report prepared for the Office of Lead Hazard Control for HUD, an estimated 38 million or 40 percent of housing units in the United States have lead-based paint on either the interior or exterior painted surfaces, or both. An estimated 26 million or 27% of housing units in the United States have significant lead-based paint hazards. In the West region of the United States, an estimated 3.5 million or 19% of housing units in the United States have significant lead-based paint hazards. In Riverside County, an estimated 19% of renter and owner housing units or 37,700 housing units are estimated to contain lead-based paint hazards for extremely low- and moderate-income and low- and moderate-income households.

5 Year Strategic Plan Lead-based Paint response:

The following are programs or proposed actions to evaluate and reduce lead-based paint hazards in the County:

Childhood Lead Poisoning Prevention Program: The Riverside County Department of Environmental Health (DEH), Office of Industrial Hygiene (OIH) as a tool in the identification of

the lead hazards in the home, the OIH operates California's Childhood Lead Poisoning Prevention Program (CLPPP) to test and identify children who are at high potential for lead poisoning based upon the age of the housing stock in the area and any other factors that indicate high risk for lead exposure.

Lead Hazard Reduction Compliance and Enforcement Program: In 2011, the OIH was awarded a 3 year, \$295,131 grant from the State of California for the Lead Hazard Reduction Compliance and Enforcement Program. The program's goal is to provide technical expertise in lead-based paint management. The OIH expects the program to be ongoing with additional funding through 2014.

Lead Hazard Control Program: State law, as implemented by Senate Bill 460, grants authority to local health departments to require the enforcement and prosecution of persons who refuse to abate lead hazards in housing occupied by low-income families with children. The Lead Hazard Control Program is funded under this grant and implements SB 460 which allowed changes to State health and housing laws to make creating lead hazards a crime.

Reducing the Number of Persons Living Below the Poverty Level

5 Year Strategic Plan Antipoverty Strategy response:

The American Community Survey (ACS) is an ongoing survey that annually provides data giving communities the current information they need to plan investments and services. Information from the survey generates data that help determine how federal funds are distributed each year. Official poverty data come from the Current Population Survey (CPS) Annual Social and Economic Supplement (ASEC). There are two slightly different versions of the U.S. (federal) poverty measure: the poverty thresholds and the poverty guidelines. The official measure of poverty was established by the Office of Management and Budget (OMB) in Statistical Policy Directive 14. The poverty thresholds determined by the U.S. government, and updated each year by the Census Bureau, use a set of money income thresholds that vary by family size and composition to determine who is in poverty. If a family's total income is less than the family's threshold, then that family and every individual in it is considered in poverty. The official poverty thresholds do not vary geographically, but are updated for inflation using the Consumer Price Index (CPI-U). The thresholds are used by Federal agencies mainly for statistical purposes; (e.g., preparing estimates of the number of Americans in poverty each year). Government aid programs do not have to use the official poverty measure as eligibility criteria. Many government aid programs use a different version of the Federal poverty measure- the poverty guidelines. They are issued each year in the *Federal Register* by the Department of Health and Human Services. The guidelines are a simplification of the poverty thresholds for use for administrative purposes; (e.g., determining financial eligibility for certain federal programs - each aid program may define eligibility differently).

Although there are many causes of poverty, some of the more pronounced causes of poverty include the following:

- low income-earning capability;
- low educational attainment and job skills;
- discrimination; and
- personal limitations (e.g. developmental and physical disabilities, mental illness, drug/alcohol dependency, etc.).

Some other important causes of poverty related to those mentioned above include: unemployment or underemployment; lack of affordable and decent housing; lack of policy and widespread community support for poverty issues (this includes the lack of additional funding and programs to address the problem of poverty); unaffordable childcare and health care; age; cultural and language barriers; lack of behavioral changes of people in poverty; limited access to services; transportation difficulties; stress; and strained family relationships. All of these barriers make it hard for low-income families to obtain and maintain employment, and therefore, housing and basic needs.

The proportion of the Riverside County population living below the poverty threshold varies widely by race and ethnicity. Although the many and varied solutions for the reduction or elimination of poverty appear endless, costly, and complex, the County utilizes a variety of strategies to help reduce the number of households with incomes below the poverty line, including efforts to stimulate economic growth and additional job opportunities. An example would be economic development activities that help create additional jobs. Economic development opportunities, such as higher paying jobs, are very important to low-income persons to gain economic self-sufficiency and live above the poverty level.

The Community Action Partnership of Riverside County (CAP), a public Community Action Agency administered by the Community Action Commission, is a department of the County of Riverside reporting directly to the Riverside County Board of Supervisors. CAP was designated as Riverside County's official anti-poverty agency in July, 1979. CAP strives to eliminate poverty by facilitating opportunities towards self-sufficiency through education, wealth building, advocacy, community organizing, and dispute resolution. These programs, along with other County programs, provide low-income residents with a variety of support mechanisms as they move toward self-sufficiency. Community Action works to change the institution of poverty while empowering the individual. CAP receives funding from public and private sources. Their primary funding source is the Federal Community Services Block Grant (CSBG) that is administered through the State of California, Department of Community Services and Development (CSD). CAP Riverside also relies on partners, volunteers, and in-kind services to leverage the funding.

The Riverside County Department of Public Social Services (DPSS) works collectively and in partnership with community-based organizations to serve the needs of the community. DPSS is responsible for administering programs and services that can assist Riverside County residents with basic needs and other services that can help them become self-sufficient and improve the quality of their lives. DPSS interacts with people on many levels, thereby impacting their daily lives through children's services, education, employment, training, health and human services, homelessness and housing.

Self-Sufficiency Programs Include:

- CalFresh (SNAP);
- CalWORKS;
- Childcare;
- Employment Services;
- Homeless Programs;
- Health Care Assistance
- Other adult services such as Adult Protective Services and In-Home Supportive Services;
- And Children's services such as Adoption Services and Foster Parent Services.

The County will continue to work closely with DPSS in servicing the needs of homeless during the ensuing five years. This joint effort has worked successfully in the past and the County agencies pledge their continuing support of the endeavor.

To the extent possible, the County plans to reduce the number of households with incomes below the Federal poverty level (extremely low-income households earning less than thirty percent (30%) of the AMI) through a combination of direct assistance and indirect benefit from neighborhood improvement activities. The County's Five-Year Consolidated Plan will support anti-poverty activities through the following:

- Rehabilitate substandard existing single-family or multi-family housing for income qualified owners or to owners who rent to income-qualified tenants.
- Provide increased affordable homeownership opportunities for low- and moderate - income households, including seniors and disabled.
- Rehabilitate or provide new affordable housing units that include handicap accessibility for seniors or the disabled.
- Encourage economic development in low- and moderate-income areas.
- Provide comprehensive homeless prevention and Outreach programs
- Provide Childhood Development, Child Care, and Youth Programs
- Encourage Substance Abuse Recovery and Counseling Programs
- Provide Job Training & Skills Development
- Provide Health Programs

In addition to the offered self-sufficiency programs, the County of Riverside has multiple programs that assist in the elimination of the barriers associated with poverty. These programs include Section 8, VASH, Shelter Plus Care, HOME, and other programs targeting special needs populations. Each of these programs provide rental assistance either through new construction, rehabilitation or tenant-based rental assistance mitigating the cost burdened issues for low-income households. Many of the program residents reap the benefits of choosing where they reside; however, they are encouraged to move to areas where they have adequate access to transportation and employment.

The County will continue to strive to increase affordable housing collaborative efforts with public and private sector entities, numerous advisory agencies, Community Housing Development Organizations ("CHDOs"), lending institutions, as well as other service providers including Catholic Charities, Office on Aging, and Code Enforcement.

Efforts to increase the participation of the CDBG, HOME, Low-income Tax Credit, Federal, State and other local housing program sources will be directed at:

- Strengthening the housing service delivery system by working more closely with the Housing Authority and by collaborating with non-profit organizations;
- Integrating community development block grant housing programs;
- Increasing the involvement of the Desert Advisory Council; and
- Working more closely with identified Community Housing Development Organizations ("CHDOs") as well as local city governments.

The following Riverside County EDA Housing Programs are offered to meet the goals and objectives of the County's Consolidated Plan and Redevelopment Housing.

Home Ownership

- Mortgage Credit Certificate (MCC) – Intended for interested buyers, the MCC entitles qualified home buyers to reduce the amount of their federal income tax liability. This tax credit effectively increases the homebuyer's purchasing power, which helps them qualify for a mortgage.
- First-Time Home Buyer (FTHB) Program – Down payment Assistance for qualified home buyers to purchase a new home.
- Neighborhood Stabilization Homeownership (NSHP) Program – The primary objective is to address the problem of abandoned and foreclosed homes in targeted areas within Riverside County. The Program is available to anyone who has not owned a home in the last three years, has an annual income that is not greater than 120% of the area median income as published by the U.S. Department of Housing and Urban Development (HUD), and is purchasing a foreclosed home in the County of Riverside. This Program will provide purchase price assistance as a silent second loan in the amount of twenty percent (20%) of the purchase price of the home. EDA purchase price assistance will be secured by a deed of trust recorded in second position. The first loan must be a fully amortized, fixed rate; thirty-year

mortgage. Due to the difficulty of locating foreclosed properties and recent market conditions, the County is not capitalizing on this program further.

The MCC, FTHB and NSHP programs may be combined with many other homebuyer programs that are offered by participating cities, participating lenders, and homeownership counseling services by HUD approved providers.

Home Repair – Improving Conditions of Substandard Housing

- Home Repair Program (HRP) –The HRP provides one-time grants to qualified low-income homeowners to repair or improve the quality of their homes. The grant allows homeowners to address both interior and exterior health and safety issues, Housing Quality Standards (HQS) and enhance the exterior appearance of their properties.
- Senior Home Repair Grant (SHRG) Program – The SHRG Program provides one-time grants to qualified low-income senior homeowners (62 years or older) or low-income handicapped persons of any age to repair or improve their homes. The grant requires that the repairs and or enhancements address health and safety issues exclusively.

