Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

To receive Community Planning and Development (CPD) funds, an Urban County Grantee must develop a One Year Action Plan (OYAP) for housing and community development activities. The Economic Development Agency (EDA), as lead agency for the County of Riverside, prepares the OYAP pursuant to the goals outlined in the 2014 - 2019 Five-Year Consolidated Plan (CP). The OYAP details the activities to be undertaken by the County using funds received during the 2015-2016 program year from the Community Development Block Grant (CDBG) program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) program funds, and anticipated program income. As a planning document, the program goals and objectives identified in the OYAP focus on local housing and community development needs with an emphasis on lower-income residents. The OYAP also provides strategies for addressing the identified needs.

The U.S. Department of Housing and Urban Development (HUD) CPD-funded programs are important tools for helping local governments tackle serious community development challenges facing their communities. These programs have made a difference in the lives of millions of people and their communities across the Nation.

The County of Riverside is the fourth most populated county in the State, consisting of urbanized neighborhoods, suburban cities, and remote rural communities. The County encompasses approximately 7,200 square miles, and is bounded by San Bernardino on the north, Orange County on the west, San Diego and Imperial Counties on the south, and the Colorado River and the State of Arizona on the east. Riverside County includes twenty-eight (28) incorporated cities as well as numerous unincorporated neighborhoods and communities. According to the Department of Finance population estimates, the County has a population of over two million residents, of which, more than one million live in the Urban County area.

The 2015-2016 OYAP of the 2014-2019 Five-Year CP is guided by the three major commitments and priorities:

- To provide a suitable living environment through safer, more livable neighborhoods; greater incorporation of lower-income residents throughout Riverside County communities; increased housing opportunities; and reinvestment in deteriorating neighborhoods.

- To provide decent housing by preserving the affordable housing stock; increasing the availability of affordable housing; reducing discriminatory barriers; increasing the supply of supportive housing for those with special needs; and transitioning homeless persons and families into housing.
- To expand economic opportunities through employment opportunities that pay self-sufficiency wages; homeownership opportunities; development activities that promote long term community sustainability; and the empowerment of lower-income persons to achieve self-sufficiency.

This 2015-2016 OYAP covers the second year of the 2014-2019 CP and identifies anticipated levels of funding for the program year, describes the geographic areas in which assistance will be directed, and provides the rationale used.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The range of issues that currently confront the County are as diverse as its residents. This diverse population is also accompanied by very differing needs that help to identify personal, educational, employment, recreational, housing, and other goals. The County is continuously striving to balance resources and the need to meet these goals by addressing critical issues in the communities such as: homelessness; aging infrastructure and community facilities; lack of various services including child care and health care; the need for affordable housing; and chronic unemployment and under-employment. A large segment of the population continues to face challenging issues as the regional economy continues to recover.

Consistent with Federal Guidelines, the County has developed a performance measurement system that identifies performance objectives and outcomes for each of the planned activities. In order to aggregate accomplishments at a national level, HUD has recommended grantees to utilize standardized objectives and outcomes for reporting achievements.

The primary objective of the CDBG program is to develop viable urban communities. Based upon this intent, it must be determined which of the following three objectives best describe the purpose of an activity:

- Provide decent housing (DH);
- Provide a suitable living environment (SL); and/or
- expand economic opportunities, principally for lower income persons (EO).

Each activity must also meet specific performance outcomes that are related to at least one of the following:

- Availability/Accessibility (1);
- Affordability (2); or
- Sustainability - Promoting Livable or Viable Communities (3).

The community development needs are significant, with many areas of overlap requiring cross-cutting, place-based solutions. The County is tasked both with determining the areas of greatest need and the areas in which community investment can have the greatest impact given the limited resources available.

The CPD funding sources that will be used to implement the objectives and outcomes of the 2014-2019 Five-Year CP are as follows:

1. Community Development Block Grant (CDBG): The primary objective of this program is to develop viable urban communities by providing decent and affordable housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate-income. The CP proposes that public facility and infrastructure funds be focused strategically on projects in low-and moderate-income neighborhoods. The goal is to create visible impacts that deliver greater efficiencies and bring about positive changes within the community. There is also a need, in various degrees, for services across most categories of special need. This includes seniors, at-risk youth, working parents, persons with disabilities, individuals with chronic illness, and persons with other conditions affecting their ability to function independently and productively. Potential CDBG activities include: construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, interim assistance, code enforcement, economic development, and public services.

2. HOME Investment Partnerships Program (HOME): The HOME program provides federal funds for the development and rehabilitation of affordable rental and ownership housing for low-income households. HOME funds will be used for activities that promote a suitable living environment, decent and affordable rental housing and homeownership by low income households including tenant-based rental assistance, homebuyer assistance, acquisition, rehabilitation, and new housing construction. Funds are allocated by formula to participating jurisdictions. The program allows great flexibility with respect to the types of projects to be assisted (new construction or rehabilitation), the form and amount of financing, the types of housing, and the households assisted. In addition, with the need to link access to supportive services to affordable and appropriate housing, there will be more coordination and collaboration between housing providers and service providers.

3. Emergency Solutions Grant (ESG): The ESG program places greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. This is accomplished by providing homeless persons with basic shelter and essential supportive services to promote decent and affordable housing, a suitable living environment, and economic opportunities. ESG funds will be used for a variety of activities, including: rapid re-housing and homeless prevention activities, emergency shelter, operations and maintenance of facilities, essential supportive services, and street outreach.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

On an annual basis, HUD will review the performance of all entitlement recipients to determine whether each recipient is carrying out its CDBG assisted activities in a timely manner. If at sixty days prior to the end of the grantee's current program year, the amount of entitlement grant funds available to the recipient under grant agreements but undistributed by the U.S. Treasury is more than 1.5 times the entitlement grant amount for its current program year the grantee is considered to be noncompliant with HUD requirements.

A Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually to capture progress toward meeting identified needs and achieving strategies. The County has been successful in implementing its public improvement and community service projects and programs as well as meeting the established objectives. HUD implemented this ongoing performance process to assess efficiency, cost effectiveness, and the impact of projects and programs in County neighborhoods. As a result of monitoring, performance measures, operational improvements, and resource allocation issues, policy questions can be identified and addressed. The County has continued its commitment to meeting priority goals outlined in the 2014-2019 Five-Year CP and 2015-2016 OYAP.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Riverside County Economic Development Agency (EDA) is the lead County agency responsible for the administration, planning, reporting, and monitoring of three CPD funded programs: CDBG, HOME, and ESG. The EDA sought and encouraged community-wide participation in the development of the 2015-2016 OYAP through a community and resident outreach and participation process. To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan (CPP) which establishes policies and protocols for community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen participation meetings, public notices, public hearings, consultation feedback/memorandum of participation, and internet outreach
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
3. Urban County Participating Cities

A Notification of Funding Availability (NOFA) was published in July, 2014, for the 2015-2016 CDBG, ESG, and HOME programs. From August 2014 through January 2015, the County initiated its Citizen Participation (CP) process by notifying cooperating cities, community members, and public/private sector agencies of the 2015-2016 CPD Program Year.

The principal stakeholders in the CP process are:

1. Residents;
2. Community Councils and Municipal Advisory Councils (act as the forum for communication between the County and the citizens);
3. The County Board of Supervisors (who must approve the Federal Grant application and all substantial reprogramming decisions);
4. EDA staff; and
5. Activity Sponsors (non-profit and public agency service providers)

In an effort to broaden public participation, the agency conducted CP Meetings throughout the County's CPD program area. The CP meetings were held at times and locations convenient for potential and actual program beneficiaries. Prior to the CP Meetings, a County-wide notice, in English and Spanish, was published in newspapers of general circulation and made available on the Economic Development Agency's website announcing the purpose, date, time, and location of the meetings. In addition, non-profit social service providers, special districts, and other County departments and agencies were contacted to publicize the community meetings. The communities selected were representative of the unincorporated communities in the County with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs. CP meetings were also held in the cooperating cities. Citizens were invited to attend the meetings to discuss the anticipated CPD allocations; learn about the programs and services available to them; express their views on their community's housing and community development needs; prioritize community needs; and comment on prior program performance. This is an essential part of the planning process for the use of CPD funds.

During the preparation of the 2014-2019 Five-Year CP the County developed and distributed a Housing and Community Development Needs Assessment survey for residents, service

providers, and other stakeholders to solicit community opinions and concerns. The survey was distributed throughout the County and was made available in English and Spanish in an effort to increase participation by Spanish-speaking residents. The survey was also available on-line. The survey incorporated seven general needs categories: Community Facilities, Community Services, Infrastructure, Housing, Employment and Commuting, Childcare, Economic Development, and Accessibility. Within each category, various subcategories were defined such as Senior Citizen Centers under the Community Facilities category and Health Services under the Community Services category. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs, assign priority among these needs, as well as participate in the development of affordable housing, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. The prioritization and investment decisions identified in the Five-Year Consolidated Plan serve to identify immediate and long range needs and objectives.

The County also sought assistance in the development of the County's 2015-2016 OYAP from the fourteen (14) cities participating in the Urban County Program and the City of Lake Elsinore-Joint Metro City. Each city was strongly encouraged to facilitate and support the participation of all residents in the assessment of community development needs by conducting public meetings and public hearings within their cities.

The County strongly supports and encourages community-wide participation, input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs. The Citizen Participation process is necessary to ensure adequate citizen involvement in the determination of Riverside County's community needs and investment in housing, homelessness, community development, and economic development for the five-year Consolidated Plan period. The County has continued its commitment to meeting priority goals outlined in the 2014-2019 Five-Year CP and 2015-2016 OYAP.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

On March 10, 2015, a Public Hearing was held before the County Board of Supervisors (BOS) to hear public comments regarding the proposed uses for the 2015-2016 HUD-funded CPD programs and which would best address the identified community development needs in the 2014-2019 Five-Year CP. Representatives from twenty-one (21) organizations made presentations seeking CDBG and/or ESG funds. Ten (10) other organizations submitted their presentations in writing between March 10, 2015 to April 27, 2015.

The 2015-2016 final draft One Year Action Plan was made available for public review and comment beginning March 27, 2015. Interested persons could submit written, oral, or electronically sent comments until 4:00 PM on April 27, 2015. The Board of Supervisors approved the County's 2015-2016 One Year Action Plan at the April 28, 2015, meeting. There were no comments submitted or made at the April 28, 2015 public hearing.

Refer to Appendix D, AP-05 #4, and AP-12 for results of citizen participation and comments received.

6. Summary of comments or views not accepted and the reasons for not accepting them

Pursuant to 24 CFR Part 91.220 (b), it is the policy of the County to accept and record all public comments pertaining to the 2015-2016 OYAP that are received during the posted public comment period or submitted during the public hearings. As noted in Section 5 above, all comments received for the March 10, 2015 Public Hearing were recorded into the record during the public comment period, and no comments were made during the April 28, 2015 public hearing.

7. Summary

The County is committed to the effective and equitable allocation of funds that serve the needs of the lowest- income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income, particularly those with extremely low-incomes (less than 30 percent of area median income), are particular priorities.

Priorities can be achieved through a combination of:

- 1) decent and affordable housing;
- 2) investment in community development activities in lower-income and deteriorating neighborhoods;
- 3) investment in facilities that serve lower-income populations; and
- 4) supportive services to maintain independence.

By focusing on these overall priorities, the County seeks to address community concerns such as:

- The need for additional decent, safe, and affordable housing, and alleviate rent burdens, homelessness, and deteriorating housing stock;
- Programs that improve community facilities and services in low-income areas;

- A network of shelters, housing, and services that prevent homelessness, including rapid re-housing and permanent housing, and the elimination of homelessness along the lines detailed in the 10-Year Plan to end chronic homelessness;
- Programs that promote economic development and create jobs and programs that increase the job skills level of potential employees; and
- Supportive services that increase the ability of seniors, persons with disabilities, and others with special needs to live independently.

Table 1 – Responsible Agencies

Narrative (optional)

The lead agency responsible for the development of this OYAP is the County of Riverside Economic Development Agency (EDA), Community Services Division (CSD). Staff members from various agencies such as Housing, Economic Development, Public Social Services, Mental Health, Housing Authority, Workforce Development Center, and Fiscal participated in the research and development of the Plan. In Addition, the County consulted with the Riverside County Continuum of Care (CoC) on an on-going basis. Most of the agencies represented in the Con Plan are responsible for administering HUD funds, operating, and/or overseeing a range of activities.

In developing the OYAP the needs assessment, which was conducted for the 2014-2019 Five-Year CP, is used to identify levels of relative need regarding affordable housing, homelessness, special needs, and community development. This information was gathered through consultation with local agencies, public outreach, community meetings, and housing market analysis.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The OYAP represents an application to HUD for entitlement funds under three entitlement programs as well as a housing and community development policy and planning document. The three HUD entitlement programs are: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG), formerly the Emergency Shelter Grant.

As part of the OYAP development process, the County consulted and coordinated with various departments, housing and community service providers, other jurisdictions, and other entities with a potential interest in or knowledge of the County's housing and non-housing community development issues. The following sections discuss the methods by which the County consulted, in addition to how staff that developed and followed this citizen participation process emphasized the participation of persons of low- and moderate-income.

To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan which establishes policies and protocols for comprehensive community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen Participation Meetings
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
3. Urban County Participating Cities

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The Urban County compiled an outreach list consisting of various public agencies/entities and service providers that the County consulted with including the following:

- Nonprofit service providers that cater to the needs of low and moderate income households and persons with special needs, including persons with disabilities;
- Affordable housing providers;

- Housing advocates;
- Housing professionals;
- Public agencies (such as school districts, health services, public works); and
- Economic development and employment organizations; and Community groups.

These and other specific agencies were invited to participate in the Urban County's consultation process. A Needs Assessment questionnaire was used to help confirm priorities set in the Five-Year CP. The development of the OYAP also included citizen participation, including public meetings held throughout the County in diverse communities, where participants were asked to discuss and prioritize the needs in their neighborhoods.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County of Riverside Department of Public Social Services (DPSS) serves as the Collaborate Applicant for the county's Continuum of Care (CoC) program. The CoC Program resulted from the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH), which consolidated the separate McKinney-Vento homeless assistance programs (Supportive Housing Program, Shelter Plus Care Program, and Section 8 moderate Rehabilitation SRO Program) into a single grant program and revised the Emergency Shelter Grants program renaming it the Emergency Solutions Grants (ESG) program. Cross-program coordination is required to plan for and provide, as necessary, a system of strategies to address the various needs of homeless persons and persons at risk of homelessness.

The ESG program requires consultation with the CoC and communication among participating agencies. The CoC membership consists of organizations including non-profit homeless assistance providers, veteran service representatives, victim service providers, Public Housing Agency, social services providers, Mental Health Agency, formerly homeless individuals, and government organizations. The purpose of requiring this type of representation from a wide range of organizations within the CoC's geographic area is to ensure that all community stakeholders participate in developing and implementing a range of housing and services. ESG funded agencies have easy access to membership in the CoC and are encouraged to participate.