Housing Development – New Construction, Acquisition, and Rehabilitation

- Home Investment Partnerships Act (HOME) Program – Intended for builders and developers, the HOME Program is designed to provide development of affordable housing to lower-income households, to expand the capacity of non-profit community housing development organizations (CHDO's), and to strengthen the ability of state and local governments to develop and implement affordable housing strategies towards local needs and priorities.
- Infill Housing Program – The Infill Housing Program is designed to promote the development of affordable single-family housing on previously vacant or blighted lots. The program requires the new homes be sold as affordable owner-occupied housing to low-income households with emphasis within the County's Redevelopment Project Areas. This program will end due to the dissolution of RDA.
- Mobile Home Tenant Loan Program—The "MHTL" program was established in 1999 to improve substandard living conditions for very low income households in unpermitted mobile home parks. The program assists mobile home owners whose units were determined to be beyond the point of rehabilitation by providing them with a 0% fixed interest rate loan in an amount up to \$60,000, contingent upon the amount necessary to make the unit code compliant.

Rental Assistance

- Section 8 Housing Choice Voucher Program – The Section 8 rental voucher program provides rental assistance to help low and moderate income families afford decent, safe, and sanitary rental housing.
- Affordable Public Housing – low-income family rental housing in Riverside County.
- The Housing Authority of the County of Riverside (HACR) is empowered under the State Housing Authority Laws to provide safe and sanitary housing for low-income persons. HACR

provides the following programs: Section 8 Rent Subsidy Program (8,828 vouchers), Public Housing Program (469 units), a Family Self-Sufficiency (FSS) program (Section 8 participants), Housing Opportunities for Persons With Aids (HOPWA), the Shelter Plus Care program in partnership with Mental Health Department, and also works with the Child Protective Services Division of the Department of Public Services assisting families with children. In addition, the Housing Authority of the County of Riverside (HACR) was designated as the Successor Agency of the redevelopment housing functions. As of February 1, 2012, all RDA housing projects and activities were transferred to HACR.

INSTITUTIONAL STRUCTURE

Addressing the community, social, and economic development needs of low and moderate-income people throughout the County is a comprehensive, and at times daunting undertaking. The formation of sustainable partnerships and collaboration is essential. The institutional structure comprises the private, public, and nonprofit organizations that help carry-out the Consolidated Plan for the Urban County. The relationships and interaction of these organizations as they deliver programs and undertake activities is known as the County's housing and community development delivery system.

These efforts bring more than just leveraged financial resources to a project; they provide additional experience, knowledge, information, facilities, strategies, and other valuable resources. The County continues to encourage and support the formation of these joint efforts for projects and activities that create viable, self-sufficient communities; decent, affordable housing; a suitable living environment; and expanded economic development opportunities for low-income persons. The County values its partners and affiliated agencies and recognizes their vital contributions to improving the health and well-being of the entire community. No one agency or organization alone can successfully accomplish the task.

Strengths and gaps regarding the institutional structure delivery system were identified as a result of the surveys, community meetings, forums, and other research. With multiple agencies providing a variety of services, there may be a general lack of coordination causing an overlap of services or issues with directing clients to the appropriate services increasing the possibility of a client falling through the gaps. The system is further complicated by the geographical challenges of the County. The vast distance between communities and cities contributes to the impediments encountered by private, non-profit, and government agencies attempting to provide public services to low-income residents. With the number and variety of participants in the delivery system it can be difficult to establish priorities and to allocate resources. In addition to these gaps in the delivery system, more recently as a result of local, state, and federal budget cuts, the Urban County participating jurisdictions have all encountered some level of staffing cuts resulting in a lack of dedicated staff resources and effective implementation of the CDBG program.

The County continues to play an important role in both facilitating and directly bringing together diverse interests toward developing new and strengthening existing institutional structures and enhancing coordination. So far, the process has been responsive to new and emerging issues, including new HUD rules and requirements, which are continually testing the strengths and gaps of delivery system. The County has developed and implemented the 2009-2014 Five-Year Consolidated Plan and subsequent Action Plans through public, nonprofit, and private sector partnerships and collaboration. This coordination of efforts and cooperation has been instrumental in meeting the wide-range of community development needs and will help carry out the Consolidated Plan for the Urban County.

County Agencies

The County of Riverside implemented the 2009-2014 Consolidated Plan and One Year Action Plans through the following agencies and organizations:

Riverside County Economic Development Agency (EDA)

EDA serves as the lead agency in coordinating and monitoring the use of Federal funds and is responsible for the administration of all HUD CPD programs for Riverside County. CPD program administration is structured by dividing the County into Supervisorial Districts (1st, 2nd, 3rd, 4th, and 5th). Individual staff members have been assigned to work in each of these areas and participate in a variety of activities at the local level.

On December 29, 2011, the California Supreme Court (the Court) issued its opinion regarding the constitutionality of AB1X 26 & 27. In their opinion, the Court upheld the provisions of AB1X 26, effectively eliminating redevelopment agencies statewide therefore, the County of Riverside Redevelopment Agency was officially dissolved as of February 1, 2012. As a result of that action, only obligated redevelopment funds will be available as leverage for use with Community Development Block Grant (CDBG) and/or Home Investment Partnership (HOME) funds.

The Housing Authority of the County of Riverside (HACR) is empowered under the State Housing Authority Laws to provide safe and sanitary housing for low-income persons. HACR provides the following programs: Section 8 Rent Subsidy Program (8,828 vouchers), Public Housing Program (469 units), a Family Self-Sufficiency (FSS) program (Section 8 participants), Housing Opportunities for Persons With Aids (HOPWA), the Shelter Plus Care program in partnership with Mental Health Department, and also works with the Child Protective Services Division of the Department of Public Services assisting families with children. In addition, the Housing Authority of the County of Riverside (HACR) was designated as the Successor Agency of the redevelopment housing functions. As of February 1, 2012, all RDA housing projects and activities were transferred to HACR.

The Department of Public Social Services (DPSS) serves as the lead agency and grantee for the Riverside County Continuum of Care (CoC). DPSS interacts with people on many levels, thereby impacting their daily lives through child care, education, employment, training, health

and human services, homelessness, and housing. The present day CoC Program resulted from the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH), which consolidated the three separate McKinney-Vento homeless assistance programs (Supportive Housing Program, Shelter Plus Care Program, and Section 8 moderate Rehabilitation SRO Program) into a single grant program. The CoC program is designed to promote community-wide planning and strategic use of resources to: address homelessness; improve coordination and integration with mainstream resources and other programs targeted to people experiencing homelessness; improve data collection and performance measurement; and allow each community to design programs to the particular strengths and challenges within the community.

The goal of DPSS is to facilitate a unified CoC whose role is to coordinate homeless efforts and is capable of meeting the varied needs of the County's homeless residents while at the same time establishing policies and procedures for such. The objective of reducing homelessness is promoted throughout the County by encouraging support from a wide-range of community stakeholders including businesses, community service groups, faith-based agencies, for-profit agencies, local government, neighborhood groups, non-profit organizations, and private foundations.

The Plan (CoC 10 Year Plan)¹⁵ to end homelessness approach involves focusing new and existing tools and resources on three sub-populations of homeless persons that encompasses all homeless and at-risk of becoming homeless person within the County. The three sub-populations of focus will include:

- Chronic Homeless Persons;
- Episodic Homeless Persons; and
- Person at-risk of becoming Homeless

EDA consulted with DPSS in servicing the needs of the homeless during the Consolidated Plan five year period. This joint effort has worked successfully in the past and EDA pledges its continuing support of the endeavor.

The Neighborhood Enhancement Unit (NEU)

The County is continuing its commitment of CDBG funds for this *Special Neighborhood Clean-Up Campaign*. The NEU helps residents create a safer living environment, remove blight, and take an active role in the improvement of their community. The NEU works with communities and their leaders in their respective districts to provide educational materials and resources to residents including: community cleanups, Spanish/English workshops, school assemblies, and community information fairs. They attend community meetings and participate with other

County departments in answering questions and providing information on health and safety issues, community sustainability programs, and slum and blight eradication services.

Code Enforcement

The County continues to provide various Housing Code Enforcement/Rehabilitation Programs through the Code Enforcement Division, under the umbrella of the Transportation and Land Management Agency. This Division is responsible for inspections and enforcing County ordinances relating to public nuisances, zoning violations, and other issues relevant to the needs of the unincorporated communities. Code Enforcement currently uses CDBG funds to pay for costs associated with the enforcement of local codes.

Code Enforcement is identified as a priority, especially in the lower-income and blighted target areas throughout the County. Code Enforcement priorities consist of inspecting substandard structures that have been determined to be uninhabitable and pose a threat to public health and safety in deteriorated areas. Code enforcement together with public/private sector improvements are expected to reverse the decline in these areas.

Urban County Program Participants

The following cities participated in the County's 2013-14 CPD program and were responsible for delivering specific programs and activities in their communities:

- | | |
|--|------------|
| 1. City of Banning | District 5 |
| 2. City of Beaumont | District 5 |
| 3. City of Blythe | District 4 |
| 4. Canyon Lake | District 1 |
| 5. City of Coachella | District 4 |
| 6. City of Desert Hot Springs | District 4 |
| 7. City of Eastvale | District 2 |
| 8. City of Indian Wells | District 4 |
| 9. City of La Quinta | District 4 |
| 10. City of Lake Elsinore (Metro City) | District 1 |
| 11. City of Murrieta | District 3 |
| 12. City of Norco | District 2 |
| 13. City of San Jacinto | District 3 |
| 14. City of Wildomar | District 1 |

The City of Lake Elsinore chose to participate in the County's Urban County program as a Joint Metro City/Urban County participant. The City's allocation for 2013-14, as determined by HUD, was \$382,565 less twelve percent (12%) retained by the County for administering the City's CDBG program. Lake Elsinore funded eight (8) projects (including Admin) for the 2013-14 program year totaling \$382,565. The activities included CDBG program administration, public

service, public facility, and code enforcement.

Major Nonprofit Organizations

This section provides a sampling of the many non-profit organizations that provide viable and essential services to low-income residents.