As the planning body, the CoC not only coordinates the community's policies, strategies, and activities toward ending homelessness but must also establish and consistently follow written standards for providing CoC assistance. In order to collect client-level data and data on the provision of housing and services provided to homeless or those at risk of homelessness, a CoC must have an established Homeless Management Information System (HMIS). This type of

system allows for standardized data collection from projects serving homeless families and individuals. Through the data gathered, the CoC can measure performance at the system and project levels, including outcomes of projects funded under the ESG program. Data is also used to analyze needs and establish funding priorities as well as measuring the overall effectiveness of the homeless programs.

The CoC seeks to improve coordination and integration with mainstream resources and other community programs for people who are experiencing or are at-risk of becoming homeless. The CoC meets on a regular basis, sharing information about services among participating agencies and setting funding priorities and policies for homeless. The CoC Program provides homeless assistance by leveraging funding needed through the HUD consolidated application. This provides collaboration between providers of housing and homeless assistance programs and other federal programs. The goal is to assist people to achieve stability through self-sufficiency.

Aspects of the 2015-2016 OYAP development process and implementation of project objectives was a result of meeting and collaborating with the CoC as well as agencies and organizations that serve Riverside County residents. These meetings helped identify priority needs and the level of need for various coordinated housing and homeless efforts in the County. EDA will continue to consult with the CoC where necessary to address the needs of the homeless populations. To ensure the effective and efficient provision of housing and services to homeless individuals and families, the development of the OYAP also included active citizen participation as described in the Citizen Participation section. This joint effort has worked successfully in the past, and EDA pledges its continuing support of the endeavor.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The ESG funding allocations to various eligible activities are presented annually to members of the CoC for discussion and review.

The Riverside County EDA, the ESG recipient, consulted with the CoC to discuss the allocation of ESG funds in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction; and

- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

Based on standards and goals of the local CoC, the County has developed written performance standards for providing ESG assistance and must consistently apply those standards for all program participants. These standards are described in its Five-Year CP and in the 2015-2016 OYAP. The County and sub-recipients work with the CoC to ensure the screening, assessment, and referral of program participants are consistent with the standards. Performance standards are used to evaluate the outcome of project goals and objectives of the program. This allows better coordination with other service providers and provides integration with other programs targeted to homeless people in the area covered by the CoC. The 10-Year Plan to end Homelessness provides a strategic, community-wide system to prevent and end homelessness in Riverside County.

The HEARTH Act makes Homeless Management Information System (HMIS) participation a statutory requirement for ESG recipients and sub-recipients. The CoC developed a centralized assessment system in accordance with HUD's standards on participation, data collection, and reporting under a local HMIS.

The County must ensure that client data on all persons served and all activities assisted under ESG are entered into the HMIS. This data is also used by the County to complete the annual Consolidated Annual Performance Report (CAPER). A victim service provider may choose not to use the HMIS but must use a comparable database that collects client-level data.

Policies and procedures for the administration of HMIS are as follows:

- The HEARTH Act requires HMIS participation as a statutory requirement for ESG grantees and sub-recipients. EDA and the sub-recipients coordinated with the Continuum of Care to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- Designate one or more representatives to serve on the HMIS Steering Committee, the Committee responsible for overseeing the coordinated implementation of HMIS in Riverside County. The HMIS Steering Committee meets to review the progress of implementation, identify and resolve problems, update policies and procedures, and to review reports from participants.
- Ensure participating agencies and users receive collaborative-approved training and maintain a process to hear and address issues from users.
- Ensure that accurate data on all persons served and all activities assisted under ESG are entered into the community-wide HMIS.
- Establish a process to review, analyze and report key performance outcome measures on a regular basis.

- Access HUD required reports directly from HMIS. Compare HMIS reports to provider data and confirm all providers have corrected inaccurate data before reporting deadline.
- Using HMIS data, review preventing and ending homelessness results to evaluate the performance toward achieving outcomes in the plan.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	County of Riverside Department of Public Social Services	Through the outreach process, the County has identified homelessness, rapid re-housing, and homelessness prevention services as a priority. These services will help strengthen the Continuum of Care Strategy.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
General Plan-Housing Element	County of Riverside Planning Department	The housing and demographic data was used to determine needs. Some goals proposed in the Housing Element can be funded through the Consolidated Plan.
The Analysis of Impediments to Fair Housing Choice	Fair Housing Council	The Analysis of Impediments to Fair Housing program provides a vital range of no cost fair housing services to eligible clientele throughout the County's Urban County program areas that are victimized and affected by illegal housing practices. The value of this study is that it identifies and analyzes the most significant barriers affecting fair housing choices and outlines specific steps to address and overcome the effects of any impediments which were useful for the development of the Five-Year ConPlan and 2015-2016 OYAP.
Annual Plan	Housing Authority of the County of Riverside	Plan is used to express the Public Housing Authority's quantifiable goals and objectives for the 5-Year period. The primary mission of the Housing Authority to provide affordable decent, safe and sanitary housing opportunities to low and moderate income families including elderly and disabled persons, while supporting programs to foster economic self-sufficiency overlap with those proposed by the County.
Child Care Needs Assessment and Strategic Plan	Riverside County Child Care Consortium	The Plan was useful in the development of the Five-Year ConPlan and 2015-2016 OYAP as it assists in the alignment of the Riverside County Child Care Consortium's quantifiable goals and objectives to provide advocacy and resources in the establishment and support of quality, affordable, and accessible child care services for children and families in Riverside County through community partnerships, such as the County, for July 2010 through June 2015.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Workforce Investment Board Strategic Plan 2013-17	Riverside County Workforce Development Center	The goals related to improving educational and job readiness and increasing the number of residents with living wage jobs overlap with the employment and training goals of the WIB's Plan. Through strong strategic partnerships, the WIB remains in a prime position to serve as the pipeline for a skilled labor force necessary for economic recovery and long-term growth. Locally, the WIB has defined the workforce development system as the intersection of three community sectors, where the educational sector the economic development sector and the talent development sector overlap in a common mission to match supply and demand.
Strategic Plan 2013-2015	Community Action Partnership of Riverside County (CAP)	The CAP Strategic Plan, similar to the County plan, identifies desired outcomes and how they plan to reach those outcomes through programs they provide to the County's low-income residents and the support mechanisms used to move them toward self-sufficiency. http://www.capriverside.org/opencms/programs/ThePlanningDivision/
MHSA 3-Year Program & Expenditure Plan	Riverside County Department of Mental Health	This Plan is used to express the Riverside County Department of Mental Health's Mental Health Services Act (MHSA) Program and Expenditure Plan quantifiable goals and objectives for the 3-Year period, FY14/15 through FY16/17. The Department has been proactive in addressing demands by expanding service capacity through clinical expansion and enhancements. Recognizing the need to build workforce capacity through creative strategies such as education/internship programs, job fairs, and educational support and incentive programs the Plan was useful in the development of the Five-Year ConPlan and 2015-2016 OYAP.
Healthy Riverside County 2014 Annual Report	Riverside County Department of Public Health	The 2014 Community Health Profile summary of goals related to promoting and protecting the health of the residents of Riverside County and visitors overlap with those of the County.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
2012-2016 Strategic Plan on Aging	Riverside County Office on Aging	This Plan describes the role and mission of the Riverside County Office on Aging (OOA), priority goals they have identified through a needs assessment process, and major objectives and actions steps that they will strive to achieve during their 2012-2016 planning cycle. Needs and senior activities proposed by the County overlap with those established by OOA.
2011-2016 Strategic Plan	First 5 Riverside	The County's Five-Year ConPlan and 2015-2016 OYAP overlap with First 5 Riverside's Strategic Plan in identifying goals and objectives focused on children in Riverside County that they are healthy and thrive in supportive, nurturing, and loving environments and enter school ready to learn and embrace lifelong learning.

Narrative (optional)

The County's program covers the unincorporated areas, participating cities, and one Joint/Metropolitan City. The County initiated its Citizen Participation (CP) process by notifying cities, community members, public/private sector agencies and departments, and those that may have an interest in the CDBG program, to participate in the Consolidated Plan process through the Notice of Funding Availability (NOFA) process. In an effort to broaden public participation, the agency conducted Citizen Participation Public Meetings throughout the County's CPD program area. These communities are representative of the unincorporated communities in the County with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs.

Organizations were consulted on an individual and group basis, as well as part of public meetings and through written correspondence.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The Citizen Participation (CP) process is necessary to ensure adequate citizen involvement in the determination of community needs and investment in housing, homelessness, community development, and economic development. This process is guided by the County's Citizen Participation Plan (CPP). EDA sought and encouraged community-wide participation in the development of the 2015-2016 OYAP through a community and resident outreach and participation process. To foster consultation and community outreach, EDA utilized its CPP to establish policies and protocols for community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through internet outreach, citizen participation meetings, public notices, public hearings, consultation feedback request, memorandum of participation, and through the Urban County Participating Cities.

In preparation of the 2015-2016 OYAP, the agency conducted CP Meetings throughout the County's CPD program area, representative of the unincorporated communities with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs. Citizens were invited to attend the meetings to express their views on their current community's housing and community development needs and those established in the Five-Year ConPlan, comment on prior program performance, and to learn about the programs and services available to them. Prior to the Public Meetings and Public Hearings, a County-wide notice, in English and Spanish, was published in newspapers of general circulation and made available on the EDA's website.

In order to broaden public participation even further, EDA contacted non-profit social service providers, special districts, and other County departments and agencies to respond to consultation feedback and/or memorandum of participation requests. In addition, during the preparation of the Five-Year ConPlan, the County had developed and distributed, in English and Spanish, a comprehensive Housing and Community Development Needs Assessment survey for residents, service providers, and other stakeholders to solicit community opinions and concerns. The survey incorporated general needs categories and various subcategories. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs, assign priority among these needs, as well as participate in the development of

affordable housing, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons.

The County had also sought assistance from the cities participating in the County's Urban County Program, encouraging them to facilitate and support the participation of all city residents in the identification and assessment of community development needs by following the same process. The prioritization and investment decisions are a result of these collective efforts and served to identify immediate and long range needs and objectives.

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

In order to receive CPD funding, the County must develop and submit a Consolidated Plan every five years and One Year Action Plan for each of the five years to the U.S. Department of Housing and Urban Development (HUD). The County of Riverside anticipates receiving an annual allocation of CDBG, HOME, and ESG funds from HUD over the next five years for activities that provide decent housing, suitable living environments, and expanded economic opportunities for its residents. These funds are intended to help meet priority needs identified throughout the County. Detailed information on the resources the County expects to receive and the activities to be undertaken to meet the priority needs are identified in the OYAP.

One of the main obstacles to meeting community needs is inadequate resources. As with most of the priority goals, the needs far outweigh the County's available resources; that are not sufficient to address all of the needs of low- and moderate-income persons or special needs residents in the County's CPD program area. The CDBG regulations do not require a funding match for the program; however, the County strongly encourages leveraging of CDBG funds. In the participating cities, CDBG funds are matched with other funds available to cities such as general funds and other local resources. The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding and are anticipating a greater availability of housing funds to support local affordable housing construction and rehabilitation. It is very clear that given the extent and magnitude of the need for housing, as well as other community and economic development needs in Riverside County, it is imperative that the limited resources made available through the CPD programs be leveraged with other resources. Many of the most successful affordable housing projects, community facilities, and public service programs use extensive leveraging. It is anticipated that as the nation and the State of California move out of the effects of the recession and begin to experience economic growth and easing of national, state and local budget constraints we may begin to see greater availability of funding sources. Even under these circumstances, the County strives to make progress in implementing its public improvement and community service projects and programs as well as meeting the established objectives.

The following section summarizes the major sources of funding available to carry out housing and community development activities in the Urban County, and specifically identifies the County's second year and projected funding levels over the five year plan period for formula grant programs (CDBG, HOME, and ESG). Funds are available from the following categories:

Emergency Response Teams perform street outreach. There are no prior-year carry forward funds due to all funds being allocated to projects. Refer to 2015-16 OYAP appendix and table 3c's for current year project funding details.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

As in the past, the County and cooperating cities have been as creative as possible to find other additional sources of funding in order to develop and deliver efficient and cost effective projects. CDBG, HOME, and ESG funded activities will be leveraged, whenever possible, by other Federal and/or governmental support for their specific type of services. The County will comply with applicable federal regulations for the matching requirements for the HOME and ESG programs. The match for both programs is reported annually in the Consolidated Annual Performance and Evaluation Reporting (CAPER).

Emergency Solutions Grant-The Emergency Solutions Grant program has a mandatory "matching grant" requirement for sub recipients. It is anticipated that the County will leverage or "match" more than seven times its ESG allocation with Federal, State, and private resources. Affordable Housing- HOME Program regulations require a twenty-five percent (25%) non-Federal match for every HOME dollar expended. Funds set-aside for program administration and for Community Housing Development Organization (CHDO) technical assistance/capacity building is exempt from this matching requirement. The match must be met by the end of the Federal fiscal year in which the expenditure occurred. This requirement is not project-specific but rather program-wide.

The County expects to leverage CPD funds with the following funding sources to assist in accomplishing the goals of the Five Year Consolidated Plan:

- The County of Riverside DPSS is the County CoC Collaborative Applicant and lead agency. In this capacity, DPSS is able to effectively leverage additional federal and state funds and in-kind support, including mainstream public assistance programs with a minimum of 150% leveraging. These resources are also leveraged through each of the 14 sub recipients. The HUD Collaborative Application for CoC Programs 2014-15 award amount is \$9,857,934. The committed leveraging amount is \$15,027,234, which reflects a minimum 150% in leverage per project; however, a combined leverage amount of \$49,635,658 was actually submitted as leverage collectively by all of the projects. The resources leveraged are committed through the CoC subrecipient collaborations and partnerships. These partnerships have been established through the annual CoC Consolidated Application and CoC network program activities.

- Section 8 the Housing Authority receives an annual allocation to administer the Housing Choice Voucher Program (also known as Section 8) authorized by the U.S. Housing Act of 1937. The Section 8 program provides permanent rental subsidies in the form of vouchers for use in the private rental market thereby making market rate housing affordable to extremely low and low income families. The Section 8 program has the added benefit of providing income to local landlords who participate in the program which strengthens the local rental market.
- The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding. The following is a list of some of the possible funding sources that may be used in conjunction with HOME funds: Limited Partner Tax Credit Equity; California Housing Finance Agency (CalHFA) funds; California Department of Housing and Community Development Multifamily Housing Program (MHP) funds; Federal Home Loan Bank Affordable Housing Program (AHP) funds; and U.S. Department of Agriculture California Department of Housing and Community Development Farm Worker Housing Grant Program.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

When CA redevelopment agencies were dissolved, the Housing Authority of the County of Riverside (HACR) was designated as the successor agency for the former redevelopment agencies housing functions. The HACR assumed the former Redevelopment Agency for the County of Riverside and former Coachella Redevelopment Agency assets, which included 104 vacant parcels scattered throughout the County. Some of these properties are located in areas of low-income populations, the HACR has been in the process of strategically planning how to best develop these properties. If planned well, development of these properties will have a positive impact on these areas, by providing housing and other services that these areas lack.