Senior Services

Family Service Association of Western Riverside County
Murrieta Senior Center

Youth Services

Boys & Girls Club of San Geronio Pass
Operation Safehouse
Eastvale Community Foundation

Homeless Services

Martha's Village and Kitchen
Roy's Desert Resource Center
Path of Life Ministries

Food Pantry's

Helping People in Need (H.O.P.E.)
Community Food Pantry of Murrieta

Domestic Violence

Safe Alternatives for Everyone
Alternatives to Domestic Violence

Health Services

Michelle's Place, Breast Cancer Resource Center
Martha's Village and Kitchen

Community Development Housing Organizations (CHDO)

The County is required to allocate a minimum of 15% of its HOME funds for use by certified Community Housing Development Organizations (CHDOs) for new construction, acquisition, and/or rehabilitation of affordable rental housing. CHDOs are required to recertify with the County annually to be eligible to apply for HOME funds. To recertify, CHDOs must meet the guidelines defined in Section 92.2 of the HOME final rule, 24 CFR part 92.

In allocating CHDO funds, the County requires CHDOs to direct their activities towards low- and moderate-income households. These activities include providing affordable housing for low-

income households and appropriate housing for elderly and disabled households. The County is in compliance and anticipates exceeding the 15% threshold.

Coachella Valley Housing Coalition and Riverside Housing Development Corporation are currently certified as a CHDO by the County. The County obligated \$474,000 in CHDO set-aside funds for FY2013-2014. A total of \$2,260,734 was expended for CHDO funded projects during FY 2013-2014.

Overcoming Gaps in Institutional Structure

In addition to national objectives and performance measurements, the County must weigh and balance the input from different groups and assign funding priorities that best bridge the gaps in the County's service delivery system. Addressing the community, social, and economic development needs of low and moderate-income people throughout the County is a comprehensive, and at times daunting undertaking. The formation of sustainable partnerships and collaboration is essential. The institutional structure comprises the private, public, and nonprofit organizations that help carry-out the Consolidated Plan for the Urban County. The relationships and interaction of these organizations as they deliver programs and undertake activities is known as the County's housing and community development delivery system.

These efforts bring more than just leveraged financial resources to a project; they provide additional experience, knowledge, information, facilities, strategies, and other valuable resources. The County continues to encourage and support the formation of these joint efforts for projects and activities that create viable, self-sufficient communities; decent, affordable housing; a suitable living environment; and expanded economic development opportunities for low-income persons. The County values its partners and affiliated agencies and recognizes their vital contributions to improving the health and well-being of the entire community. No one agency or organization alone can successfully accomplish the task.

Strengths and gaps regarding the institutional structure delivery system were identified as a result of the surveys, community meetings, forums, and other research. With multiple agencies providing a variety of services, there may be a general lack of coordination causing an overlap of services or issues with directing clients to the appropriate services increasing the possibility of a client falling through the gaps. The system is further complicated by the geographical challenges of the County. The vast distance between communities and cities contributes to the impediments encountered by private, non-profit, and government agencies attempting to provide public services to low-income residents. With the number and variety of participants in the delivery system it can be difficult to establish priorities and to allocate resources. In addition to these gaps in the delivery system, more recently as a result of local, state, and federal budget cuts, the Urban County participating jurisdictions have all encountered some level of staffing cuts resulting in a lack of dedicated staff resources and effective implementation of the CDBG program.

The County continues to play an important role in both facilitating and directly bringing together diverse interests toward developing new and strengthening existing institutional structures and enhancing coordination. So far, the process has been responsive to new and emerging issues, including new HUD rules and requirements, which are continually testing the strengths and gaps of delivery system. The County developed and implemented the 2009-2014 Five-Year Consolidated Plan and subsequent Action Plans through public, nonprofit, and private sector partnerships and collaboration. This coordination of efforts and cooperation has been instrumental in meeting the wide-range of community development needs and will help carry out the Consolidated Plan for the Urban County.

The following issues have been identified:

- Geographic location of governmental, private, and non-profit agencies
- Communication gaps between the private and public sectors
- Lack of public awareness of services and needs
- Local politics and agendas
- Local policies and procedures
- Institution barriers (service area and competition for limited funding source)
- Underutilization of non-profit agencies as partners
- Language barriers
- Community apathy
- Funding policies on programs
- Cultural views, belief, and acceptance of government assistance

The County will continue to take specific actions to overcome these obstacles by using all available resources such as annual meetings with service providers and improving communication by the posting of notices and information on websites.

Enhancing Coordination

Coordination efforts have been instrumental in meeting the wide-range of community development needs in the County. The County has taken the initiative to develop more opportunities and continues to encourage and support the formation of these joint efforts for projects and activities that will create viable, self-sufficient communities; decent, affordable housing; a suitable living environment; and expanded economic development opportunities for low-income persons.

The County strives to increase affordable housing collaborative efforts with public and private sector entities, numerous advisory agencies, Community Housing Development Organizations ("CHDOs"), lending institutions, as well as other service providers including Catholic Charities, Office on Aging, and Code Enforcement. Efforts to increase the participation of the CDBG,

HOME, Low-income Tax Credit, Federal, State and other local housing program sources will be directed at:

- Strengthening the housing service delivery system by working more closely with the Housing Authority and by collaborating with non-profit organizations;
- Integrating community development block grant housing programs;
- Increasing the involvement of the Community Council, Housing Review Committee, and the Municipal Advisory Council (MAC); and
- Working more closely with identified Community Housing Development Organizations ("CHDOs") as well as local city governments.

The County continues to expand its relationships with a variety of groups and agencies in an effort to better meet the needs of the community. Addressing the community, social, and economic development needs of low- and moderate- income people throughout Riverside County is a comprehensive and daunting undertaking. No one agency or organization alone can successfully accomplish the task. The formation of sustainable partnerships and collaboration is essential. These efforts bring more than just leveraged financial resources to a project; they provide additional experience, knowledge, information, facilities, strategies, and other valuable resources.

Actions to Overcome or Eliminate Impediments to Fair Housing Choice

Analysis of Impediments (AI) to Fair Housing Choice

The County completed a Fair Housing Impediments Study in March 2014. The results included an audit analysis conducted by the Fair Housing Council of Riverside County (FHCRC) which suggests that housing discrimination persists county-wide, in subtle and not so subtle forms, particularly in the categories of disability and race, and in the mortgage lending industry. The following issues were identified as current impediments to fair housing county-wide. Some of the recommended strategies may support already existing or proposed programs within Riverside County. These suggestions are still included to emphasize their importance.

1. Lack of Affordable Housing
2. Lack of Available Housing
3. Marketing and Viewing of Available Units
4. Rental Housing Qualification Criteria
5. Predatory Lending and Steering
6. Predatory Lending Practices

In addition, the following impediments identified in the 2009 Fair Housing Impediment Study continue to be addressed:

Impediment 7: Unequal Treatment in Sale and Rental Housing

Impediment 8: Discrimination in Housing Accessibility

Impediment 9: Discrimination in Rates of Housing Loan Approvals

Impediment 10: Potential Impediments Created Through Housing Elements

Impediment 11: Potential Impediments Created Through Land Use Controls

Impediment 12: Cost of Housing as an Impediment to Fair Housing

Impediment 13: Shortfalls in the Fair Housing Council's Data Collection

Impediment 14: Discrimination Based on Disabilities

Impediment 15: Reluctance to Rent to Section 8 Recipients

AI Recommendations and Actions Undertaken in Program Year 2013-2014

The implementation of the following recommendations, as identified in both the 2014 and 2009 Fair Housing Impediment Studies helped ensure access to fair housing during the 2013-2014 FY:

Impediment 1: Lack of Affordable Housing

Recommendations:

- Alleviate governmental constraints which add to the cost of housing and developer costs.
- Reduce the cost of housing to the consumer, be it rental or single-family homes, through the elimination of unnecessary governmental actions, policies and regulations.
- Increase the number of Agency funded affordable single and multifamily housing projects.

Impediment 2: Lack of Available Housing

Recommendation:

- Increase the number of Agency funded affordable single and multifamily housing projects.

Impediment 3: Marketing and Viewing of Available Units

Recommendation:

- Rental property owners, managers, and realtors should be encouraged to provide written documentation to all applicants which include the listings of all available housing, standard information on the terms and conditions of the application process, posting Fair Housing informational signs and providing Fair Housing literature.

Impediment 4: Rental Housing Qualification Criteria

Recommendation:

- Encourage rental property owners, managers, and realtors to provide written documentation to all applicants including the listings of all available housing, standard

information on the terms and conditions of the application process, such as income qualifications, down payments, and other fees and expenses, posting Fair Housing informational signs, and providing Fair Housing literature.

Impediment 5: Predatory Lending and Steering

Recommendations:

- Continue to provide homebuyer education, credit counseling, and fair housing counseling and awareness training to the first-time home buyers and homeowners, particularly low-income and very low-income applicants.

Impediment 6: Predatory Lending Practices

Recommendations:

- Contract with the Fair Housing Council of Riverside County, Inc., to conduct audit testing.
- Continue to develop, expand, and provide more education and outreach to housing providers, community organizations, and the general public requesting housing discrimination, fair housing laws, and services provided by the Fair Housing Council.
- Continue homebuyer education programs and ongoing education for participants in the first time homebuyer program that the Fair Housing Council offers.

Impediment 7: Unequal Treatment in the Sale and Rental of Housing

Recommendations:

- Conduct periodic audits to determine the nature, extent, and changes in housing discrimination.
- Track complaints to determine the nature, extent, and changes in housing discrimination throughout the audited cities.
- Enhance County and Fair Housing Council's anti-discrimination campaigns.
- Promote fair housing laws in rental housing, mortgage lending, and real estate sales markets within the audited cities.
- Encourage rental property owners, managers, realtors, and lending agents to provide written information to all applicants that includes the listing of all available housing, standard information on the terms and conditions of the application process, posting Fair Housing informational signs, and providing Fair Housing literature.

Impediment 8: Discrimination in Housing Accessibility

Recommendations:

- Provide diversity through education, training, and outreach seminars.
- Continue to enhance community outreach activities and promote cultural diversity training and promote Fair Housing laws which now include gender identity and gender expression under the protected class of sex. and cultural diversity training.

Impediment 9: Discrimination in Rates of Housing Loan Approvals*Recommendation:*

- Provide homebuyer education, credit counseling, and fair housing counseling and awareness training to first time home buyers and homeowners.