Discussion

The amount of resources available to address social, community, and economic development goals pale in comparison to the recognized needs. To address this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to seek other resources, forge new partnerships and collaborates, and to leverage additional funding whenever possible from local, State, Federal, and private sources.

Two of the CPD-funded programs, HOME and ESG, both have matching fund requirements – HOME 25%, ESG 100%. These regulatory matching requirements ensure the efficient use of the Federal funds through leveraging. The CDBG regulations do not require a funding match for the program; however, the County strongly encourages leveraging of CDBG funds and gives priority consideration in the evaluation of proposed activities that leverage other funding. Acceptable leveraging can be in the form of land; other Federal, State, or local government assistance; in-kind services; donations; waived, reduced, or deferred fees and other pre-development costs; private resources; reduced interest rates; or other subsidized financing.

The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding. As the nation and the State of California move out of the effects of the recession and begin to experience economic growth and easing of national, state and local budget constraints, the jurisdiction may begin to see greater availability of housing funds to support local affordable housing construction and rehabilitation.

It is very clear that given the extent and magnitude of the need for housing, as well as other community and economic development needs in Riverside County, it is imperative that the limited resources made available through the CPD programs be leveraged with other resources. Many of the most successful affordable housing projects, community facilities, and public service programs use extensive leveraging.

	Goal Description	Per HUD HOME Regulations the County of Riverside will set aside 15% of the HOME allocation to qualified Community Housing and Development Organizations.

Table 7 – Goal Descriptions

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

Using targets listed on the 2014-2019 Five-Year CP yields:

- Extremely low income: 11 units, 100% of which assisted with HOME
- Very low income: 135 units, 100% of which assisted with HOME
- Low income: 24 units, 100% of which assisted with HOME
- Moderate and above moderate: 0 units, 0% of which assisted with HOME

AP-35 Projects – 91.220(d)

Introduction

HUD requires a consolidated planning process for CDBG, HOME, and ESG programs. This process consolidates multiple grant application requirements into a single submission. The OYAP outlines how the CDBG, HOME, and ESG funds will be expended for the purpose of providing a suitable living environment through safer, more livable neighborhoods, increased housing opportunities and lastly, strategies to expand economic opportunities through jobs that pay self-sufficiency wages.

In FY 2015-2016, the County will receive an estimated \$7,637,386 (includes \$424,079 City of Lake Elsinore-metro city allocation) in CDBG funds. CDBG funds will be used for public services, public improvements, public facilities, economic development, fair housing, interim assistance, and code enforcement. Federal regulations impose a 15% maximum cap on funding to be expended for public service activities and administrative costs are limited to 20% of the total CDBG funding and program income received.

In FY 2015-2016, the County will receive an estimated \$1,701,737 in HOME Program funds. Administrative costs are limited to 10% of the annual HOME allocation and program income received. Federal regulations require a minimum of 15% of each year's HOME allocation to be set-aside for projects sponsored by Community Housing and Development Organizations (CHDOs).

The County will also receive, in FY 2015-2016, an estimated \$628,928 in ESG funds. The County will allocate the ESG funds to programs or activities including: emergency/transitional shelter, homelessness prevention, rapid re-housing, outreach, and a maximum of 7.5 % of the total ESG allocation to administrative activities.

There is no "carryover" of CDBG funds from previous program years to FY 2015-16. CDBG program income (PI) is allocated as it is receipted into IDIS. The County anticipates that the amount of program income to be received in FY 2015-2016 from prior year investments is \$170,597 in CDBG and \$648,133 in HOME program income; however, the estimated PI has not been allocated to specific projects in the 2015-2016 OYAP.

Below are the proposed 2015-2016 OYAP Projects. Detailed descriptions of the projects, table 3c's, can be found in the Appendix in addition to proposed back-up projects the County will consider funding in 2015-2016.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The primary objective of the County's CPD programs is the development of viable urban communities by providing decent, safe, and sanitary housing, and expanding economic opportunities principally for persons of low and moderate-income. The mission of meeting and

addressing these community, social and economic development needs of low-income persons and their communities is of paramount importance to the County. Unfortunately, there are barriers and challenges that hinder the development and implementation of important programs intended to serve those most in need.

One of the most important steps in addressing obstacles to community development is identification and evaluation. In Riverside County, obstacles for CPD-funded activities include language and culture, location and geography, limited resources, and program restrictions and regulations. The County and nearly all CPD sub-recipients have bilingual staff sensitive to cultural traditions, issues, and values. For this reason many of our public notices, including notifications of CPD funding cycles and Citizen Participation meetings, are published in Spanish.

Currently the primary obstacle to meeting all of the identified needs, including those identified as priorities, is the general lack of funding resources available to public and private agencies that serve the needs of low- and moderate-income residents. As noted previously, the amount of resources available to address social, community, and economic development goals pale in comparison to the recognized needs. To address this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to seek other resources, build new partnerships and collaboratives, and to leverage additional funding whenever possible from local, State, Federal, and private sources. The County urges CPD-funded programs and services to be flexible, while at the same time to be as efficient and effective as possible to achieve expected performance outcomes.

Riverside County is geographically very large: Many of the targeted lower-income communities are located in remote rural areas, in the suburban fringe, and within large urban settings. An effective tool used by the County is the community-based forum. These include the Community Councils, Municipal Advisory Councils, and County Service Area Advisory Boards. These non-elected public bodies provide ideal forums for residents and other stakeholders to express their concerns and assess community development needs. Also, the County and other organizations have the opportunity to directly discuss programs, plans, projects, etc., during these meetings.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The County of Riverside is the fourth most populated county in the State, consisting of urbanized neighborhoods, suburban cities, and rural communities. Riverside County includes twenty-eight (28) incorporated cities of which fourteen (14) participate in the Urban County program and one (1) as a Joint Metro City/Urban County participant. There are also, approximately sixty-three (63) unincorporated communities and neighborhoods. The County is divided into five (5) Supervisorial Districts.

The County seeks to direct funds primarily to these areas of the County and to programs and projects that serve the most disadvantaged residents in these communities. (Refer to County Map and Minority and Low- and Moderate- Income Concentration Maps in Appendix)

The County is committed to the efficient, effective, and established distribution of CDBG, HOME, and ESG funds within each Supervisorial District, Cooperating City, and Metropolitan City to address the priority community development needs. The County has not established specific priority or target areas per se to focus the investment of CDBG funds. For purposes of the 2015-2016 OYAP of the 2014-2019 Five-Year CP, geographic areas are more loosely defined to include administration, countywide, supervisorial districts, cooperating cities, and metro city(s). Priority is typically given to CDBG projects that benefit the greatest percentage of low/moderate-income persons, both as Low/Mod Area (LMA) or Low/Mod Clientele (LMC). Some service providers in the County may not always be located in low/moderate-income census tracts yet their services are designed and intended for low/moderate income clients. These may include clinics, food pantries, senior centers, health care facilities, etc.

Target Area	Percentage of Funds
Countywide	36
Administration	18
Supervisorial Districts	19
Cooperating Cities	24

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The County has established priorities for allocating CPD funds based on a number of criteria, including: the established need; urgency of the need; cost efficiency; eligibility of activities/programs; funding program limitations; capacity and authority for implementing actions; consistency with countywide goals, policies, and efforts; identified gaps in service; availability of other funding sources to address specific needs; comments and correspondence from interested agencies and organizations; and feedback from the general public.

The national objectives and performance outcome measurement system established by HUD are the basis for assigning priorities to needs for which funding may be allocated. Priorities are also based on the County's belief that, by increasing self-sufficiency and economic opportunity, many of the housing, social service, educational, and other needs can be addressed more readily. The overall priority for this Plan is to use CPD Federal funds for lower-income residents and individuals with special needs so that they can achieve a reasonable standard of living. The County is committed to allocating funds that serve the needs of the lowest-income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income, particularly those with extremely low-incomes (less than 30 percent of area median income), are particular priorities.

Discussion

In order for an activity or project to be eligible for funding, it must qualify as meeting one of the three national objectives of the program:

- 1) Principally benefit (at least 51%) low and moderate income persons;
- 2) Aid in the prevention of slums or blight; or
- 3) Meet community development needs having a particular urgency.

Priorities that guide the allocation of CPD funds are derived from the following goals:

To provide decent housing;

To provide a suitable living environment; and

To expand economic opportunities.

In addition to national objectives and performance measurements, the County must weigh and balance the input from different groups and assign funding priorities that best bridge the gaps in the County's service delivery system. The County received input through outreach efforts helping to prioritize funding for community facilities, community services, homeless facilities and services, economic development, and public improvements. In summary, projects are reviewed and funding allocations are made based upon the above criteria, including the projects ability to reach and serve the areas and persons with the greatest need.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Lower-income households continue to pay a higher percentage of their income for housing, compared to other income groups. A large proportion of lower income renter-households also tend to experience other housing problems such as overcrowding and inadequate housing conditions. In order to help provide decent and affordable housing, and improve the social and economic status for extremely low-, very low-, low-, and moderate-income households in the County of Riverside, the following priorities have been established:

1. Provide homeownership opportunities for first-time homebuyers and for the low- and moderate-income community.

Homeownership may provide many social and financial benefits to families, children, and communities. There is considerable evidence that homeownership experiences result in greater social stability, education completion, civic participation, and improved quality of life, according to “Reexamining the Social Benefits of Homeownership after the Housing Crisis” (Joint Center for Housing Studies of Harvard University, August 2013) and “Social Benefits of Homeownership and Stable Housing” (National Association of Realtors®, April 2012).

2. Improve the conditions of substandard housing and substandard existing rental housing for the low income community.

As the County’s housing inventory ages, maintenance and repairs become more critical. If units fall into disrepair, residents may be subject to unsafe and unhealthful living conditions. Maintaining older units and ensuring that durable construction materials are used for new housing is important in maintaining the supply of housing in the County.

3. Expand the affordable rental housing stock for low-income and special needs households.

Based on cost burdened household data from Comprehensive Housing Affordability Strategy (CHAS) and coupled with National Low Income Housing Coalition (NLIHC) projections, there is a great need to expand affordable rental housing stock for low-income households, as well as special needs households including elderly, large families, HIV/AIDS and their families.

4. Shelter the homeless.

According to the 2011 Riverside County Homeless Count & Survey Comprehensive Report, prepared by Applied Survey Research, on a given day throughout the County of Riverside, there are approximately 6,203 adults and children who are homeless. Of these, more than 82 percent live on the streets and nearly 18 percent live in emergency shelters or transitional housing. Although HOME regulations prohibit the use of funds for the construction of shelters, the County seeks to develop and construct transitional to permanent housing for the homeless.

5. Address farm worker and migrant farm worker housing needs in Riverside County.

Based on December 2014 Labor Market Information from the California Employment Development Department, there were 15,400 farm labor jobs in Riverside County, primarily in the Coachella Valley region. In a survey conducted in December 2006, among 525 farm workers, 72% identified that they live year-round in the Coachella Valley. Approximately 88% lived in conventional housing situations including apartments, houses, and mobile homes. Over 66% were renters living with family members contributing to overcrowding. Among those interviewed, 2% identified that they lived in situations not meant for human habitation such as outdoors, cars, trailers on private property, or in converted garages.

Discussion

Five-Year Affordable Housing Objectives:

The County's Specific Affordable Housing Objectives for the (2014-2019) period are addressed in the following discussion. The discussion includes the basis for assigning the priority; obstacles to meeting underserved needs, and proposed accomplishments that the County hopes to achieve over the next five years.

1. Provide homeownership opportunities for first-time homebuyers and for the very low-, low- and moderate-income community.

1. First Time Home Buyer (FTHB) Program - HOME down payment assistance for very low and low-income households that have not had ownership interest in improved upon residential real property within the most recent three-year period. A covenant agreement will be recorded on the property for the required minimum affordability period based on the down payment assistance amount provided to the homebuyer per §92.254(a)(4) of the HOME rule.
2. Mortgage Credit Certificate (MCC) - Tax credit for qualified households to reduce homeowner income tax liability and increase disposable income to allow the homeowner to afford higher housing costs given their income.
3. Mobile Home Tenant Loan (MHTL) Assistance Program – Assistance utilizing CalHome funding for extremely low-income mobile homeowners living in substandard mobile homes and within identified census tracts.

2. Improve the conditions of substandard housing and substandard existing rental housing affordable to low-income families.

1. Low-Income Home Energy Assistance Program (LIHEAP) . Community Action Partnership of Riverside County administers a weatherization program available to low income homeowners.

3. Address farm worker and migrant farm worker housing needs in Riverside County and in the Coachella Valley.

1. Mobile Home Tenant Loan (MHTL) Assistance Program. Assistance for extremely low-income mobile home owners in un-permitted mobile home parks to purchase a replacement unit in a permitted mobile home park.

2. HOME Program – Farm worker Housing. HOME assistance for the development, construction, or rehabilitation of affordable housing for low-income farm worker households.

4. Expand the affordable rental housing stock for low-income and special needs households

1. HOME Program – Multi-family. HOME assistance for the development and construction of affordable rental housing for low-income households. Assisted units will be restricted to a minimum of 20-years, a covenant agreement will be recorded on the property for the required minimum affordability period.

5. Shelter the homeless. (Note: HOME regulations restrict the use of funds for the development and construction of homeless shelters or temporary housing.)

1. CDBG Public Service Activities. CDBG assistance to non-profit agencies that provide emergency shelters and supportive services for homeless persons.
2. Emergency Shelter Grant (ESG) Activities. ESG assistance for selected non-profit agencies for emergency shelter and essential services for homeless persons.
3. County Supported Single Room Occupancy (SRO) Housing. Supportive services and housing for homeless at La Hacienda Apartments (formerly Miles Ave SRO) and Geel Place (formerly Western Riverside SRO) located in Eastern Riverside County and Western Riverside County, respectively.

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the County of Riverside administers and manages several programs to address the housing needs of residents county-wide. The annual estimated operating budget of \$91 million is allocated to fund Housing Authority projects and programs.

The Public Housing Program provides decent, safe, and sanitary housing to low and moderate-income families, seniors, and persons with disabilities. These multi-family developments were constructed or purchased with funding provided by HUD. The property units are operated and maintained by the Housing Authority with funding subsidies from HUD. The Rental Assistance Programs are tenant based utilizing Section 8 (Voucher) Rental Assistance Payments. The Section 8 (Voucher) program assists lower-income households with rental assistance to provide an opportunity to live in affordable, decent, safe, and sanitary housing.

Actions planned during the next year to address the needs to public housing

The Housing Authority has planned the following activities for the next year to address the needs of public housing units or apartment complexes:

1. Replace four HVAC units at Highlan St. Apartments in Riverside.
2. Replace four HVAC unit at Sherma St. homes in Moreno Valley.
3. Replace aging interior fixtures at the Banning Townhomes through the remodeling of kitchens and bathroom cabinet, plumbing fixtures, sinks, toilets, appliance, and flooring materials.
4. Increase attic insulation to a R33 value at 42 units Desert Hot Springs, 14 units in Cathedral City, 20 units in the City of Indio, 53 units in Thermal, and 40 units in Mecca.

In addition to this modernization and rehabilitation work, the Housing Authority also plans to submit an application to HUD for the Rental Assistance Demonstration (RAD) project that would allow the agency to convert all or a portion of its public housing stock to long term project based Section 8 contracts. This conversion would allow HACR to leverage Federal appropriations with other private and public capital to finance much needed rehabilitation and preserve these assets as affordable housing. Residents will retain strong rights and gain the choice to move with tenant-based rental assistance within a reasonable time after conversion. If this application is approved, the Housing Authority will initiate the conversion process in Fiscal Year 2015-2016 per the policies and procedures required by HUD.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority operates on the premise that affordable housing is not the end goal for a family but a stepping stone to reach full sufficiency in market rate housing. The ultimate goal is for the agency's families to successfully graduate to homeownership. To actively engage residents in this goal the agency has taken the following actions:

1. Regular engagement of residents via onsite managers, a resident newsletter, and through specialized self-sufficiency coaches funded through HUD's Resident Opportunity and Self-Sufficiency (ROSS) program.
2. Providing outreach and information to all Public Housing residents on community homeownership initiatives and credit counseling agencies.
3. Working collaboratively with our local Habitat for Humanity to provide public housing residents with targeted homeownership opportunities.
4. The implementation of grant funded ROSS programs (noted above) at strategic public housing sites to provide one-on-one coaching to families with the goal of increasing the household's income and assisting the household with attaining homeownership within a three year period.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A – HACR is not a troubled agency and has been rated as either a HUD “High Performer” or a “Standard Performer” in the past 5 years.

Discussion

Refer to above discussion.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The County Continuum of Care (CoC) was notified in January, 2015 of its 2014 Continuum of Care Program funding. The County Department of Public Social Services will receive \$9,857,934 for programs including: transitional housing, permanent supportive housing, Shelter Plus Care, Rapid Rehousing and HMIS. The County's priorities for ranking applications put permanent supportive housing as its highest priority. These funds will leverage the County's allocation of \$628,928, Emergency Solutions Grant (ESG) funding, used to support shelter operations (\$354,981), outreach services (\$10,000), and provide homelessness prevention (\$80,000), rapid re-housing (\$136,778), and County administration of the program (\$47,169).

This amount includes the renewal burden demand of existing CoC housing and services programs, but also the following new funding:

- Path of Life Permanent Supportive Housing (bonus funds): \$1,278,690
- Path of Life Rapid Rehousing (reallocation from an existing Transitional Housing project): \$338,541
- Lighthouse Social Services (new Rapid Rehousing project created through reallocation): \$258,054
- Valley Restart Shelter (new Rapid Rehousing project created through reallocation): \$169,265
- Collaborative Applicant Planning Grant: \$104,365 to carry-out planning activities to assist the CoC in complying with the HEARTH Act.

Issues contributing to homelessness include increases in the number of persons whose income falls below the poverty level, reductions in subsidies to the poor, lack of affordable housing for low- and moderate-income persons, drug/alcohol abuse, and the de-institutionalization of the mentally ill. The housing market and economic conditions have also resulted in some families facing homelessness due to foreclosures, unemployment, and/or underemployment.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County of Riverside CoC has established chronically homeless persons as the highest need priority. The CoC implements a targeted street-to-home and Housing First approach that covers 100% of its area and focuses on housing first approach for chronically homeless households and

others with a disabling condition. Non-disabled persons are referred to emergency shelters or transitional housing and housed as quickly as possible. The CoC is in the process of implementing a coordinated assessment system to ensure appropriate intervention through program admissions that will be marketed to community groups and outreach providers who coordinate outreach efforts with staff trained to guide households through the process regardless of age, gender, ethnicity, disability, etc. The CoC has two outreach teams that cover most county areas. The City of Riverside Street Outreach program conducts daily mobile outreach and provides client services focused on the chronically homeless populations living on the streets to connect them with supportive services and achieve housing stability. The Department of Mental health, outreach peer specialists in the Desert-Mid county region, perform initial field assessments, in depth assessments, referrals to all contacts, linkage to various community organizations, assistance with entitlement questions and problems, linkage to mental health providers for assessment and services if appropriate, and emergency shelter and transitional housing by partnering with community agencies as well as facilitating referrals and other linkages to services.

The 2015-16 goals for reducing and ending homelessness include the following:

- Outreach to homeless persons with a priority on the unsheltered
- Assessment of homeless persons and families and their specific needs
- Prevention of homeless persons and families and of extremely low-income individuals and families entering homelessness relative to their circumstances.

The county has established the chronically homeless as the highest priority for assistance. Riverside City and County were selected by the U.S. Department of Housing and Urban Development and the Veterans' Affairs Administration as one of 25 cities in the nation to receive consulting and other resources to create a Coordinated Entry and Assessment and Housing Placement system to end homelessness among veterans by 2015 and end chronic homelessness by the end of 2016.

Addressing the emergency shelter and transitional housing needs of homeless persons

Currently, in Riverside County there are 777 emergency beds and 720 transitional housing beds. The Housing First approach adopted by the county and CoC requires that homeless are helped into permanent housing or rapid re-housing as soon as possible. Transitional housing beds have begun to decrease in the county and permanent housing is increasing because of reallocations made in the HUD COC Program Consolidated Application. This change has CoC providers in transition to reallocate other funding and reprogram the transitional housing program into the

more desirable permanent housing or rapid re-housing beds units. This program requires for providers to help clients transition into permanency, more quickly and to maintain their self-sufficiency and not return to homelessness. This process shortens the time a homeless individual or family spends in transition from instability to stability and self-sufficiency.

Emergency shelters are motivated to lessen the time that a homeless person or family's length of time homeless (LOTH) in the shelter by effective and quick assessment of homeless clients and getting them stabilized into permanent housing with intensive case management initially and support in the initial phase of residency in permanent housing. This period will serve as a time to address the other needs to maintain self-sufficiency either by accessing mainstream benefits, employment or medical or mental health support.

The CoC works with the county's Economic Development Agency and other public funding agencies to integrate the CoC Programs and the Emergency Solutions Grant, Social Services to Veteran Families (SSVF) and CDBG funding to increase the number of families with children who are assisted through rapid re-housing. In addition, other non-McKinney-Vento funding sources, such as Emergency Food and Shelter Program (EFSP), funded under Federal Emergency Management Agency (FEMA) will be matched as a source for rental/mortgage assistance for families that are homeless or at-risk of homelessness in the county's strategy to meet this goal.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The CoC has taken the following steps to reduce length of time homeless (LOTH):

- 1) Adopted and implemented a CoC wide Housing First approach; 2) Adopted and implemented a CoC wide Rapid Re-housing approach; 3) Increased the number of public/private partners to help implement these approaches;
- 4) Revised intake processes to ensure homeless households are given the appropriate intervention at the time they are admitted to the program to help reduce their stay;
- 5) Adjusted case management procedures in order to train CoC and ESG case managers to move away from a housing-ready approach to an evidence-based home-based case management approach;
- 6) Improved data collection through HMIS by training participants to enter related data

correctly and timely; and

7) Generated monthly reports for outcome measurement.

The CoC is in the process of adopting the HEARTH goal of no more than 30 days homeless and the high-performing communities goal of reducing LOTH at least 10% from preceding years. In 2012, emergency shelter LOTH was 30 days and 21 days in 2013. The CoC will target non-HUD funded projects to reduce their LOTH such as those who receive EFSP, CDBG, and HOME funding.

Homeless CoC youth providers have implemented outreach and service based events in the communities to draw homeless youth, unaccompanied and transitional age into contact with services available to them. The Operation SafeHouse is the only CoC youth provider that has opened a permanent supportive housing program called Harrison House, for transitional age youth, in the eastern desert region of Riverside County.

Homeless Veterans and Families Preventative services for homeless veterans and their families has increased with the awarding and introduction of the Supportive Services for Veterans Families (SSVF) grant program in 2013 to Riverside County. In 2014, two SSVF funded agencies received a total of \$3 million in surge funding to expanded housing and supportive services for veterans and their families. CoC providers who have received SSVF funding have been able to assist homeless veterans and their families or have been able to prevent them from becoming homeless. SSVF provides for outreach, case management, and assistance with obtaining veteran and other mainstream benefits. Client based needs for health care, transportation, legal services, housing counseling, and rapid re-housing are some of the preventative and stabilizing aspects of the program. SSVF grantees must be actively involved with the CoC in Riverside County. Community events like "Veterans Stand Down" for homeless, veterans provided Veterans Affairs Supportive Housing (VASH) vouchers to chronically homeless and much needed services to those who have been unable to go directly to the Veteran's Services Office or were non-eligible for services. Mainstream and public benefit services are made accessible to homeless veterans through community providers present at these types of events.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or

private agencies that address housing, health, social services, employment, education, or youth needs.

The County of Riverside CoC Discharge Policy is mandated by the state and followed by the CoC. The CoC established a Discharge Planning Committee, responsible for implementing policies and protocols and coordinating with various organizations, to ensure that persons being discharged from a publicly-funded institution or system of care are not discharged immediately into homelessness. The goals are to identify discharge housing needs inclusive of housing and supportive services and to link the individual with community resources that will include mental health services, substance abuse support, and housing. Health Care, The Hospital Association of Southern California Inland Area, serves as the lead agency on the Discharge Planning Committee to facilitate communication regarding the discharge planning needs of homeless persons from acute care hospitals. Mental Health, The County of Riverside Department of Mental Health, collaborates with DPSS and the CoC in the coordination and implementation of discharge planning for homeless individuals disabled by a serious mental health and/ or substance abuse disorder(s). Foster Care and Extended Foster Care programs help transition dependent youth who are emancipating from foster care to independent living. Corrections, The Department of Public Social Services and the Riverside Sheriff's and Probation Departments, support the Continuum of Care's mission of working towards reintegrating persons leaving correctional facilities to community based living and self-sufficiency.

Through AB 109 termed 'Early Releases' incarcerated individuals were released early from local correctional facilities. This created a plethora of individuals released onto the streets in 2012. The Department of Public Social Services and the Probation Department along with other law enforcement agencies and CoC partner agencies like the Department of Mental Health created a process which included emergency services and housing opportunities for qualified persons. The awareness of the lack of services for persons released from incarceration and the data collected from the 2013 Point in Time gave the county and the CoC hard data on other sources to homelessness and was an added impetus to the inclusivity of homelessness.

Discussion

The Department of Public Social Services, as the County of Riverside's Continuum of Care Collaborative Applicant and lead agency, maintains and creates the commitment and resources needed to leverage community stakeholders, agencies, business and non-profit partners. These partnerships have become solidified through the annual HUD CoC Homeless Assistance Consolidated Application and the CoC network program activities.

These local and community, non-profit agencies and organizations offer prevention services and help close the gaps of homelessness through the local, state and private funding streams accessed by them. Other CoC providers and community stakeholders through their mission to specific sub-populations, such as homeless veterans are able to leverage federal funding sources in partnership with agencies like the Department of Mental Health, Housing Authority, Veterans Administration, and the DPSS Self Sufficiency programs. Local efforts like the County and City of Riverside using Federal and local dollars fill in where needed and work in conjunction with the non-profit organizations in their community to end homelessness. Mainstream benefits are made accessible to qualifying clients through the CoC program housing providers, local non-profit organizations, agencies and educational institutions which collaborate and work on creating accessibility to homeless emergency services for homeless families and individuals. These local providers, private and public, help clients gain accessibility to benefits or to enhance the support given to them in CoC housing programs.

The 2015-16 goals for reducing and ending homelessness include the following:

- Outreach to homeless persons with a priority on the unsheltered
- Assessment of homeless persons and families and their specific needs
- Prevention of at-risk of becoming homeless or previously homeless persons returning to homelessness; and

preventing extremely low-income individuals and families on entering homelessness relative to their circumstances.

Emergency shelters are motivated to reduce the time that a homeless person or family's stays in a shelter (LOTH) and by using an effective and comprehensive assessment of their situations, and creating the environment where families and individuals can move into permanent housing. The transitional housing program, in the past, covered the costs of housing while providing case management, supportive services and a period of stability to enable homeless people to

transition to permanent housing within a twenty four month program. The Housing First approach adopted by the county and CoC requires that homeless are helped into permanent housing or rapid re-housing as soon as possible, where applicable, thereby, decreasing emergency shelter stays and eliminating the transitional housing period as it existed. Transitional housing beds have begun to decrease in the county and permanent housing is increasing based on the Housing First approach, this requires sources of permanent supportive housing and affordable housing for this to be a viable program. CoC transitional housing providers are changing their programs and projects in order to fulfill the goals of homeless prevention and the reduction of homelessness, through increased rapid re-housing and permanent supportive housing.

The County of Riverside DPSS and the CoC established a Discharge Planning Committee, responsible for implementing policies and protocols that coordinates with various organizations, to ensure that persons being discharged from a publicly-funded institution or system of care are not discharged into homelessness but rather will work with the CoC network of housing and emergency service providers in order to prevent a person from becoming homeless.

One year goals for the number of households to be provided housing through the use of HOPWA for:
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
Tenant-based rental assistance
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The County of Riverside covers an area of 7,208 square miles with an estimated population of 2.3 million. Within the territory of the County there are highly diversified areas that consist of high density urbanized areas and also lower density rural areas. However, the need for affordable housing remains at-large throughout the entire County. Within the vast areas of the County there are several barriers to the production of affordable housing which are as follows:

Land Use: The land use implications relate in particular to parcels that require a zone change to a zoning classification that allows multi-family housing due to their inconsistency with the General Plan designation. In order to address the inconsistencies with zoning and the County's General Plan, the County is developing a programmatic rezoning process to bring these parcels that are incorrectly zoned under the site inventory in conformity with the overlying General Plan designation which will eliminate zoning constraints for public and private sectors.

Density: Density is also a critical factor in the development of affordable housing. In the current economic state where funds have diminished, maintaining lower costs to the development of affordable housing is critical. Overall, maintaining higher density lowers the per unit land cost. Since the need for affordable housing is recognized as a significant housing problem in the County of Riverside, the County has established the R-6 zone as a residential incentive that allows flexibility in the density based on the physical and service constraints in the area. As a result affordability is restricted on the units. In the past the County has utilized R-6 zoning on two projects and is currently reevaluating the process to increase its effectiveness.