Impediment 10: Potential Impediments Created Through Housing Elements*Recommendation:*

- Ensuring that CDBG cooperating cities that have an approved Housing Element incorporates state mandated density rules into their respective zoning ordinances. Not all CDBG Cooperating cities evaluated in the impediment studies have an approved Housing Element

Impediment 11: Potential Impediments Created Through Land Use Controls*Recommendations:*

- Ensure that Cooperating Cities have an approved Housing Element.
- Continue to advocate zoning ordinances that provide Density Bonus projects, a wider range of zoning to meet affordable housing needs, and reduction in developer fees.
- Encourage Cooperating Cities to establish a wider range of zoning and specific plan implementation to meet affordable housing needs.
- Encourage Cooperating Cities to develop zoning codes similar to Riverside County's Ordinance 346.

Impediment 12: Cost of Housing as an Impediment to Fair Housing*Recommendations:*

- Alleviate governmental constraints including the reduction of developer fees.
- Encourage each Cooperating City to develop a fast track/priority processing systems for affordable projects.
- Reduce the cost of housing to the consumer, be it rental or single-family homes, through the elimination of unnecessary governmental actions, policies, and regulations.

Impediment 13: Shortfalls in the Fair Housing Council's Data Collection*Recommendation:*

- Continue to enhance the current tracking system to target the existence of, or lack of, discriminatory practices, and tailor specific remedies for problems discovered.

Impediment 14: Discrimination Based on Disabilities*Recommendations:*

- Provide education and outreach to housing providers through seminars or community workshops in educating the current law on discrimination against the disabled.
- Expand or explore the type of disability discrimination prevalent in certain communities and target the outreach appropriately. Future audits could include wheelchair testers and other protected class groups such as persons with AIDS and mentally ill person.

- Work in cooperation with and support the efforts of non-profit community service providers that assist disabled persons in locating suitable housing through information, referrals, and community education.

Impediment 15: Reluctance to Rent to Section 8 Recipients

Recommendation:

- Provide information and counseling to new recipients of government rental subsidies to assist them in dealing with reluctant landlords and finding suitable housing.

All impediments were also addressed by implementing the following recommendations during the FY:

- Promoting fair housing laws in rental housing, mortgage lending and real estate sales markets.
- Continuing to develop anti-discrimination campaign and literature.
- Partnering with the FHCRC to increase fair housing, first time homebuyer education, and credit and counseling services.
- Broadening the understanding of the diversity of cultures through more education, training and outreach seminars, regarding fair housing laws and cultural sensitivity issues to rental property owners, property management companies and agents, as well as apartment owner associations and renters.

Affirmatively Furthering Fair Housing

(2010 Census --Riverside County population 2,189,641 with the present population of 2,292,507)

Housing impediments are considered to be substantial barriers to fair housing choices for the affected individual/families due to the fact that impediments potentially prevent access to housing, a basic and vital need. Impediments are known to produce multiple effects on a family's social structure, enforce negativity, attack the quality of education, exacerbate health and safety problems through overcrowding, and stifle economic growth within communities.

In the past, impediments were primarily seen as race, color, national origin, religion, sex, familial status (presence of children), disabilities, age, marital status, and social economics. Today, the Fair Housing Council of Riverside County, Inc. (FHCRC) continues to see evidence of the impediment that has been created due to substandard lending practices within the housing/lending industry. With the impact of this county's high foreclosure rate, the FHCRC anticipated the increased need for affordable rental housing. In addition, with the increase of low-income individuals being evicted from their apartments due job loss, there may also be an increase in homelessness.

During the 2013-2014 FY, FHCRC has continued to reduce housing injustice through intensified education and outreach activities resulting in an enhanced awareness of fair housing laws and outreach activities. The foreclosure problem for many throughout the County caused a significant increase in calls for service.

Although the housing crisis remains prevalent and cumbersome, FHCRC's First Time Home Buyers Program has grown immensely and the individuals receiving education through the First Time Home Buyers Workshops will undoubtedly improve the future of homeownership in the County of Riverside. The following summary provides a synopsis of FHCRC's 2013-2014 activities to further Fair Housing with the County of Riverside.

1. Anti-discrimination and Enforcement Activities

FHC received 216 discrimination complaints countywide (Western/Eastern unincorporated and co-operating cities). The categories of complaints were: age, ancestry, arbitrary, color, familial status, gender, marital status, mental disability, national origin, physical disability, race, religion, sex, sexual orientation, and source of income. The highest percentages of complaints were received in the categories of national origin (31%) and physical disability (27%). The remaining areas were familial status (20%), race (6%), mental disability (5%), sex (4%), source of income (2%), age (1%), arbitrary (1%), marital status (1%), religion (1%), and sexual orientation (1%). There were no complaints under the categories of ancestry, color, or gender.

2. Landlord/Tenants/Home Buyer Complaints

During the reporting period 2,038 calls regarding general housing problems were received. The highest percentage of complaints was in the categories of repairs (22%). The remaining reported issues were: notices (15%), evictions (11%), lease/rental terms (11%), deposits (9%), other (8%), habitability (6%), entering\harassment (4%), mobile homes (4%), mold (2%), occupancy standards (2%), rent increase (2%), affordable housing (1%), foreclosure issue (1%), rental assistance (1%), and Section 8 issues (1%). There were no complaints regarding homeless assistance referrals, late fees, and lead during this reporting period.

3. Foreclosure Prevention/First Time Buyer Program

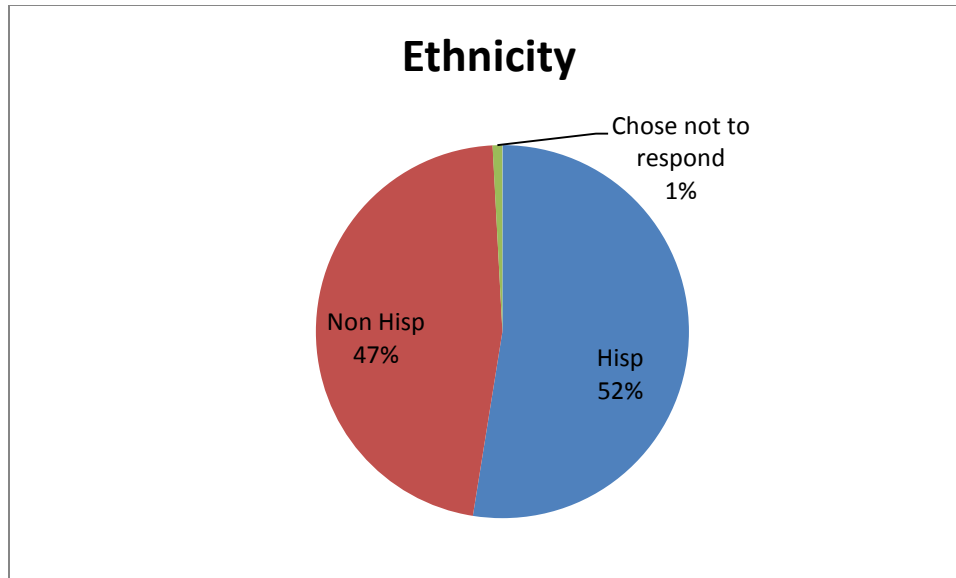

FHC's Foreclosure Prevention and Default Counseling Department Program assist homeowners who are delinquent, threatening default, or going through foreclosure. Three Foreclosure prevention workshops were held during the FY.

The Foreclosure Intervention and Default Counseling Department assisted Post-Purchase Clients which resulted in 143 clients receiving foreclosure prevention/budget counseling and 143 clients entered debt management. Among other outcomes, 5 client modified their mortgages, 1 client brought their mortgages current and 137 persons are in-process with the servicer. Complete foreclosure intervention counseling statistics are published in the Fair Housing Council's Quarterly Reports.

The First Time Home Buyer Program consisted of explaining the home buying process, how to qualify for a loan, placing a down payment, budgeting and credit. Sixteen workshops were held during the FY which resulted in assisting 327 Pre-Purchase Clients. In addition, FHCRC has also provided one-on-one pre-purchase counseling to 122 households.

%AMI	Foreclosure	one-on-one	FTHB	FTHB PERRIS

Total	143	122	194	133

4. Education Seminars (Municipalities and Service Providers)

FHCRC conducted 10 "Fair Housing Law and Practices Workshops" for property owners, managers, realtors, lenders, renters and maintenance personnel throughout the County and trained nearly 300 housing providers. In addition, FHCRC conducted presentations at 32 various meetings. Last, FHCRC held the 2014 Housing Conference and the 12th Annual Champions for Justice where there were over 200 persons in attendance at each event. Topics of discussion were rejuvenation, affordable housing, education, reasonable accommodations and modifications, and economic development for the community within a downtrend market.

5. Outreach

FHCRC has developed a strong outreach program that can be recognized throughout the County. Outreach efforts included door to door canvassing, networking with other agencies, and participating at various community events such as Fair Housing Month, County Health Fairs, various Community Workshops, and other County wide Community Fairs. Overall, nearly 11,000 pieces of literature were disseminated.

Marketing efforts included: TV Public Service Announcements (over 100,000 Subscribe); Radio – over 200,000 listeners; Print (newspaper, Crime Free Newsletter, Brochures) - 450,000 Pieces distributed; and FHCRC website over 600,000 hits.

X.**CR-40 - Monitoring 91.220 and 91.230**

Description of the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Citizen Participation Plan 91.105(d); 91.115(d)

Description of the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Ensuring Compliance with Program and Comprehensive Planning Requirements

The County has identified two separate yet related components of effective CPD Program monitoring: internal (EDA) and external (Sub-recipients). Internal monitoring encompasses the actions, procedures, and performance of EDA staff - the CSD staff assigned to CDBG and ESG as well as staff assigned to the Housing Ownership and Rehabilitation Division. External or sub-recipient monitoring is directed at those organizations or entities receiving CDBG or ESG funding. These include the cooperating cities/metropolitan cities and their sub-recipients, Sponsors (non-profits), and County Agencies. Monitoring can take a number of forms and can include review of progress reports, telephone consultation, and performance of on-site assessments.