Infrastructure: The need for affordable housing remains large in rural areas of the County. The rural areas employ a significant number of low-income households. However, the need to fulfill the affordable housing need in these areas is strongly hindered by the lack of infrastructure. The Coachella Valley Water District which is the main source of water supply in these areas completed a domestic water hydraulic modeling study which showed that in certain areas of the Eastern Coachella Valley, the demand for housing exceeds the areas water supply. In order to further the development of future affordable housing it is a possibility that additional facilities will need to be incorporated such as pipelines, treatment plants, booster pumping stations and any other facilities determined by the water company at the expense of the developer. Adding these additional expenses to the overall development of a project will significantly increase the cost. In addition to infrastructure costs, most of the projects in this area are located on a flood plain, in which the structure must be raised, or they must have a flood basin which also

contributes to the expense of development in these areas.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The County is working to eliminate the identified barriers to affordable housing. In an effort to eliminate these barriers, multiple county departments have strategically planned and implemented effective procedures to cure any deficiencies that result in a barrier to the production of affordable housing. In addition to the procedures mentioned above, the County is continuously seeking funding sources that will alleviate the cost burdendness due to the lack of infrastructure in parts of the County where affordable housing is crucial.

Discussion

The County uses a multi-faceted strategy to address barriers to affordable housing. Limited resources dictate that strategies be focused on the most effective tools possible. A major focus involves the use of both financial and processing assistance to maximize as many housing units as possible. This approach allows the County to quantify affordable housing production and make adjustments to development strategies as necessary.

Development fees and approval delays add to the cost of development. In addition, inflation can increase the cost of both materials and labor. These factors combined with negative public perceptions serve as a major disincentive to the construction of affordable housing and are seen as obstacles by qualified developers.

The County assistance includes implementation of the following programs:

- Project Ombudsman: This program involves the designation of a staff liaison or Ombudsman to work with affordable housing developers and their representatives.
- Gap Financing: Gap financing offers financial assistance in the form of grants; or below market-interest rate loans; and other favorable repayment terms.

- Fee Subsidies: Under certain circumstances, the County will subsidize the payment of development fees.
- Waivers of Development Mitigation Fees: Under County Ordinance Number 659 fee waivers can be granted for publicly subsidized affordable housing projects.
- Public Opposition as a Barrier to Affordable Housing: The County will continue to educate the public about the social and economic benefits of affordable housing.
- Fair Housing as a Barrier to Affordable Housing: The County will continue to affirmatively further fair housing county-wide.
- Tax Policies: The County keeps property taxes at a minimum and does not have a residential or business utility tax.
- Fast Track and Priority Processing: The intent of this program is to expedite the construction of affordable housing projects through all phases of the approval process.

AP-85 Other Actions – 91.220(k)

Introduction

As a collaborative facilitator, the County continues to implement various actions to:

- (1) address obstacles to meeting underserved needs;
- (2) foster and maintain decent affordable housing;
- (3) reduce lead-based paint hazards;
- (4) reduce the number of poverty-level families;
- (5) develop institutional structure; and
- (6) to enhance coordination between public and private housing and social service agencies.

(1) Actions planned to address obstacles to meeting underserved needs

Through its annual application process, priorities for use of CDBG, HOME, and ESG funds, the County places highest priorities on activities that meet underserved needs. The primary objective of the County's CPD program is the development of viable urban communities by providing decent, safe, and sanitary housing, and expanding economic opportunities principally for persons of low and moderate-income. One of the most important steps in addressing obstacles to community development is identification and evaluation. Unfortunately, there are barriers and challenges that hinder the development and implementation of important programs intended to serve those most in need. In Riverside County, obstacles for CPD-funded activities include language and culture, location and geography, limited resources, and program restrictions and regulations.

Riverside County is geographically very large; many of the targeted lower-income communities are located in remote rural areas, the suburban fringe, or within large urban settings. To provide additional assistance to the non-English speaking population in these areas, the County and nearly all CPD sub-recipients have bilingual staff sensitive to cultural traditions, issues, and values. Additionally, many of the CPD public notices, including notifications of CPD funding cycles and Citizen Participation meetings, are published in English and Spanish.

A collaborative and effective approach used by the County is the community-based forum. These include the Community Councils, Municipal Advisory Councils, and County Service Area Advisory Boards. These non-elected public bodies provide ideal forums for residents and other stakeholders to express their concerns and assess community development needs. During these meetings, the County and other organizations also have the opportunity to directly discuss programs, plans, projects, etc. for the upcoming program year. The County will continue to

engage organizations, non-profit agencies, neighborhood councils, local businesses, community residents, and stakeholders to develop an ongoing strategy to meet gaps in the provision of services and strengthen the effectiveness of the County's programs and initiatives.

Currently, a more crucial obstacle to meeting all of the community development and affordable housing identified needs, including those identified as priorities, is the general lack of funding resources available to public and private agencies that serve the needs of low- and moderate-income residents. The amount of resources available to address social, community, and economic development goals pale in comparison to the recognized needs. To address this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to seek other resources, build new partnerships and collaboratives, and to leverage additional funding whenever possible from local, State, Federal, and private sources. Although needs are high in all of the top priority areas, due to limited funds and resources available, there is a high probability that some of these desired needs will not be addressed.

The mission of meeting and addressing community, social, and economic development needs of low-income persons and their communities is of paramount importance to the County. The County urges CPD-funded programs and services to be flexible, while at the same time to be as efficient and effective as possible to achieve expected performance outcomes. In FY 2015-2016 it is the County's intent to fund projects that address one or more of the obstacles, described in the Five-Year CP, to meeting underserved needs.

(2) Actions planned to foster and maintain affordable housing

Refer to AP-55-Affordable Housing for discussion on the County's Affordable Housing strategy and goals.

(3) Actions planned to reduce lead-based paint hazards

The County of Riverside, Environmental Health Department has programs that serve the community to identify and address LBP hazards. The programs from the Office of Industrial Hygiene (OIH) are as follows:

Childhood Lead Poisoning Prevention Program: The OIH operates California's Childhood Lead Poisoning Prevention Program (CLPPP) to test and identify children who are at high potential for lead poisoning based upon the age of the housing stock in the area and any other factors that indicate high risk for lead exposure.

Lead Hazard Reduction Compliance and Enforcement Program: In 2014, the OIH was awarded a 3 year Lead Hazard Reduction Compliance and Enforcement Program grant for \$275,000 to provide technical expertise in lead-based paint management. The OIH expects the Lead Hazard Reduction Compliance and Enforcement Program to continue and be ongoing with additional funding.

Lead Hazard Control Program: As implemented by Senate Bill 460, grants authority to local health departments to require the enforcement of persons who refuse to abate lead hazards in housing occupied by low-income families with children. The Lead Hazard Control Program is funded under this grant and implements SB 460 which allowed changes to State health and housing laws to make creating lead hazards a crime.

HEPA Vacuum Lending Program: OIH purchased 2 commercial grade HEPA vacuums which are available to low-income residents who want to do their own interim control work.

(4) Actions planned to reduce the number of poverty-level families

As noted elsewhere in the document, poverty is a condition with no simple solutions. Poverty status is determined by comparing annual income to a set of dollar values called poverty thresholds that vary by family size, number of children, and age of householder. Per the United States Census, Riverside County Quick Facts, the most recent estimated population in 2013 for Riverside County was 2,292,507 of which 15.6 percent of the population (approximately 357,631 people) were below the poverty level. Poverty is a persistent situation in which low income results from an inability to enter the mainstream. To the extent possible, the County plans to reduce the number of poverty-level families by targeting CDBG, HOME, and ESG funds to projects that will provide a combination of direct assistance services to foster self-sufficiency, combined with the provision of housing, shelter, and other indirect benefits from neighborhood improvements activities and public facilities.

The County's Five-Year CP and 2015-2016 OYAP will focus primarily on supporting programs that raise household incomes and stabilize housing situations by supporting anti-poverty activities through the following:

- Rehabilitate substandard existing single-family or multi-family housing for income qualified owners or to owners who rent to income-qualified tenants.
- Provide increased affordable homeownership opportunities for low- and moderate - income households, including seniors and disabled.
- Rehabilitate or provide new affordable housing units that include handicap accessibility for

seniors or the disabled.

- Encourage economic development in low- and moderate-income areas.
- Provide comprehensive rapid-rehousing and homeless prevention housing programs
- Provide Childhood Development, Child Care, and Youth Programs
- Encourage Substance Abuse Recovery and Counseling Programs
- Provide Job Training & Skills Development
- Provide Health Programs

The County's anti-poverty agency, Community Action Partnership (CAP), addresses poverty through a comprehensive set of strategies that range from crisis management, to financial security, to capacity building for families and communities. The County also supports a network of other Core Service Agencies that are located strategically throughout the County and cover specific geographic areas. They often are the first to intercept clients seeking safety net services, that include information and referrals to other agencies that specialize in particular knowledge and skill sets to address their problems directly. Efforts are continually underway to improve the quality of life and economic well-being of the residents through these types of collaborative efforts.

(5) Actions planned to develop institutional structure

The formation of sustainable partnerships and collaboration is essential to maintain a strong institutional structure for meeting affordable housing, community, social, and economic development needs of low- and moderate-income people throughout the County. The institutional structure is comprised of various government agencies, participating cities, nonprofit organizations, and other private and public establishments that help carry-out the Five-Year and each OYAP for the Urban County. Coordination efforts include not only leveraged financial resources; they provide for collaboration among service providers and local mainstream service agencies, provision of specific social and self-sufficiency services/programs to help eligible individuals combat poverty and homelessness, additional experience, knowledge, information sharing, strategies, and other valuable resources.

Strengths and gaps regarding the institutional structure delivery system were identified through the citizen participation process which included surveys, community meetings, forums, other research, and ongoing program evaluation. As determined, the system can become complicated by the geographical challenges of the County. The vast distance between communities and cities contributes to the impediments encountered by private, non-profit, and government agencies attempting to provide services to low-income residents. The County will make every effort to improve institutional structure by continuing to build and improve

relationships with local service providers, work with the other local jurisdiction in order to increase collaboration and make processes more efficient and standardized, and continue to assist the homeless and those at risk of becoming homeless by supporting non-profits that offer solutions and services to the homeless. In addition, the County continuously works to address priorities, allocate resources accordingly, improve coordination necessary to avoid an overlap of services or issues, avoid encountering problems with directing clients to appropriate services, as well as avoiding the possibility of clients falling through the gaps.

The County's Economic Development Agency is responsible for the administration of the Community Planning and Development programs. Staff is specifically responsible for the administration, implementation, and compliance of programs funded with these sources. More recently, the County has been tasked with providing additional assistance to the County's participating jurisdictions that have encountered some level of staff reduction resulting in a lack of trained staff, resources, and effective implementation of the CDBG program as a result of local, state, and federal budget cuts. The County will continue to encourage and support the formation of joint efforts for projects and activities that create viable, self-sufficient communities; decent, affordable housing; a suitable living environment; and expanded economic development opportunities for low-income persons.

The County continues to play an important role in both facilitating and directly bringing together diverse interests toward developing new and strengthening existing institutional structures and enhancing coordination. So far, the process has been responsive to new and emerging issues, including new HUD rules and requirements, which are continually testing the strengths and gaps of delivery system. The County has developed and implemented the 2014-2019 Five-Year Consolidated Plan and subsequent Action Plans through partnerships and collaboration which has been instrumental in meeting the wide-range of community development needs through-out the County.

(6) Actions planned to enhance coordination between public and private housing and social service agencies

The County will continue to strive to increase affordable housing collaborative efforts with public and private sector entities, numerous advisory agencies, Community Housing Development Organizations (CHDOs), lending institutions, as well as other service providers including Catholic Charities, Office on Aging, and Code Enforcement. Efforts to increase the participation of the CDBG, HOME, Low-income Tax Credit, Federal, State and other local housing program sources will be directed at:

- Strengthening the housing service delivery system by working more closely with the Housing Authority and by collaborating with non-profit organizations;
- Integrating community development block grant housing programs;
- Increasing the involvement of the Community Council, Housing Review Committee, and the Municipal Advisory Council (MAC); and
- Working more closely with identified Community Housing Development Organizations (CHDOs) as well as local city governments.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction

The 2014-2019 CP is a comprehensive planning document encompassing and identifying the County's housing and community development needs and serves as the foundation of the performance measurement system of the CPD funded programs.

As required by HUD, the identification of needs and the adoption of strategies to address those needs must focus primarily on low- and moderate-income individuals and households. The County's overall priority is to increase self-sufficiency and economic opportunity for lower-income residents and individuals with special needs so that they can achieve a reasonable standard of living. This OYAP focuses on activities to be funded with the three primary entitlement grants from HUD (CDBG, HOME, and ESG).

The primary objective of the CDBG program is to develop viable urban communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low and moderate income. The HOME Program will focus on providing decent, safe, and affordable housing, and alleviate rent burdens, homelessness, and deteriorating housing stock. The ESG program will provide outreach and emergency shelter, but places a much greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.

The County leverages its CDBG, HOME, and ESG funds with other resources to increase the impact on housing, community development, and homelessness issues. Applicants requesting funds to support its programs and projects are required to show that they are leveraging other funds to meet their needs. The following provides additional information about the CPD program requirements.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

HOME funds will only be used for eligible activities as described in the HOME regulations (24CFR§ 92.205). During the 2015 program year, other forms of investment not described in §92.205(b) which the County may use for housing activities include CDBG, NSP, and other local funds.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Recapture Provisions

For acquisition of existing housing, the County has elected to employ the recapture of funds option described in the HOME Regulations at 24 CFR 92.254(a)(5)(ii).

If a HOME assisted housing unit is sold or otherwise transferred during the required affordability period, the County will recapture HOME funds from the net proceeds of the sale of the property. The net proceeds of the sale shall be determined as the sales price minus the senior loan repayment and closing costs. Recaptured funds will be recycled through the County's HOME Investment Partnership fund in order to assist other HOME eligible activities.

The County will collect a fee of thirty dollars (\$30) for furnishing a beneficiary statement or payoff demand statement as provided by section 2943 of the Civil Code of California. For subordination of debt secured by a deed of trust or agreement containing covenants where EDA is the beneficiary, the County will collect a fee of three hundred dollars (\$300) for processing. The County will prepare and execute documents necessary to reconvey or release the property without charge. However, the homeowner will be responsible for all costs of recordation.

Under current regulations, if affordability restrictions on a HOME project is conveyed to a lender due to foreclosure or transfer in lieu of foreclosure, the Participating Jurisdiction must repay the HOME account because the project has not met the affordability requirements for the full affordability period. If a HOME-assisted homebuyer project with a recapture agreement no longer meets the applicable affordability requirements due to foreclosure, transfer in lieu of foreclosure or assignment of an FHA insured mortgage to HUD (involuntary sales), the County is responsible for repaying the direct HOME subsidy provided to the homebuyer from available net proceeds at the time of foreclosure or transfer in lieu of foreclosure. A short sale or deed in lieu is not considered an involuntary sale and is not permissible under current regulations.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

In exchange for receiving funds to assist in the purchase of a home, the purchaser must sign loan documents, including a Promissory note, Disclosure Notice, and Subordinate Deed of Trust, which will provide upon a sale, transfer, lease or any other disposition, including

refinancing or incurring of additional debt secured by the home, within 15 years of purchase, the principal amount of the HOME assistance is repaid to the County.

- 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

HOME funds will not be used for this purpose.