In accordance with HUD CPD program regulations, the County continually monitors all CPD-funded sub-recipients and their activities. The County's CPD Program Monitoring Policies were developed and adopted in April, 2006, through Administrative Program Notice 2006.01, to ensure compliance with 24 CFR 570.502 (CDBG), 24 CFR 576.61 (ESG), and *24 CFR Part 85.40 (a)*.

HUD regulation *24 CFR Part 85.40 (a)* provides for the general program monitoring responsibilities of the County in the administration of the HUD-funded CPD programs. Grantees are responsible for managing the day-to-day operations of grant and sub grant supported activities. Grantees must monitor grant and sub grant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function, or activity.

Monitoring activities of sub-recipients are carried out through the following methods:

- Federal Regulatory Compliance – Staff ensures that all CPD funded activities comply with applicable Federal regulations including environmental clearance, labor compliance,

procurement procedures, affirmative action, equal opportunity, and fair housing.

- CPD-Funded Project Review – Adherence to community priority needs as set forth in the Five-Year Consolidated Plan. Staff reviews and analyzes all proposed CPD projects.
- Contracts and Agreements – As contracts are written, strict controls are placed on the use of funds. County Counsel and staff ensure that all contracts between the County and CPD sub-recipients and sub-tier contracts contain the necessary language detailing HUD and County requirements.
- Project Reporting – Performance measures are established as part of the agreement. CPD sub-recipients are required to submit a report on the programs ability to meet an “overall benefit” requirement on a monthly, quarterly, and annual basis. This enables staff to monitor the effectiveness of the funded projects.
- On-site Visits – EDA staff conducts on-site monitoring visits annually for technical and financial oversight, including progress of the sub-recipient’s work plan, performance schedule, and budget. Maintaining a staff liaison with the recipient eliminates potential problems and resolves performance problems before they become major issues. Site visits include, but are not limited to: monitoring recipients for compliance with the terms and conditions of the executed contract; assuring that recipients account for proper use and accounting of program income; assuring that recipients submit required organizational audits; assuring recipient’s requests for reimbursement are submitted in a timely manner and in the proper format; and assuring recipients are maintaining current files and records. A *site visit/monitoring sheet*, with findings, is completed by staff, and placed in the project file. If a recipient is found in violation, written notification of findings is provided to the sub-recipient. A follow-up monitoring visit(s) is conducted, if necessary.

The criteria for additional or more extensive monitoring visits and the selection of monitored organizations include the following:

- Recipient experiencing negative audit findings, continuous HUD investigations, (or other legal forms of investigations) complaints;
- Recipient with no previous CDBG experience;
- Project complexity, size or grant amounts (i.e., the larger the grant, the more complex the project, or size of the project);
- Extensive use of subcontractors in carrying out activities;
- Subrecipients that use the most Block Grant dollars.

Monitoring can take a number of forms and can include review of progress reports, telephone consultation, and performance of on-site assessments. The three basic goals for oversight and monitoring of the progress and performance of ESG grantees/recipients include:

- Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
- Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
- Enhance and develop the management capacity of grantees or recipients.

All sub-recipients of ESG funds are required to involve or encourage involvement of participants in the operation of an ESG-funded program or facility. ESG sub-recipients will be required to provide documentation during EDA monitoring visits of their efforts to seek the participation of the homeless or formerly homeless.

HOME Projects:

- Each agreement for the use of HOME funds for affordable housing projects is approved by the Riverside County Board of Supervisors and is governed by the HOME agreement which sets forth the guidelines for each project. The majority of HOME agreements require the delivery of HOME project compliance reports on an annual basis. These reports are reviewed for compliance with the HOME agreement requirements and HOME regulations on a semi-annual basis.
- In addition to the review of annual compliance reports, compliance staff conducts yearly site visits, the level of which is determined based upon program requirements, regulatory agreements, and the use of a risk assessment tool. Staff also facilitates semi-annual Monitoring Technical Assistance Workshops, which are geared towards property owners and property management company personnel, to address monitoring requirements and compliance concerns.
- During the reporting period, compliance staff continued to implement a compliance review system as detailed in the division's Monitoring Desk Procedures. Throughout the course of the FY, over 39 HOME projects, 36 RDA funded projects, 8 BOND funded projects, and 3 CDBG funded projects were monitored to ensure compliance with affordable rent and income restrictions. Monitoring entailed both on-site physical inspections and the desk review of annual compliance reports. Concerted efforts were made to ensure that all housing projects remained in compliance with their regulatory agreements during the FY.

- In the instances where noncompliance concerns were identified, they were in the area of over-income tenants residing in low-income restricted units and nonuse of an approved utility allowance. In cases where compliance findings were identified, noncompliance notification was issued by compliance staff and individualized assistance was provided as needed. By the end of the reporting period, all projects which received findings either submitted documentation evidencing the correction of findings or the projects submitted formal statements regarding their plans to adequately address the findings. The continued implementation of a Risk Assessment Tool further enabled compliance staff to identify projects which would be most in need of technical assistance.
- Cooperative efforts with the County's Planning Department resulted in the Housing Division's increased marketing of its programs. Inter-departmental collaboration also occurred in the pooling of housing development resources as well as joint efforts in reporting the agency's activities with regard to the Housing Element for the County of Riverside.
- In addition to the review of annual compliance reports, compliance staff conducts yearly site visits, the level of which is determined based upon program requirements, regulatory agreements, and the use of a risk assessment tool.

Citizen Participation and Comments

Citizen Participation Process for CDBG, HOME, and ESG Programs

The Riverside County Economic Development Agency (EDA) is the lead County agency responsible for the administration, planning, reporting, and monitoring of three CPD –funded programs: CDBG, HOME, and ESG. The EDA sought and encouraged community-wide participation in the development of the 2013-2014 One Year Action Plan through a community and resident outreach and participation process. To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan which establishes policies and protocols for comprehensive community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen Participation Meetings
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
3. Urban County Participating Cities

A *Notification of Funding Availability* was published in August, 2012, for the 2013-2014 CDBG, ESG, and HOME programs. From September 2012 through February 2013, the County initiated its Citizen Participation (CP) process by notifying cooperating cities, community members, and public/private sector agencies of the 2013 CPD Program Year.

In an effort to broaden public participation, the agency conducted Citizen Participation Public Meetings throughout the County's CPD program area. Public meetings were held in Mecca, Oasis, Ripley/Mesa Verde, North Shore, Good Hope/Meadowbrook, Mead Valley, and Desert Edge. These communities are representative of the unincorporated communities in the County with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs.

The public meetings were held at times and locations convenient for potential and actual program beneficiaries. Citizens were invited to attend the meetings to learn about the programs and services available to them, express their views on their community's housing and community development needs, prioritize community needs, and comment on prior program performance. Prior to the Public Meetings, a County-wide notice, in English and Spanish, was published in newspapers of general circulation and made available on the Economic Development Agency's website announcing the purpose, date, time, and location of the meetings.

During the CP meetings, staff discuss the anticipated CPD allocations; priority community, social, and economic development needs; and accomplishments. This is an essential part of the planning process for the future use of CPD funds. CP meetings were also held in the cooperating cities to report on past CPD performance, request citizen input in identifying housing and community development needs, and comment upon proposed funding allocations.

The principal stakeholders in the Citizen Participation process are:

- a. Residents;
- b. Community Councils and Municipal Advisory Councils (act as the forum for communication between the County and the citizens);
- c. The County Board of Supervisors (who must approve the Federal Grant application and all substantial reprogramming decisions);
- d. Economic Development Agency staff; and
- e. Activity Sponsors (non-profit and public agency service providers)

The County also developed and distributed a comprehensive Housing and Community Development Needs Assessment survey for residents, service providers, and other stakeholders to solicit community opinions and concerns. The survey was distributed throughout the County and was made available in English and Spanish and was also available on-line.

The survey incorporated seven general needs categories: Community Facilities, Community Services, Infrastructure, Employment and Commuting, Childcare, Economic Development, and

Accessibility. Within each category, various subcategories were defined such as Senior Citizen Centers under the Community Facilities category and Health Services under the Community Services category. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs, assign priority among these needs, as well as participate in the development of affordable housing, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons.

The County also sought assistance from the fourteen (14) cities participating in the Urban County Program in the development of the County's 2013-2014 One Year Action Plan. Each city was strongly encouraged to facilitate and support the participation of all residents in the identification and assessment of community development needs by conducting a comprehensive survey, public meetings, and public hearings within their cities.

The Citizen Participation process is necessary to ensure adequate citizen involvement in the determination of Riverside County's community needs and investment in housing, homelessness, community development, and economic development for the five-year Consolidated Plan period. The prioritization and investment decisions are a result of collective efforts and serve to identify immediate and long range needs and objectives.

In order to broaden public participation even further, EDA contacted non-profit social service providers, special districts, and other County departments and agencies to publicize the community meetings. The Resident survey was prepared in English and Spanish in an effort to increase participation by Spanish-speaking residents.

CAPER FY 2013/14 Process

The County strongly supports and encourages the participation, input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs and the development of the CAPER. This is primarily accomplished through the County's (EDA) ongoing participation in grass-roots and community-based taskforces, committees, community councils, advisory boards, and other forums.

In addition, the County invited residents and stakeholders to participate in the CAPER process through the opportunity of viewing the draft CAPER and making comments from September 7, 2014 through September 23, 2014. A notice was published indicating that copies of the draft CAPER would be available for public review at the offices of the Economic Development Agency and web site, www.rivcoeda.org. Copies of the final CAPER are available upon request and may be requested in person or by mail. The CAPER is also available in printable format on the web site referenced above.

No comments were received on the 2013-2014 CAPER.

Pursuant to *24 CFR 91.105(e)*, a public hearing will be held in December, 2014, as part of the regular Board of Supervisor meeting to obtain the views and comments of residents, service providers, local governments, and other interested parties regarding:

- The performance of the County's HUD/CPD-funded programs (Community Development Block Grant (CDBG), Home Investment Partnership Act (HOME); and the Emergency Solutions Grant (ESG) as related to the 2013-2014 Consolidated Annual Performance and Evaluation Report (CAPER).

Written comments submitted to EDA will be included in the summary of comments, together with 2013-2014 CDBG, HOME, and ESG accomplishments, to be presented at the public hearing.