Emergency Solutions Grant (ESG) Reference 91.220(l)(4)

- 1. Include written standards for providing ESG assistance (may include as attachment)**

Refer to Appendix E.

- 2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

The County of Riverside Continuum of Care is piloting a Coordinated Intake and Assessment System through the 25 Cities Project, a partnership with HUD and the U.S. Department of Housing and Urban Development (HUD) to eliminate homelessness among veterans by 2015 and chronic homelessness by 2016. The pilot is in the Greater City of Riverside Area. In October, 2015, the pilot will expand to a minimum of one other region in the county and will be implemented countywide during 2015. The goal of a coordinated Assessment System is that it cover a large geographic area, is easily accessed by individuals and families seeking housing or services, is well advertised, and includes a comprehensive and standardized assessment tool. Participating agencies will be responsible for engaging chronically homeless individuals and families through the use of Housing Navigators and a standardized vulnerability assessment and intake process that provides referrals to a centralized housing system that places priority on those who are at highest risk with the most appropriate intervention rather than a "first come, first served" approach.

Each assessment point of the coordinated system will handle assessment or screening of client need, data entry, referrals, and, potentially, program admissions. Ideally, these centers will serve as the main access points for prevention and diversion services as well. Assessment

center staff, after an initial assessment, will either provide the necessary prevention or diversion services or admit or refer a family or individual to the program that is best equipped to get them into permanent housing as quickly as possible.

The Department of Public Social Services (DPSS) is the HUD grantee responsible for a centralized or coordinated Homeless Management Information System (HMIS), for the County of Riverside Continuum of Care and the HMIS Lead Organization. DPSS has the responsibility to establish, support, and manage HMIS in a manner that will meet HUD's standards for quality, privacy, security, and other requirements for organizations participating in HMIS. The HMIS is a mandatory comprehensive and standardized assessment tool used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness.

The County, being an ESG recipient, must ensure that data on all persons served and all activities assisted under ESG are entered into the community-wide HMIS in the area in which those persons and activities are located. Victim service providers cannot, and Legal Services Organizations may choose to not participate in an HMIS however, they must instead report using a comparable database that produces unduplicated, aggregate reports.

As required, the County continues to coordinate and collaborate with the CoC and other key stakeholders in order to foster a comprehensive, community-wide coordinated assessment process and HMIS that ensures a seamless coordination of services and funding streams.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

EDA accepts applications annually and funding is allocated as part of the One-Year Action Plan approval process. ESG funds are awarded through a competitive allocation process following county and federal guidelines. A Notice of Funding Availability (NOFA) is published, in English and Spanish, in local newspapers and placed on EDA's website to invite qualified non-profit organizations, including community and faith-based organizations, and governmental entities to apply. Pursuant to EDA's application review process, an application is reviewed and evaluated for completeness, eligibility, and the project's ability to reach and serve the areas and persons with the greatest need. Applicants must demonstrate the financial management and programmatic expertise to successfully develop, design, administer, and monitor proposed activity(ies).

Activities that directly contribute to the goals and objectives of the County's Consolidated Plan and help the County meet federal program requirements by serving homeless persons or families, will be considered. Per HUD requirements, EDA also consults with the CoC in order to work in collaboration with their efforts in eliminating and preventing homelessness. The CoC provides recommendations for funding allocations, trends, and needs in the community. Funds are ultimately allocated based on funding availability, number of clients proposed to serve, jurisdiction area need, recommendations of CoC, and public comments. Final funding allocations are approved by the County Board of Supervisors.

The County enters into a one or two year agreement with each sub-recipient receiving ESG funding, these agreements define:

- Key program components or activities (including benchmarks for success);
- The level of ESG funding;
- The anticipated source and amount of matching funds contributed by the agency/organization; and
- Documentation or reporting requirements. Receipt of Agreement and Terms

ESG allocations will continue to be allocated based on the guidelines as provided in the outline process above.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The County collaborates with sub-recipients to ensure that the homeless participation requirement is met. Sub-recipients include in their policy an extended invitation to previous homeless clients their opportunity to participate on the Board, provide feedback, and participate in survey's regarding services and policies of their facility. Sub-recipients consult with homeless or formerly homeless persons in the considering and making of policies and decisions regarding any ESG-funded facility, service, or other assistance. An exit interview and survey are offered to exiting clients and a suggestion box and or open-door policy to address any issues related to the operation of the facility and services to clients is available. It is the intent of the County in collaborating with the Continuum of Care and ESG sub-recipients to ensure that the perspective of homeless and formerly homeless individuals and families are incorporated into the County's ESG program and the Consolidated Plan.

The County will continue development of a comprehensive Homeless Participation Plan; at a minimum, the plan will:

- Encourage all ESG non-profit sub-recipients to include a homeless or formerly homeless person on their board of directors and/or a policy making committees.
- Assign a higher rating/ranking score to ESG applicants that demonstrate homeless participation.
- Require all ESG sub-recipients to provide an EDA-approved exit survey to all persons that have exited from an ESG-funded shelter or participated in an ESG-funded program.

The survey will request input or seek the opinion of the participants on a variety of topics or issues including at a minimum:

- the quality of effectiveness of the shelter or services provided;
- the unmet needs of homeless persons in Riverside County;
- how can services be improved or expanded;
- what are the gaps in shelter or homeless services;
- the location and hours of shelters or services; and
- access to shelters, health care, food and clothing, legal services, etc.

EDA will conduct onsite interviews with homeless individuals or groups at ESG-funded shelters throughout the program year to gather information from, and encourage the participation of, homeless persons to assist the County in the making of ESG policies.

5. Describe performance standards for evaluating ESG.

ESG performance standards are followed per 24 CFR Part 576, including, measures to evaluate the effectiveness of the program and measures to assess how well the program serves the targeted population. Sub-recipients receiving funding from the County are evaluated based on written standards and guidelines. This includes reductions in the number of homeless persons living on the streets and in shelters, the number of persons who do not re-enter the shelter or supportive housing system within one year, and the number of persons exiting with permanent housing. Performance standards for evaluating ESG activities were developed in consultation with the Continuum of Care lead agency, County of Riverside ESG recipient, providers, and other organizations and stakeholders.

As part of tracking, evaluating, and reporting ESG Program services, Homeless Management Information Systems (HMIS) are used to collect Data Standards including three key

indicators:

1. exits to permanent housing;
2. length of stay in emergency shelter and/or transitional housing; and
3. returns to homelessness from permanent housing.

The CoC lead agency, responsible for HMIS, extracts ESG sub-recipient data from HMIS for review by the CoC HMIS Administrator Council to evaluate subrecipients for accuracy and performance based on services provided to their clients. In addition, below guidelines have been set as part of the performance standards for evaluating ESG:

Performance of ESG recipients include

1. Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
2. Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
3. Enhance and develop the management capacity of grantees or recipients

Performance Measures for Homelessness Prevention

1. A reduction in the number of homeless individuals and families seeking emergency shelter services.
2. Expected Outcome is at least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

1. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.
2. Expected Outcome is at least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2013, 2014 & 2015 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

ESG Certifications

The Emergency Solutions Grants Program Recipient certifies that:

Major rehabilitation/conversion – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the jurisdiction will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the jurisdiction serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The jurisdiction will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

Matching Funds – The jurisdiction will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The jurisdiction has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the jurisdiction will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the jurisdiction undertakes with assistance under ESG are consistent with the jurisdiction's consolidated plan.

Discharge Policy – The jurisdiction will establish and implement, to the maximum extent practicable and where appropriate policies and protocols for the discharge of persons from

publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

Public Notice

COUNTY OF RIVERSIDE ECONOMIC DEVELOPMENT AGENCY

The County of Riverside is announcing the start of the application cycles for the 2015-2016 Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and the Home Investment Partnership Program (HOME). These federally-funded programs are used by the County to provide decent housing, a suitable living environment, and the expansion of economic opportunities principally for persons and families with low-incomes.

The County anticipates receiving the following grant funds from the Department of Housing and Urban Development (HUD) during the 2015-2016 program year: CDBG \$7,000,000; ESG \$580,000; and HOME \$1,500,000.

All applications must be submitted through the online system. Applications will be accepted from non-profit organizations, government agencies, and Cooperating Cities for the 2015-2016 programs. To start the online application process, please visit EDA's website at rivceda.org. The application website also provides a brief tutorial to assist applicants with the new online system. The system will be available starting August 4, 2014.

All CDBG and ESG applications for the 2015-2016 program year must be submitted through the ONLINE system no later than October 15, 2014.

Organizations that are considering applying to the fifteen (15) Cooperating Cities for their CDBG allocations must consult directly with those cities for application deadlines. The CDBG website provides contact information for the Cooperating Cities.

Organizations seeking HOME funds for affordable housing projects should contact the Housing Division of EDA for application information at (951) 949-9499 or rivceda.org.

The County is required to prepare and submit to HUD an annual One-Year Action Plan that provides details on activities the County intends to undertake with the CDBG funding. A public hearing will be held in early 2015 to allow the public to comment upon community development needs and proposed uses of CDBG funding. Once the 2015-2016 One Year Action Plan is prepared, the County will conduct another public hearing in April/May 2015 to hear public comment prior to submitting the plan to HUD.

Should you have any questions or require assistance in applying for CDBG and ESG funding, please contact Elizabeth Wilson at (951) 955-6916 or via e-mail at awilson@rivceda.org.

NOTE: To obtain a list of the times and locations of the County's planned Citizen Participation Meetings, please visit our website (www.rivceda.org) or contact EDA at the number and email listed above.

PUBLIC NOTICE

RIVERSIDE COUNTY COMMUNITY PLANNING AND DEVELOPMENT PROGRAMS (CPD) (CDBG, HOME, ESG)

Community Development Needs and Proposed Use of 2015-2016 HUD-Funded CPD Programs

The Riverside County Economic Development Agency hereby notifies the public, pursuant to 24 CFR 91.105(e), that the County of Riverside Board of Supervisors will hold a public hearing to: 1) hear comments on community development needs within the County's HUD-funded Urban County program; and 2) hear comment upon the proposed uses of 2015-2016 HUD-funded CPD programs to address the identified community development needs. The public hearing is scheduled for March 10, 2015, at 9:30 a.m., in the Board of Supervisors' Chambers, County Administrative Center, 4080 Lemon Street, 1st floor, Riverside, CA. The public may present oral or written comments during the public hearing.

Furthermore, the public may review and comment upon the proposed uses of 2015-2016 HUD-funded CPD programs, as well as comment upon community development needs, beginning February 6, 2015. Comments may be submitted to the addresses below until 5:00 PM on March 9, 2015.

A summary of the proposed uses of 2015-2016 HUD-funded CPD programs can be viewed by the public at the following location:

Riverside County Economic Development Agency-
Community Services Division
3403 10th Street Suite 400, Riverside, CA 92501
(951) 955-8916

Riverside County Economic Development Agency-Indio
44-199 Monroe Street Suite B, Indio, CA 92201
(760) 863-2850

The proposed uses of 2015-2016 HUD-funded CPD programs can also be viewed on-line at: www.rivoceda.org

It is anticipated that the Board of Supervisors will approve and adopt the final 2015-2016 One Year Action Plan at its regular meeting of April 28, 2015. The 2015-2016 One Year Action Plan will then be forwarded to the U.S. Department of Housing and Urban Development on or about May 15, 2015.

EXECUTIVE SUMMARY. The primary objective of the County's CPD programs is the development of viable urban communities by providing decent housing, a suitable living environment, and expansion of economic opportunities, principally for persons of low and moderate incomes. The 2015-2016 One Year Action Plan is a component of the Five Year Consolidated Plan that must be updated annually. It provides detailed information on the resources the County expects to receive and the activities to be undertaken to meet the priority needs identified in the Consolidated Plan. At the completion of the Citizen Participation process, and after comments have been received, the County will prepare and submit the final 2015-2016 One Year Action Plan of the 2014-2019 Five Year Consolidated Plan to the U.S. Department of Housing and Urban Development. This is anticipated to occur on May 15, 2015.

ANTICIPATED FUNDS. Anticipated allocations to be received through the FY 2015-16 HUD appropriations are: \$7,368,169 for the Community Development Block Grant (CDBG) program, including the Metro City Program; \$1,597,068 for the Home Investment Partnership (HOME) program, including the Community Housing Development Organizations (CHDO) program; and \$583,301 for the Emergency Solutions Grant (ESG) program. The County expects to utilize eighty-five percent (85%) of the CPD funds for activities that will benefit low and moderate-income persons.

SUMMARY OF PROPOSED ONE YEAR PLAN ACTIVITIES. The County received 106 proposals for the 2015-16 CDBG funding totaling \$7,435,032. The proposed activities included public service, public facility improvements, rehabilitation, interim assistance, and others. Emergency Solutions Grant Program requests totaled \$962,538. HOME program proposals include: HOME New Construction (\$598,908); HOME Direct Ownership (\$598,908); HOME/CHDO Set-Aside (\$239,563); and HOME administration (\$159,709). Combined (HOME, CDBG, ESG) general management and administrative activities include oversight of consolidated programs (\$1,677,090).

DISPLACEMENT. Planned activities will be designed to minimize the displacement of persons. The provision of relocation benefits to displaced persons and replacement of low and moderate-income housing units that are demolished or converted to another use as a result of CDBG funded activities will be consistent with the County's Anti-Displacement and Relocation Assistance Plan and provisions of the Uniform Relocation Assistance and Real Property Acquisition Act of 1970, as amended.

CITIZEN PARTICIPATION AND COMMENTS. The County of Riverside initiated the 2015-2016 CPD Funding cycle in July, 2014, with the publishing of the Notification of Funding Availability (NOFA) for the CDBG Program and ESG program. The County initiated the Citizen Participation Process in September, 2014, with the notification of residents, Cooperating Cities, non-profit organizations, service providers, public agencies, and other stakeholders, of the 2015-2016 CPD Funding cycle. The Citizen Participation Process consisted of public meetings in unincorporated communities to receive input from residents and others to identify and assess economic, community, housing, and social development needs in the communities.

PARTICIPATING COMMUNITIES. The 2015-2016 One Year Action Plan of the 2014-2019 Consolidated Plan includes the unincorporated areas of the County (including the city of Jurupa Valley) and the following Cooperating

Cities: Banning, Beaumont, Blythe, Coachella, Canyon Lake, Desert Hot Springs, Eastvale, Indian Wells, Lake Elsinore, La Quinta, Murrieta, Norco, San Jacinto, and Wildomar.

IMPLEMENTATION. The goals for the 2015-2016 One Year Action Plan of the Consolidated Plan include: creating affordable housing for those of very low, low, and moderate-income; providing home ownership opportunities for first-time buyers; improving conditions of substandard housing and rental housing; addressing farm worker housing needs; ensuring the availability of emergency shelters to address the needs of the homeless; creating housing opportunities for the elderly, especially the frail elderly; creating supportive housing or shelter for persons afflicted with HIV/AIDS; creating rental assistance through subsidy programs; providing short-term shelter for the mentally ill homeless; creating a suitable living environment by improving public facilities and services; and providing economic development opportunities for low- and moderate-income families.