All residents are given reasonable access to information and records regarding the CAPER. EDA policy is that program records maintained on file, requiring research and compilation will be provided within a reasonable time period upon receipt of a written request, which specifically states the information desired.

The public was notified that for all steps and/or actions related to the CAPER and Citizen Participation process accommodations under the Americans with Disabilities act are available upon request.

Self-Evaluation

The *Housing and Community Development Act of 1974*, as amended, and the *National Affordable Housing Act of 1990*, require the annual submission of performance reports by grant recipients receiving federal assistance through programs covered under these Acts. Additionally, these Acts require that a determination be made by the Secretary that the grant recipient is in compliance with the statutes and regulations and has the continuing capacity to implement and administer the programs for which assistance is received. The applicable regulations of 24 CFR Part 91.525 require the County to evaluate and report to the public on the County's overall progress in: the management of its CPD program funds; compliance with the Consolidated Plan; the submittal of accurate performance reports; and the extent to which progress has been achieved toward the statutory goals identified in 24 CFR Part 91.1 of the Consolidated Plan regulations.

In conducting this evaluation, the County relied primarily upon this document, the Consolidated Annual Performance and Evaluation Report (CAPER), which will be submitted to HUD, by the County, for its Program Year ending June 30, 2014. In addition, we considered technical assistance, communications, and the County's response to citizen comments and/or complaints. This section constitutes a brief synopsis of this evaluation.

The County of Riverside has continued its commitment to meeting priority goals outlined in the 2009-2014 Five Year Consolidated Plan. The overall goal of the Community Planning and Development (CPD) programs as stated in the Consolidated Plan is to develop viable communities by providing decent and affordable housing, a suitable living environment, and expanding economic development opportunities principally for low and moderate income persons. The Consolidated Plan outlined the following priority goals to complete the overall goal of the CPD programs:

- Affordable Housing
- Homelessness
- Other Special Needs
- Non-Housing Community Development
- Removal of Barriers to Affordable Housing
- Lead Based Paint Hazard Reduction
- Anti-Poverty Strategy

In addition, the County established the following long-term objectives for non-housing community development priority needs:

- Infrastructure Improvements
- Public Facility Improvements
- Economic Development, including job creation and retention activities
- Public Services
- Special Neighborhood Cleanup Campaigns to arrest further deterioration of physically deteriorated areas
- Commercial and Industrial improvements by Section 204 sub-recipients
- Property inspections and follow-up actions directly related to the enforcement of state and local codes

The County of Riverside through the Economic Development Agency (EDA), set forth efforts to strengthen the housing delivery system and has been successful (as indicated in the affordable housing sections of the CAPER) at making an impact on identified needs by leveraging funding sources to provide affordable housing. As with most of the priority goals, the needs far outweigh the County's available resources. Through programmatic changes, the Economic Development Agency has been able to promote enhanced coordination between Riverside County Service Areas, Riverside County Office on *Aging*, *Riverside County Department of Community Action*, *Riverside County Department of Public Social Services*, *Housing Authority of the County of Riverside*, *Fair Housing Council of Riverside County Inc.*, and a variety of non-profit organizations.

Federal funding sources were maximized to the greatest extent possible by leveraging with available state and local funding. The primary housing resources are federal funds under the

HOME, CDBG, Continuum of Care Program, ESG (Emergency Solutions Grant), and Public Housing programs.

Non-Housing Community Development

The primary non-housing funding resources are federal funds under the Community Development Block Grant program as well as local resources and private sector funding. The County has successfully leveraged resources with local public funds to improve the living environment for low- to moderate-income individuals by improving the safety of the neighborhoods and providing a variety of infrastructure improvements, public facility improvements, public services, and economic development/job creation activities.

The County continues to follow the Non-Housing Community Development Plan outlined in the Consolidated Plan (as amended). The County's allocation and expenditures of CDBG funds generally supports the highest priorities set forth in the 2009-2014 Consolidated Plan, approximately one-hundred percent (100%) of the Public Facility and Public Service expenditures in FY 2013-14 were on high-priority needs.

Benefit to Low and Moderate Income Persons

During the 2013-2014 program year, the County expended a total of \$4,556,269 (excludes program administration expenditures) of CDBG funds. Of this total expenditure, 100% provided benefit to low and moderate-income persons.

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences. Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants? No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.
N/A

Nature and Reasons for Changes in Program Objectives

During the 2013-2014 program year, the County amended the 2013-2014 One Year Action Plan of the 2009-2014 Five Year Consolidated Plan by adding or revising the following projects:

Project	Eligibility	Status	Proposed Funding Amount	Benefit	Description
1.66-13 – Lakeland Village Road Improvements (IDIS #5222)	Street Improvements – 03K	<i>Underway</i>	<i>\$605,000 CDBG</i>	<i>LMA</i>	The County of Riverside's Transportation Department will use CDBG funds to pay for approximately 2,225 linear feet of road improvements in the unincorporated community of Lakeland Village. Targeted streets include Shadow Mountain Lane, Washington St., Rose Street, Jamieson Street, and Fairview Street. Improvements include .33ft of asphalt mix over 0.5ft gravel base.
1.67-13 -Lakeland Village Community Center and Park Project (IDIS #5541)	Public Facility - 03	Underway	\$1,900,000 CDBG	LMA	The County will use CDBG funds for site acquisition, project design and engineering, and construction of improvements and renovations to the former Butterfield Elementary School in Lakeland Village. The facility will be utilized as a multi-purpose, community resource and service center, as well as a park and playground area, providing essential services and recreational opportunities to residents in the Lakeland Village community.
1.CL.01-13 - Canyon Lake Facility Improvements	Public Facility - 03	Underway	\$36,040 CDBG	LMC	CDBG funds will be used by the City of Canyon Lake for eligible public facilities improvements serving low/moderate income persons. As

Project (IDIS #5523)					specific and eligible projects are identified, the City will submit a request to the County to proceed with amendments to the One Year Action Plan pursuant to the Citizens Participation Plan.
1.WD.04-13 - Wildomar Street Improvement (IDIS #5537)	Street Improvements – 03K	Underway	\$88,958 CDBG	LMA	The City of Wildomar will pave 66,400 square feet of road on Olive Street. The improvements will include street sweeping, vegetation removal, and filling of depressions with crack fill material, applying asphaltic chip seal, and slurry seal over the chip seal, and repaint traffic stripes and legends.
1.WD.05-13 - Wildomar Community Clean-Up (IDIS #5538)	Interim Assistance - 06	Underway	\$120,000 CDBG	LMA	The City of Wildomar will allocate funding to Riverside County to conduct Neighborhood Clean-up Campaigns in low-income areas that exhibit determinable signs of physical deterioration. CDBG funds to pay for costs associated with the removal of accumulated trash, garbage, tires, and debris, staff cost, as well as the abatement of vacant unpermitted mobile homes and other structures as part of a widespread, comprehensive, blight-reduction plan in the City of Wildomar.
3.99-13 - Hemet Senior Center Parking Lot Expansion Site Acquisition and Improvement Project (IDIS #5472)	Senior Centers- 03A	Underway	\$700,000 CDBG	LMC	CDBG funds will be used for the acquisition, design and construction of improvements and upgrades to the facility's parking areas to eliminate parking congestion and improve access for clients visiting the center. Improvements will include grading, paving, drainage, and striping of the 20,000 square foot parking area.
3.100-13 - Winchester Road Improvement Project (IDIS #5539)	Street Improvements – 03K	Underway	\$200,000	LMA	The County of Riverside will use \$200,000 of CDBG funds to pay for costs associated with approximately 2 miles of road improvements and upgrades to unpaved and unimproved road segments in the Winchester community. Project will include survey and staking, grade preparation, and the installation and compaction of Class II base. The project will provide improved traffic flow, drainage, pedestrian safety, dust mitigation, and all-weather emergency access.

4.153-13 - TMDCI Fire Suppression System Improvements (IDIS #5546)	Public Facility - 03	Underway	\$8,000	LMA	CDBG funds will be used by the Torres Martinez Desert Cahuilla Indians (TMDCI) to complete fire suppression system improvements at the TMDCI reservation, which is located in a low-to moderate-income area. CDBG funds will be used specifically to purchase and install a fire pump for the water system, which serves the tribal community and the tribal community's essential services facilities.
4.BL.35-13 - Blythe Community Center Renovation Project (IDIS #5527)	Neighborhood Facilities – 03E	Underway	\$360,000	LMA	CDBG funds will be used to complete various renovation activities at the City of Blythe's Community Center, which offers regional access to community programs, events and functions.
5.64-13 - Grange Community Center Improvements-Phase II (IDIS #5525)	Neighborhood Facilities – 03E	Underway	\$25,000	LMA	2013-2014 OYAP approved back-up project. Beaumont-Cherry Valley Recreation & Park District will use CDBG funds for construction of The Grange Community Center Improvements. The Grange facility is utilized by residents in the low-moderate income for recreational classes, community meetings, food program, and special events. Improvements will include removal of asbestos material, deteriorated ceiling, light fixture replacement to energy efficient lighting, replacement of flooring, and painting.
5.BEA.22-13 - City of Beaumont Community Pool Renovation Project (IDIS #5495)	Neighborhood Facilities – 03E	Underway	\$300,000	LMA	The City of Beaumont revised this project from street/sidewalk improvements to a City pool renovation project and increased the CDBG funds by \$141,640 to pay for costs associated with the design and construction of various improvements and renovations to the City's community pool including the removal of 3069 square feet of concrete, and replacement of pipes, valves, sand filters, and ladders.
9.110-13 - Good Hope Community Center and Park Improvements	Parks, Recreational Facilities – 03F	Underway	\$120,000	LMA	The County of Riverside will use \$120,000 of CDBG funds to pay for costs associated with the demolition and clearance of existing structures and landscaping on the Good Hope

(IDIS #5524)					Community Center Park site that are not part of the recreation component and have become a nuisance and threat to public safety. The proposed demolition and clearance activities include: <ul style="list-style-type: none"> • Building/Structure Demolition • Concrete • Landscaping
9.111-13 - Roy's Desert Resource Center (IDIS #5529)	Operating Costs for Homeless/AIDS Patients Programs – 03T	Complete	\$66,000	LMC	2013-2014 OYAP approved back-up project. Jewish Family Services of San Diego provides operational and maintenance services for Roy's Desert Resource Center. The resource center provides case management, shelter, transportation and food to homeless individuals and families. CDBG funds were used to reimburse Sponsor for costs associated with their per diem cost to provide assistance to homeless individuals.
9.112-13 DHS Library Facility Improvements (IDIS #5530)	Neighborhood Facilities – 03E	Complete	\$27,161	LMA	The County of Riverside used CDBG funds to pay for costs associated with improvements to the Desert Hot Springs Library. Proposed improvements include replacing approximately 3500 square feet of flooring, and other necessary renovations to avoid safety hazards and comply with safety.
9.113-13 - Fairgrounds Concert Pavilion ADA Renovations (IDIS #5550)	Public Facility - 03	Underway	\$100,000	LMC	The County will use CDBG funds for the construction of ADA accessibility improvements to the Concert Pavilion area of the Riverside County Fairgrounds in Indio. Project involves the design and construction of approximately 10,000 square feet of ADA-compliant paved areas to improve access to the main seating area and the vendor area within the Concert Pavilion. Costs include design, construction, and project management.

Appendix C – Project Substantial Amendments/Public Notices

XII.**CR-50 - HOME 91.520(d)**

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

For FY 2013-2014, the following projects completed construction, were inspected with no issues post construction and closed out:

1. Fred Young Farmworker Apartments, Indio
2. Pueblo Nuevo Apartments, Coachella
3. Cedar Glen Apartments, Riverside. Construction was completed in April 2014, and project will be closed out in FY 14/15.

The following projects are under construction and will be inspected upon completion construction:

1. Orange Blossom Apartments, Valle Vista
2. North Shore Groups 5 & 6, North Shore
3. Sunset Springs Self-Help, Desert Hot Springs
4. Perris Family Apartments, Perris
5. Los Vinedos, Mecca

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.

92.351(b) – See Section V, Assessment of Effectiveness of Affirmative Marketing Plans.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics – See Section IV, Use of Program Income as it relates to HOME.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j) – See Section II, Fostering and Maintaining Affordable Housing.

Proof of Publication, Summary of Public Comments And County of Riverside Supervisorial Districts Map

**NOTICE OF AVAILABILITY FOR
PUBLIC REVIEW AND COMMENT**

**2013-2014 DRAFT COMMUNITY PLANNING AND DEVELOPMENT PROGRAMS
CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORT**

NOTICE IS HEREBY GIVEN pursuant to the provisions of 24 CFR Part 91.105(d) of the U.S. Department of Housing and Urban Development (HUD) Community Planning and Development (CPD) Programs, the County of Riverside has prepared and made available for public review and comment the Draft Consolidated Annual Performance and Evaluation Report (CAPER) for the 2013-2014 Program Year. This draft report contains assessments by the County on the use of CDBG, HOME, and ESG funds, utilized by the County, or allocated to sub-recipients, to carry-out projects or activities within Riverside County.

A copy of the Draft 2013-2014 Consolidated Annual Performance and Evaluation Report (CAPER) is available for public review and comment from 8:00 AM on September 8, 2014, through 5:00 PM September 23, 2014, at offices of the Riverside County Economic Development Agency, located at: 3403 10th Street, 4th Floor, Riverside, CA 92501. The Draft 2013-2014 CAPER can also be viewed online at: www.rivcoeda.org. Alternative formats of the Draft 2013-2014 CAPER are available upon request.

In order for comments to be included in the County's report to HUD, all comments relative to the CAPER or the County's CPD programs must be submitted in writing to the Riverside County Economic Development Agency no later than 5:00 PM on September 23, 2014 (no late postmarks accepted).

More information may be obtained by contacting the Riverside County Economic Development Agency: Telephone (951) 955-8916, Fax (951) 955-9505, via email eawilson@rivcoeda.org, or Toll Free at 1-800-984-1000.

40107 (Annual Performance Report- HOME Program)

**And 40107-A (HOME Match Report and 4949.3 Report
for CDBG, HOME, and ESG)**

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31.	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	Starting	Ending	

Part I Participant Identification

1. Participant Number	2. Participant Name		
3. Name of Person completing this report		4. Phone Number (Include Area Code)	
5. Address	6. City	7. State	8. Zip Code

Part II Program Income

Enter the following program income amounts for the reporting period: in block 1, enter the balance on hand at the beginning; in block 2, enter the amount generated; in block 3, enter the amount expended; and in block 4, enter the amount for Tenant-Based rental Assistance.

1. Balance on hand at Beginning of Reporting Period	2. Amount received during Reporting Period	3. Total amount expended during Reporting Period	4. Amount expended for Tenant-Based Rental Assistance	5. Balance on hand at end of Reporting Period (1 + 2 - 3) = 5
---	--	--	---	---

Part III Minority Business Enterprises (MBE) and Women Business Enterprises (WBE)

In the table below, indicate the number and dollar value of contracts for HOME projects completed during the reporting period.

	a. Total	Minority Business Enterprises (MBE)				f. White Non-Hispanic
		b. Alaskan Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	e. Hispanic	
A. Contracts						
1. Number						
2. Dollar Amount						
B. Sub-Contracts						
1. Number						
2. Dollar Amount						
	a. Total	b. Women Business Enterprises (WBE)	c. Male			
C. Contracts						
1. Number						
2. Dollar Amount						
D. Sub-Contracts						
1. Number						
2. Dollar Amounts						

Part IV Minority Owners of Rental Property

In the table below, indicate the number of HOME assisted rental property owners and the total dollar amount of HOME funds in these rental properties assisted during the reporting period.

	a. Total	Minority Property Owners				f. White Non-Hispanic
		b. Alaskan Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	e. Hispanic	
1. Number						
2. Dollar Amount						

Part V Relocation and Real Property Acquisition

Indicate the number of persons displaced, the cost of relocation payments, the number of parcels acquired, and the cost of acquisition. The data provided should reflect only displacements and acquisitions occurring during the reporting period.

	a. Number	b. Cost				
1. Parcels Acquired						
2. Businesses Displaced						
3. Nonprofit Organizations Displaced						
4. Households Temporarily Relocated, not Displaced						

Households Displaced	a. Total	Minority Business Enterprises (MBE)				f. White Non-Hispanic
		b. Alaskan Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	e. Hispanic	
5. Households Displaced - Number						
6. Households Displaced - Cost

APPENDIX C

SUBSTANTIAL AMENDMENTS/PUBLIC NOTICES

Notice of Public Comment Period
Substantial Amendment of the 2013-2014 One Year Action Plan
Community Development Block Grant (CDBG) Program

The County of Riverside hereby notifies concerned members of the public, pursuant to *24 CFR 91.105*, *24 CFR 91.505*, and the County's Citizens Participation Plan, of its intent to amend the 2013-2014 One-Year Action Plan of the 2009-2014 Consolidated Plan by the following actions:

- | | | |
|---|------------|------------------|
| 1. Mecca Tot Lot Improvement Project (4 th District) | \$ 30,000 | Add CDBG Project |
| 2. Winchester Road Improvements (3 rd District) | \$ 200,000 | Add CDBG Project |
| 3. Olive Street Improvements (Wildomar) | \$ 77,500 | Add CDBG Project |
| 4. Community Enhancement Program (Wildomar) | \$ 120,000 | Add CDBG Project |

The Economic Development Agency has verified that the proposed activities are eligible uses that meet National Objectives under the CDBG program.

A determination regarding the proposed amendments to the 2009-2014 Consolidated Plan has been scheduled on or about April 22, 2014, Riverside County Board of Supervisor's meeting, located at 4080 Lemon Street, Riverside, California.

Anyone interested in providing comments or obtaining additional information regarding this Consolidated Plan Substantial Amendment may do so by contacting the Economic Development Agency at: 3403 10th Street, Suite 400, Riverside, CA, 92501, (951) 955-8916, or Fax (951) 955-9505. Both oral and written comments for all of the above items must be received no later than 5:00 PM on April 18, 2014.

Input and comments can also be received by the U.S. Department of Housing and Urban Development, CPD Division, 611 West Sixth Street, Suite 800, Los Angeles, CA 90017. The telephone number is (213) 894-8000. Comments or objections received after April 18, 2014, will not be considered by HUD.

Accommodations under the Americans with Disabilities Act are available upon request. Requests must be made at least 72 hours prior to meeting. Later requests will be accommodated to the extent feasible. Please call the Clerk of the Board office at (951) 955-1069, from 8:00 a.m. to 5:00 p.m., Monday through Friday.

Arraigan a 5 por robo de material radiactivo

A cuatro los acusan de robo de transporte y equipo médico. trans- portación de mate- rial peligroso y delin- cuencia organizada; el quinto, por comprar equipo médico en des- uso que almacenaba material radiactivo

Un juez federal con- cedió un arraigo por 40 días en contra de los cinco involucrados en el robo de material médico del IMSS en Hidalgo.

El arraigo se con- cedió por los proba- bles delitos de robo de transporte y equipo médico, transportación de material peligroso, delincuencia organiza- da, más lo que resulte.

Los 5 acusados fuer- on trasladados al centro nacional de arraigos.

Según las investig- aciones los cuatro que participaron en el robo del material pertene-

cen a una banda que se dedica al asal- to a transportistas. La quinta per- sona involucrada fue detenida por haberles comprado el equipo médico en desuso que contenía ma- terial radioactivo.

La Procuraduría General de la Repúbli- ca aclaró que una sex- ta persona que había sido detenida inicial- mente era menor de edad y fue puesto a disposición de las au- toridades de Hidalgo.

El menor de edad acompañaba a la per- sona que compró el material robado.

Durante el arraigo de 40 días el Min- isterio Público Fed- eral intentará recabar más pruebas en con- tra de los detenidos.

Sergio Alcocer: México no va a descarrilar la reforma migratoria

El subsecretario para América del Norte de la SRE dijo que México no intervendrá en el proceso de la reforma migratoria, ya que podría afectar a personas en el extranjero

CIUDAD DE MÉXI- CO, México, dic. 9, 2013.- México no intervendrá en el proceso de aprobación de la reforma migratoria en los Estados Unidos, ya que esto podría afec- tar a los mexicanos en el extranjero, señaló el sub- secretario para América del Norte de la Secretaría de Relaciones Exteriores (SRE), Sergio Alcocer.