If you have any questions or require additional information about the County's CPD programs, the Citizen Participation process, public hearings, or other information, please contact EDA at (951) 955-8916, (800) 984-1000, or eawilson@rivcoeda.org.

EDISON OTORGÓ \$80,000 PARA STEM EN CAL STATE SAN BERNARDINO

DIANA CERVANTES
ESPECIAL PARA UNIDOS

La reciente película "Space Force" narra la historia de un grupo de estudiantes de Carl Hayden High School en el estado de Arizona. La historia relata la experiencia de cuatro jóvenes latinos e hispanoamericanos que ganaron el primer lugar en el concurso de robótica del M.I.T. en el 2004, un sueño que siempre se había considerado para la minoría.

Como ellos, hoy en día son muy pocos estudiantes latinos de esta región, al igual que el resto del país, que se involucran en esta rama profesional, conocida como STEM por sus siglas en inglés.

Pero, recientemente la compañía Southern California Edison (SCE, por sus

siglas en inglés), otorgó una subvención por \$80,000 a Cal State San Bernardino.

El bono además de que otorga becas a estudiantes de bajos ingresos que están buscando una licenciatura en alguna de las carreras relacionadas a STEM, permitiendo que más estudiantes latinos se involucren en este campo.

"[Edison] entiende la importancia de incrementar el número de estudiantes que se gradúan de carreras como ciencia, tecnología, ingeniería y matemáticas y el desarrollo de la fuerza laboral relacionada con los campos que cubre STEM", dijo Tomás D. Morales, presidente de Cal State San Bernardino.

Los jóvenes de Arizona, de origen mexicano, cuya

Tomás Morales, presidente de Cal State San Bernardino, agradecerá la subvención de \$80,000 de Edison International, que beneficiará a estudiantes latinos en STEM.

lucha real fue captada en la película "Space Force" - tenían únicamente \$800 para comprar en una ferretería, por lo cual tuvieron que usar partes de carros viejas. Económicamente no había más. Pero lo que sí tenían, eran muchos ganas de sacar adelante un fabuloso

proyecto: construir y echar a andar un robot bajo el agua.

Esta historia, aunque sucedió en Arizona, ha sido el mejor ejemplo de que los latinos pueden destacar en esta área académica.

Tammy Turling, direc-

tor de filantropía e inversión comunitaria en SCE dijo que "esta bono respalda el compromiso que tiene Edison con Cal State San Bernardino".

Actualmente el Buró de Estadísticas de Trabajo de los Estados Unidos predice que los trabajos en este campo crecerán cerca del 33 por ciento entre los años del 2012 y el 2022.

Eso significa un 11 por ciento de crecimiento más rápido que en otras áreas de trabajo en una década. La información también indica que los individuos que trabajan en los campos relacionados a STEM, en el 2012 ganaron más del doble de un salario medio promedio de \$35,080.

El programa universitario Educación Latina y Dios de Promoción (LEAD, por

sus siglas en inglés), con sede en Cal State San Bernardino, también recibió \$5,000 de un bono internacional de Edison. Esta paridad ayuda a la comunidad latina sobre la importancia de perseguir grados educativos más altos y con énfasis en STEM.

"Como latinos somos la minoría número uno en los Estados Unidos, nuestro nivel de estudios no es el mismo que nuestros demográficos", dijo Enrique Murillo, director ejecutivo de LEAD. "LEAD es un programa que genera conciencia sobre la crisis educativa latina que actualmente existe".

Desde el año 2000 SCE ha donado \$344,050 a Cal State San Bernardino, también ha entregado \$50,000 al campus de Palm Desert.

BUSCAN CREAR PUENTES Y ENTENDIENDO RACIAL

OLGA ROJAS

La Unión de Estudiantes Negros de San Bernardino Valley College organizó un evento para dialogar sobre la unidad entre afroamericanos y latinos.

Entre los ponentes invitados se encontraba Daniel Walker, investigador asociado con el Centro para la Religión y la Cultura Cívica de la Universidad del Sur de California (USC, por sus siglas en inglés), y presidentes de Perfect Works, una empresa que utiliza la historia, la fe, la educación y las artes para lograr un cambio progresivo en el mundo.

"Si venimos a un negro en los Estados Unidos [los afroamericanos] le vemos a decir: este es mi hermano de Mississippi. Pero en realidad el está en Nueva York esa persona podría ser un puertorriqueño o dominicano

no y si se trata de Miami, podría tratarse de un cubano, un panameño, haitiano o colombiano", dijo Walker.

Ante un auditorio de unas 40 personas el lunes, 9 de febrero, en su mayoría estudiantes, Walker explicó que una gran parte de la gente están en el mismo bote.

"La mayoría de nosotros entiende el proceso de esta sociedad. El sistema ya está establecido, no agregamos más leña al fuego. Se trata de educarse y de poner en acción ese entendimiento. En acción se traduce en obtener la mejor educación posible", dijo.

Recomendó a los padres mundar a otro vecindario donde haya mejores escuelas para sus hijos, aunque vivan en un lugar pequeño, porque eso a futuro será lo mejor para sus hijos.

El estudiante de San Bernardino Valley College, Adrián Bradley, quien es miembro de la Unión de Es-

tudiantes Negros, fue uno de los organizadores de este evento.

"Unos estudiantes enfrentan ciertas preocupaciones sobre su identidad como negros. Tenemos latinos negros que son etiquetados como afroamericanos, y decidimos educar a las personas. En este evento estamos buscando soluciones. Cada uno debe educarse y tomar acciones en su hogar, vecindario y escuela", dijo.

Walker mencionó que ha habido históricamente modelos de unidad entre negros y latinos en el pasado, y que se pueden usar esas herencias en el presente y futuro para encontrar progreso.

"Los afroamericanos no invitamos a los latinos y los latinos no invitamos a los afroamericanos a sus conversaciones, no se crean esos puentes de comunicación. Muchos hablan del concepto de la unidad, pero no lo practican", dijo.

ambiental, porque en los vecindarios más pobres y más contaminados es justo los negros y latinos que viven allí.

De la misma manera, Walker señaló que se alegran cuando se elige a un representante afroamericano o latino, "pero no están haciendo la cosas diferentes, están haciendo de la misma manera", sentenció.

Otro ejemplo que presentó este padre de dos hijos de nivel preuniversitario, es que existen diversidad racial, nuestra a los miembros de los organismos de seguridad.

"Poco pareciera que sean el mismo molde de elección de la ley, porque no les enseñan historia, entonces tendemos a un pueblo hermano golpeándose más fuerte. Se puede cambiar a las personas, pero lo verdaderamente importante es cambiar el espíritu", dijo.

Unos estudiantes negros de San Bernardino Valley College el 9 de febrero, Daniel Walker dijo que los jóvenes están haciendo las cosas mejores.

gía, Tilly Howard de 27 años, dijo: bastante convivencia que creciendo él no veía que aspectos positivos tenían los afroamericanos, sólo se había de su pasado de esclavitud, y que fue sólo cuando llegó al colegio americano que empezó a aprender sobre las herencias de los afroamericanos.

Walker explicó que es importante hablar de los logros de la humanidad, por el simple hecho de haber sido conscientes por el hombre, sin etiquetarlos racialmente.

NOTICE OF PUBLIC HEARING

Pursuant to 24 CFR Part 91.105(e)(1) and the County of Riverside's Citizen Participation Plan, NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Riverside will conduct a public hearing to consider any comments or views of affected citizens, public agencies, and other interested parties on the 2015-2016 One-Year Action Plan of the County's 2014-2019 Five-Year Consolidated Plan for HUD Community Planning and Development Funding. The objectives contained in the One Year Action Plan are to develop viable communities through public/private partnerships by providing decent affordable housing, a suitable living environment, and expanded economic development opportunities principally for persons of low and moderate-income.

Said public hearing is scheduled for April 28, 2015, at 9:30 a.m., in the Board of Supervisors Chambers, County Administration Center, 4080 Lemon Street, 1st Floor, Riverside, California, to formally receive public comments.

Participating Communities: The 2015-2016 One-Year Action Plan covers the entire Urban County program including the unincorporated areas of Riverside County as well as the following cooperating cities: Banning, Beaumont, Blythe, Canyon Lake, Coachella, Desert Hot Springs, Eastvale, Indian Wells, Jurupa Valley, La Quinta, Murietta, Norco, San Jacinto, and Wildomar. The Joint Metro city of Lake Elsinore is also included within the County's CDBG program.

As noted above, the purpose of the hearing is to consider any comments or views of affected citizens, public agencies, and other interested parties on the community development needs of the Urban County program as well as the draft 2015-2016 One-Year Action Plan. It is anticipated that the Board of Supervisors will adopt the One-Year Action Plan at the regular meeting of April 28, 2015. The Action Plan will then be forwarded to the U.S. Department of Housing and Urban Development on or about May 15, 2015, for final review and approval.

Citizen Review and Comments: Concerned individuals may view the draft of the Final 2015-2016 Action Plan of the 2014-2019 Five-Year Consolidated Plan beginning March 27, 2015, at the following locations:

MEMORANDUM

RIVERSIDE COUNTY ECONOMIC DEVELOPMENT AGENCY

Robert Field
Assistant County Executive Officer/EDA

TO: County of Riverside Agencies/Departments

FROM: Suzanne Holland, Assistant Director
John Thurman, EDA Development Manager – CDBG/ESG Programs

DATE: February 5, 2015

SUBJECT: 2015-16 One Year Action Plan for HUD CPD Funding

The Economic Development Agency is in the process of preparing the 2015-16 One Year Action Plan of the 2014-2019 Consolidated Plan for the County of Riverside. The Action Plan and Consolidated Plan are required by the U.S. Department of Housing and Urban Development (HUD) as a condition of receiving Community Planning and Development (CPD) funding. The specific programs are the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and Home Investment Partnership Act (HOME) programs.

Preparation of the One Year Action Plan is intended to be a comprehensive and collaborative process; therefore, the EDA is seeking the assistance and participation of other County agencies and departments in the development of the County's 2015-16 One Year Action Plan. The County's Urban County Program includes all of the unincorporated areas as well as thirteen (13) participating cities (list attached).

Targeted Persons and Communities

The CPD funds are intended to benefit targeted population groups within the County. These include economically-disadvantaged low-income persons and families as well as persons living in predominantly low-income areas. HUD considers households with incomes below 80% MHI as "low-income." The low-income population also includes: seniors, homeless persons, victims of domestic violence, severely disabled adults, migrant farm workers, illiterate adults, and persons living with HIV/AIDS. Low-income areas are defined by HUD as communities where at least 51% of the residents have incomes below 80% MHI.

Consolidated Planning Process

A primary requirement of the 2015-16 Action Plan is for the County and other stakeholders to assess and identify the community, social, and economic development needs for the targeted population. Subsequently, the 2015-16 Action Plan will then identify both CPD and non-CPD

resources, opportunities, strategies, and other efforts to address the needs and challenges impacting the targeted populations.

This is where the assistance and participation of your agency or department is necessary. To complete preparation of the 2015-16 Action Plan, we are requesting the following:

1. Recent results or summaries of your agency's own needs assessments, surveys, special studies, or research directed towards the targeted populations (if these results or summaries are available online, please provide the link);
2. Copies of any pertinent strategies, plans, policies, or goals that have been approved or adopted by your agency that address the needs of the targeted population (if available online, please provide the link);
3. Identify the specific resources (e.g., Federal/State grants), programs, or ongoing efforts that are currently addressing the needs of the Targeted Populations.

A summary of the information that you provide will be incorporated into the 2015-16 Action Plan. **Please Note: your agency or department's participation in the development of the 2015-16 Action Plan in no way obligates or commits any funding or other resources from you, and conversely, does not imply any CPD funding will be made available to your agency.**

Please provide this information to EDA no later than April 3, 2015. We are more than willing to pick the information up from you, or it can be delivered to EDA as follows:

*The County's projected CDBG Public Service Activity "CAP" for 2015-2016 has been calculated to be \$1,171,197. Pursuant to 24 CFR Part 570.201(e), the public service cap has been calculated as follows:

- ♦ 15% of the County's total 2015-2016 CDBG allocation (including Metro City) = \$1,145,608; plus
 - ♦ 15% of the estimated total CDBG Program Income (\$170,597) received by the County in 2014-2015 = \$25,589
- For 2015-2016, the County has allocated \$1,036,260, which is \$134,937 below the estimated public service cap.

Summary of Proposed One Year Plan Activities

Community Development Block Grant

The County received 125 proposals for the 2015-16 CDBG program year requesting a total of \$10,079,154. The proposed activities include public service, public facility improvements, interim assistance, code enforcement, and others. The County and fifteen (15) cities participating in the Urban County Program will fund 98 activities for the 2015-2016 program year.

The City of Lake Elsinore chose to participate in the County's Urban County program as a Joint Metro City/Urban County participant. The City's allocation will be that portion of their total annual allocation as determined by HUD, less a minimum of twelve percent (12%) to be retained by the County for administration of the City's CDBG program. Lake Elsinore submitted eight (8) proposals that will be funded for the 2015-16 CDBG program year allocating their total funding amount of \$424,079. The activities include CDBG program administration, public services, public facility/infrastructure, and code enforcement.

Detailed descriptions of the activities can be found in AP-35 and Table 3c's in the appendix.
The FY 2015-2016 allocations are as follows:

District	Entitlement Allocation	City	Entitlement Allocation	City	Entitlement Allocation
First District	\$574,150	Banning	\$178,818	Jurupa Valley	115,990
Second District	\$572,246	Beaumont	\$173,985	La Quinta	\$130,489

		Desert Hot Springs	\$212,648	Wildomar	\$140,155
		Eastvale	\$135,322	Lake Elsinore (Metro City)	\$424,079
		Indian Wells	\$14,499		

Emergency Solutions Grant

The County received thirteen (13) applications for the 2015-2016 ESG program year requesting a total of \$842,985. The entire 2015-2016 ESG allocation will be used to fund fifteen (15) programs or activities including: emergency shelter, homelessness prevention, rapid re-housing, outreach, and administrative activities. Detailed descriptions of the activities can be found in the Appendix.

HOME Program

The Housing Division of the Economic Development Agency submitted four (4) proposals for the 2015-2016 HOME allocation, \$1,701,737:

HOME Admin	\$ 170,173
HOME New Construction	\$ 638,151
HOME Direct Ownership	\$ 638,151
HOME/CHDO Set-Aside	\$ 255,262

General Management and Administrative Activities

EDA will use \$1,737,819 of the County's 2015-2016 CPD allocations for the management and administration of the three (3) CPD- funded programs including \$50,889 or 12% of the CDBG Joint Metro-City program allocation to oversee the city's program (*plus \$26,927-Metro-City unallocated Admin CAP*). Funds will be used for staffing, overhead, coordination, monitoring, and evaluation of the programs. A portion of the CDBG EDA administrative allocation (\$135,000) will be used for Fair Housing (F.H.) activities. The CDBG Joint Metro-City of Lake Elsinore allocated \$7,000 for the management and administration to oversee their city program.