Sergio Alcocer, sub- secretario para América del Norte de la Secretaría de Relaciones Exteriores, dijo: "El error más grande que podría cometer el go- bierno de México sería ser un obstáculo, ser un irri-

tante que pudiese descarrilar un proceso o dificultar un proceso, dado que quienes estarían afectados no sería el gobierno de México o la reputación del gobierno de México sino que quien sería afec- tado son estos millones de personas a los que esta-

mos buscando beneficiar".

Durante la inaugu- ración de la Vigésima Segunda reunión del Consejo Consultivo del Instituto de los Mexicanos en el Exterior, el subsecre- tario Alcocer aseguró que los jóvenes mexicanos se encuentran en el primer

lugar entre los 'dream- ers', es decir jóvenes in- migrantes ilegales, a los que el presidente Barak Obama les otorga una sus- pensión de la deportación para que puedan estudiar en Estados Unidos y son aceptados en las univer- sidades de aquel país.

Aviso de Período de comentarios públicos Modificación sustancial del Plan de Acción de Un Año 2013-2014 Community Development Block Grant (CDBG) Program

El Condado de Riverside o les informa los miembros interesados del público, de conformidad con 24 CFR 91.105 y 24 CFR 91.505, de su intención de modificar el Plan de Acción de Un Año 2013-2014 del Plan Con- solidado 2009-2014 por las siguientes acciones.

- 1 Blythe proyecto de renovación del Centro Comunitario de \$ 300 000 Añadir CDBG Proyecto
- 2 Centro de Servicio Hemet Estacionamiento Expansión Sitio 500.000 dólares Modificar CDBG Proyecto Adquisición y mejoras y aumentar la financiación
- Mejoras en las instalaciones 3 Desert Hot Springs Biblioteca \$ 20.000 Añadir CDBG Proyecto
- 4 Bueno Hope Demolición y Liquidación del Proyecto \$ 120,000 Añadir CDBG Proyecto
- 5 City de Beaumont Piscina Comunitaria Renovación \$ 300.000 Añadir CDBG Proyecto

Una determinación con respecto a las propuestas de enmienda al Plan Consolidado 2009-2014 para las actividades 1 y 2 se ha programado el o alrededor del 07 de enero 2013, el Consejo de la reunión del Super- visor, ubicado en 4080 Lemon Street, Riverside, California del Condado de Riverside. Una determinación con respecto a las propuestas de enmienda al Plan Consolidado 2009-2014 para las actividades 3, 4 y 5 ha programado para el 14 de enero de 2013 la Junta de la reunión del Supervisor, ubicado en 4080 Lemon Street, Riverside, California del Condado de Riverside.

Cualquier persona interesada en la prestación de los comentarios u obtener información adicional sobre este plan consolidado de modificación sustancial puede hacerlo por escrito y oralmente por ponerse en contacto con la Agencia de Desarrollo Económico en: 3403 10th Street, Suite 400, Riverside, CA, 92501, (951) 955-8916, o Fax (951) 955-9505. Tanto los comentarios orales y escritos para todos los elementos anteriores deben ser recibidas para antes de las 5:00 pm del 2 de enero de 2014.

Entrada y comentarios también pueden ser recibidos por los EE.UU. Departamento de Vivienda y Desar- rollo Urbano, División de CPD, 611 West Sixth Street, Suite 800, Los Angeles, CA 90017. El número de teléfono es (213) 894-8000. Observaciones u objeciones recibidas después del 2 de enero de 2014, no serán considerados por el HUD.

Ajustes bajo el Americans with Disabilities Act están disponibles bajo petición. Las solicitudes deben hac-erse por lo menos 72 horas antes de la reunión. Fuera de ese plazo serán alojados en la medida posible. Por fa- vor, llame a la Secretaría de la oficina de la Junta en el (951) 955-1069 de 8:00 am a 5:00 pm, de lunes a viernes.

Notice of Public Comment Period Substantial Amendment of the 2013-2014 One Year Action Plan Community Development Block Grant (CDBG) Program

The County of Riverside hereby notifies concerned members of the public, pursuant to 24 CFR 91.105, 24 CFR 91.505, and the County's Citizens Participation Plan, of its intent to amend the 2013-2014 One-Year Action Plan of the 2009-2014 Consolidated Plan by the following actions:

- | | | |
|--|-------------|------------------|
| 1. Lakeland Village Community Center and Park (1st District) | \$1,900,000 | Add CDBG Project |
| 2. Good Hope Demolition and Clearance Project (1st District) | \$ 120,000 | Add CDBG Project |

The Economic Development Agency has verified that the proposed activities are eligible uses that meet National Objectives under the CDBG program.

A determination regarding the proposed amendments to the 2009-2014 Consolidated Plan has been scheduled on or about May 20, 2014, Riverside County Board of Supervisor's meeting, located at 4080 Lemon Street, Riverside, California.

Anyone interested in providing comments or obtaining additional information regarding this Consolidated Plan Substantial Amendment may do so by contacting the Economic Development Agency at: 3403 10th Street, Suite 400, Riverside, CA, 92501, (951) 955-8916, or Fax (951) 955-9505. Both oral and written comments for all of the above items must be received no later than 5:00 P.M. on May 12, 2014. Interested persons may also provide comment at the Board of Supervisors during the May 20, 2014, meeting.

Input and comments can also be received by the U.S. Department of Housing and Urban Development, CPD Division, 611 West Sixth Street, Suite 800, Los Angeles, CA 90017. The telephone number is (213) 894-8000. Comments or objections received after May 12, 2014, will not be considered by HUD.

Accommodations under the Americans with Disabilities Act are available upon request. Requests must be made at least 72 hours prior to meeting. Later requests will be accommodated to the extent feasible. Please call the Clerk of the Board office at (951) 955-1069, from 8:00 a.m. to 5:00 p.m., Monday through Friday.

OUTCOME PERFORMANCE MEASUREMENTS

Table 2C (9)

Summary of Specific Housing/Community Development Objectives FY 2013-14

Availability / Accessibility of Decent Housing (DH-1)					
Specific Objective	Source of Funds	Performance Indicators	2013-14 Expected Number	2013-14 Actual Number	
Home Rehabilitation Program (HRP)/Home Rehabilitation Loan Program (HRLP)	CDBG	Number of Households Served	0	6	6
	RDA			0	
Senior Home Repair Grant (SHRG) Program	CDBG	Number of Households Served	0	14	14
	RDA			0	
Enhanced Home Repair (EHR) Program	CDBG	Number of Households Served	0	0	0
	RDA			0	
Home Improvement Program (HIP)	CDBG	Number of Households Served	0	0	0
	RDA			0	
Manufactured Home Rreplacement Program (MHRP)	RDA	Number of Households Served	0	1	1
Tenant-Occupied Home Rehabilitation Program (THRP)	RDA	Number of Households Served	0	0	0
RDA Rehabilitation Projects	RDA	Number of Households Served	0	0	0
			0	21	21
Note: Housing activities focused primarily on improving the quality of, or access to, housing. [Priority #2]					
Affordability of Decent Housing (DH-2)					
Specific Objective	Source of Funds	Performance Indicators	2013-14 Expected Number	2013-14 Actual Number	
First Time Home Buyer (FTHB) Program	HOME	Number of Households Assisted	10	6	
American Dream Downpayment Initiative (ADDI) Program	HOME	Number of Households Assisted	0	0	
HOME Program - Self-Help New Construction	HOME	Number of Households Assisted	5	0	
RDA Infill Housing	RDA	Number of Households Assisted	1	7	
RDA Single-Family New Construction	RDA	Number of Households Assisted	5	181	
Redevelopment Homeownership Program (RHP)	RDA	Number of Households Assisted	1	1	
RDA Low and Moderate Income Set-Aside Fund - Single-Family Housing Projects (RDA-1)	RDA	Number of Households Assisted	0	0	
Mobile Home Tenant Loan (MHTL) Assistance Program	RDA	Number of Households Assisted	10	0	
Fee Land Mobile Home Loan (FLMHL) Program	RDA	Number of Households Assisted	10	0	
Farm Worker Housing	HOME	Number of Households Assisted	10	0	
	RDA	Number of Households Assisted	10	0	
Multi-family and Special Needs	HOME	Number of Households Assisted	40	52	
	RDA	Number of Households Assisted	40	1	
Special Needs New Construction	HOME	Number of Households Assisted	10	0	
	RDA	Number of Households Assisted	10	56	
			162	304	
Note: Housing activities focused primarily on affordability of the units. [Priority #1, #3, #4, #5 & #6]					

Summary of CDBG Specific Annual Objectives YTD 2009-2014

Table 3A (10)

Specific Annual Objectives	Sources of Funds	Performance Indicators	Proposed Accomplishment 2009- 14	Actual Completed YTD 2009-14	Outcome/ Objective*
Homeless					
03T	CDBG	Number of persons that received emergency assistance to prevent homelessness, over-night shelter, supportive services, and long-term housing.	1,750	2,377	SL-1 DH-2
Special Needs					
05B	CDBG	Number of persons assisted with new or improved access.	1,400	2,320	SL-1
Community Development					
01, 03F, 03E, 03M	CDBG	Number of Projects that will provide persons with new or improved access to a service. Number that no longer have access to a substandard service.	47	37	SL-1 SL-3
Infrastructure					
03I, 03J, 03K, 03L	CDBG	Number of Projects that will provide persons with new or improved access to an infrastructure benefit and no longer have access to a substandard infrastructure.	35	20	SL-1 SL-3
Public Facilities					
03, 03A, 03B, 03C, 03D, 03G, 03O, 03P, 03S	CDBG	Number of Projects that will provide persons with new or improved access to a facility benefit. Number that no longer have access to a substandard facility	60	52	SL-1 SL-3
Public Services					
05, 05A, 05D, 05E, 05F, 05G, 05L, 05M, 05N, 05O	CDBG	Number of persons with new or improved access to a service. Number that no longer have access to a substandard service.	260,791	646,961	SL-1 SL-2
Economic Development