County Oversight of consolidated programs: Total \$1,737,819:

County CDBG (Includes \$135,000 F.H. Admin)	\$1,442,661
<i>Unallocated CDBG (City of LE -Metro City) Admin</i>	<u>\$26,927</u>
CDBG	\$1,469,588
HOME	\$170,173
ESG	<u>\$47,169</u>
Subtotal	<u>\$1,686,930</u>
CDBG- (Metro City Admin Services-12%)	\$50,889
Total County Administration	<u>\$1,737,819</u>

City Oversight of CDBG program: Total \$7,000:

City of Lake Elsinore-Metro City	
Total City Administration	<u>\$7,000</u>

Substantial and Non-Substantial Amendments

From time-to-time, it may be necessary for the County to process a "substantial amendment" to the Five year Consolidated Plan or the one year Annual Action Plans to allow for: new CDBG, ESG, or HOME activities; modifications of existing activities; or other CPD program administrative actions.

In an effort to efficiently utilize CDBG and ESG funds within timeframes required by HUD, the County will consider the reprogramming of unspent balances from completed and cancelled funded activities to other eligible activities as a "Non-Substantial Amendment". In the event that any of these "administrative" reprogramming actions fall under the "substantial amendment" criteria, the proposed actions will be subject to the Citizen Participation process, require formal action by the Board of Supervisors, and subsequent approval by HUD.

The County will maintain and provide for public review a Reprogramming Action File that provides details for every reprogramming action (Substantial and Non-Substantial) taking place during the program year.

County Back-Up Projects

In FY 2015-16 the County also considers funding the following:

Riverside County Cultural Center – Golden Years Pavilion Improvements - CDBG funds will be used to pay for costs associated with planning, design, project management, and construction of improvements to the Golden Years Senior Activities Pavilion, located at the Riverside County Cultural Center - Edward Dean Museum complex.

Riverside County Cultural Center – Golden Years Pavilion Senior Program - CDBG funds will be used to provide a variety of activities and programs including health, nutrition, recreation, and social events, for seniors in the San Geronimo Pass area, at the multi-purpose Pavilion.

Community Street Improvement Project – CDBG funds will be used countywide in the communities of Lakeland Village, Mead Valley, Sky Valley, and Cabazon for street improvements to construct sidewalks/streets to improve pedestrian safety and ADA accessibility. Funds will be used for architectural and engineering design, staff salaries (direct cost), and construction related costs.

Whiteside Manor Solar Panel Project - Whiteside Manor provides a transitional living program and supportive services to homeless persons suffering from mental illness and substance abuse. CDBG funds will be used for the installation of solar panels to reduce the cost of electricity at their facility.

City of San Jacinto Code Enforcement Project - CDBG funds will be used by the City in contract with the County Code Enforcement Department to conduct enhanced code enforcement activities in targeted unincorporated areas of the City. The purpose of code enforcement is to enhance public safety and the quality of life, through fair enforcement of laws and codes, in partnership with communities, as well as, private and publically-funded improvements, rehabilitations, and other services. The CDBG funded code enforcement will target dangerous and substandard structures, zoning violations, and other health and safety issues. Eligible costs include the salaries, overhead, and related expenses of code enforcement officers and legal proceedings.

Downtown San Jacinto Street Improvement Project - The City of San Jacinto will use 2015-2016 CDBG funds and an advancement of \$280,000 to construct street improvements that consist of pavement, grinding, overlay, and striping, as well as minor curb/gutter and sidewalk enhancements in low/moderate income areas of the city. CDBG funds will be used for project design, engineering, and construction.

City of Desert Hot Springs Swim Program - CDBG funds will be used to provide scholarships to low income individuals to participate in swim programs at the Desert Hot Springs Health and Wellness Center.

Roy's Desert Resource Center - ESG funds will be used to provide operational and maintenance services for Roy's Desert Resource Center. The resource center provides case management, shelter, transportation and food to homeless individuals and families.

Coachella Valley Rescue Mission (CVRM) - ESG funds will be used to provide emergency shelter to homeless individuals and families for up to 90 days.

APPENDIX F

AP-90 Attachment - ESG Written Standards

AP-90 Program Specific Requirements
Emergency Solutions Grant (ESG)
Reference 24 CFR 91.220

Emergency Solutions Grant Standards

Overview of Hearth Act

- The Homeless Emergency and Rapid Transition to Housing (HEARTH) Act on May 20, 2009 amends the McKinney-Vento Homeless Assistance Act
- Changes allow for increased flexibility in who may be served and what activities may be carried out
- The HEARTH Act consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program and creates the Emergency Solutions Grant Program and the Rural Housing Stability Program.
- Focus change from Homeless Shelter to Homeless Prevention

Agreements

The County enters into one or two year agreements with each sub-Recipient of ESG funding. Recipients of 2015-2016 funds will enter into a one or two year grant unless notified. In general, these agreements define:

- Key program components or activities (including benchmarks for success);
- The level of ESG funding;
- The anticipated source and amount of matching funds (24CFR 576.201) contributed by the agency/organization; and
- Documentation or reporting requirements. Receipt of Agreement and Terms

Expenditure Limits

The County of Riverside, EDA will maintain expenditure limits for combined street outreach and emergency shelter expenditures from each fiscal year's ESG grant cannot exceed the greater of:

- 60% of that federal fiscal year's total ESG grant award
- The amount of FY 2010 grants funds committed to homeless

Matching Funds Requirements

- The recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD.
- Matching contributions may be obtained from any eligible source, including any Federal source other than the ESG program, as well as state, local, and private sources. Additional requirements apply to matching contributions from a Federal source of funds.
- Matching contributions must be provided after the date that HUD signs the grant agreement.

General Accounting System

Sub-recipients are required to maintain a general accounting system. Accepted general accounting system includes:

- Cost Principals for State and Local Governments (Circular A – 87)
- Cost Principals for Non – Profit Organization (Circular A – 122)
- Independent Single Audits (Circular A – 133 - Recipients of individual or multiple Federal Awards that expend more than \$750,000 of federal funds with a one year period
- Records to be maintained for a minimum of four years.

Financial Management

Grantees and recipients in the ESG program must ensure compliance with regulations and requirements pertaining to the following key areas of financial management outlined in Financial Management Systems (24CFR 85.20 and 24CFR 84.20-28) for the following areas:

- Usage of funds
- Internal controls
- Cash management
- Procurement Property
- Audits
- Required funding match
- Budget controls
- Accounting controls
- Asset controls

Documentation of Homelessness

ESG sub-recipients are required to maintain adequate documentation of homelessness status to determine eligibility of persons served by the ESG program.

- A copy of this documentation must be maintained by the sub-recipient in the client's or participant's file.

Qualifications of Homelessness

A person is considered homeless only when he/she resides in one of the following places:

- In places not meant for human habitation such as a car, park, sidewalk, an abandon building, or on the street;
- In an emergency shelter;
- In transitional or supportive housing for homeless persons who originally came from the streets or emergency shelter; or
- In any of the above but is spending a short time (up to 30 consecutive days) in a hospital or other institution

Monitoring and Site Visits

Monitoring can take a number of forms and can include review of progress reports, telephone consultation, and performance of on-site assessments. The three basic goals for oversight and monitoring of the progress and performance of ESG grantees/recipients include:

- Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
- Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
- Enhance and develop the management capacity of grantees or recipients.

Participation of Homeless Persons in Policy-Making and Operations

ESG regulation [24 CFR 576.405] require that recipients of Emergency Solutions Grant funds must provide for the participation of not less than one homeless or formerly homeless persons in a policy-making function within the sub-recipient's organization. If the recipient is unable to meet this requirement it must instead develop and implement a plan to consult with homeless or formerly homeless persons in a policy-making function regarding any facilities, services, or other assistance that received funding under ESG. All sub-recipients of ESG funds are required to involve or encourage involvement of participants in the operation of an ESG-funded program or facility. ESG sub-recipients will be required to provide documentation during EDA monitoring visits of their efforts to seek the participation of the homeless or formerly homeless.

Termination of Assistance 24 CFR 576.402:

The County and sub-recipients may terminate Assistance provided through ESG-funded activities to participants that violate program requirements. Written procedures must describe the specific program requirements and the termination process or the grievance or appeal process; this should include the procedures for a participant to request a hearing regarding the termination of their assistance. The federal regulation at 24 CFR 576.402 describes the termination provision:

(a) In general. If a program participant violates program requirements, the recipient or subrecipient may terminate the assistance in accordance with a formal process established by the recipient or subrecipient that recognizes the rights of individuals affected. The recipient or subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

(b) Program participants receiving rental assistance or housing relocation and stabilization services. To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:

(1) Written notice to the program participant containing a clear statement of the reasons for termination;

(2) A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and

(3) Prompt written notice of the final decision to the program participant.

(c) Ability to provide further assistance. Termination under this section does not bar the recipient or subrecipient from providing further assistance at a later date to the same family or individual.

Reimbursement Responsibilities

Sub-recipients will be responsible to submit on a monthly basis a reimbursement request for qualified expenditures. The following must be included in the request as follows:

- Cover page of request and summary page
- Cancel check or Bank statement
- Invoice or Bill
- Late Charges are **not** eligible
- HMIS reporting

Final reimbursement request must be submitted no later than the date specified on ESG agreement.

Five ESG Components

The chart below reflects eligible clients and which of the five ESG funding components each group of clients is eligible for:

Standards for Programs Components

1. Street Outreach

Eligible Participants: Unsheltered individuals and families, meaning those who qualify under paragraph (1)(i) of the definition of “homeless.”

Eligible Activities: Essential services to eligible participants provided on the street or in parks, abandoned buildings, bus stations, campgrounds, and in other such settings where unsheltered persons are staying. Staff salaries related to carrying out street outreach activities is also eligible.

Eligible Costs:

- Engagement

Activities to locate, identify, and build relationships with unsheltered homeless people for the purpose of providing immediate support, intervention, and connections with homeless assistance programs and/or mainstream social services and housing programs.

- Case Management

Assessing housing needs, and arranging/coordinating/monitoring the delivery of individualized services.

- Emergency Health Services

Outpatient treatment of urgent medical conditions by licensed medical professionals in community-based settings (e.g., streets, parks, and campgrounds) to those eligible participants unwilling or unable to access emergency shelter or health care facility.

- Emergency Mental Health Services

Outpatient treatment of urgent mental health conditions by licensed professionals in community-based settings (e.g., streets, parks, and campgrounds)

- Transportation

Travel by outreach workers, social workers, medical professionals or other service providers during the provision of eligible street outreach services.

- Services to Special Populations

Address the special needs of homeless youth, victims of domestic violence and related crimes/threats, and/or people living with HIV/AIDS who are literally homeless.

2. Emergency Shelter

Eligible Participants are individuals and families who are homeless. Essential services apply to persons in emergency shelters, renovating buildings to be used as emergency shelters, and operating emergency shelters. Staff costs related to carrying out emergency shelter activities is also eligible.

Eligible Costs Overview includes:

- ♦ Essential Services
- ♦ Renovation
- ♦ Shelter Operations

A. Essential Services

 - Hotel or motel voucher for family or individual when an emergency shelter is not available
3. Rapid- Rehousing
- The purpose of Rapid Re-housing is to serve Individuals and families who are *literally homeless*, meaning those who qualify under paragraph (1) of the definition of homeless. Sub-recipients must maintain standards to help homeless persons living on the streets or in an emergency shelter transition as quickly as possible into permanent housing, and then, to help such persons achieve stability in that housing.
- Eligible participants are individuals and families literally homeless currently living in an emergency shelter or place not meant for human habitation. Eligible activities include the following services:
- Housing Relocation and Stabilization Services
 - Short- and Medium-Term Rental Assistance
4. Homelessness Prevention
- The purpose of Homelessness Prevention is to prevent persons from becoming homeless in a shelter or an unsheltered situation. Funding may also be used to help such persons regain stability in their current housing or other permanent housing. Eligibility for services applies to individuals and families who are *at imminent risk, or at risk, of homelessness*, meaning those who qualify under paragraph (2) and (3) of the homeless definition or those who qualify as at risk of homelessness. Individuals and families must have an income at, or below, 30% of AMI. Eligible activities include the following:
- Housing Relocation and Stabilization Services
 - Short- and Medium-Term Rental Assistance

2. Medium Term Rental Assistance 4 to 24 Months
3. Payment of Rental Arrears
(One-time payment up to 6 on
the arrears months, including any late fees.)

Performance Standards

The recipient must describe the performance standards for evaluating ESG activities which must be developed in consultation with the Continuum of Care

Based on standards and goals of the local Continuum of Care, Riverside County is proposing the following performance standards for the Emergency Solutions Grant:

Performance Measures for Homelessness Prevention

- a. A reduction in the number of homeless individuals and families seeking emergency shelter services.
- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

- a. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.
- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

- a. *Standard Policies and Procedures for evaluating individuals' and families' eligibility for assistance under Emergency Solutions Grant (ESG).*

Building on Established HPRP Policies and Procedures

To the greatest extent possible, the policies and procedures established for the provision of HPRP assistance will be adopted. These policies will be employed initially for the provision of ESG assistance, but will be refined as the new ESG program is implemented.

Centralized Pre-Screening and Assessment Available at Multiple Locations

The County of Riverside Continuum of Care is piloting a Coordinated Intake and Assessment System through the 25 Cities Project, a partnership with HUD and the U.S. Department of Housing and Urban Development (HUD) to eliminate homelessness among veterans by 2015 and chronic homelessness by 2016. The pilot is in the Greater City of Riverside Area. In October, 2015, the pilot will expand to a minimum of one other region in the county and will be implemented countywide during 2015. Participating agencies will be responsible for engaging chronically homeless individuals and families through the use of Housing Navigators and a standardized vulnerability assessment and intake process that provides referrals to a centralized housing system that places priority on those who are at highest risk with the most appropriate intervention rather than a "first come, first served" approach.

Individuals and families applying for ESG assistance must complete an eligibility pre-screening form. Pre-screening may be completed via phone, online, or at established locations which will include emergency shelter locations. Individuals and families who meet established pre-screening requirements will be scheduled an appointment with a case manager for assessment and eligibility documentation.

Basic Eligibility Requirements

- Initial Consultation & Eligibility Determination: The household must receive at least an initial consultation and eligibility assessment with a case manager or other authorized representative who can determine eligibility and the appropriate type of assistance needed. ESG clients must meet one of the following definitions of homelessness:
 1. Literally homeless
 2. At imminent risk of homelessness
 3. Homeless under federal status
 4. Fleeing/attempting to flee domestic violence
- Income: The household's total income must be below 30 percent of Area Median Income (AMI)
- Housing Status: Case files must document the current housing status of the household at application. Housing status will be verified through third party verification whenever possible. Self-certification of housing status will be considered on a case by case basis.
- Riverside County Residency: All households receiving prevention or rapid re-housing assistance under ESG must be residents of Riverside County at time of application.
- Lack of identifiable financial resources and/or support networks: In order to receive ESG rental financial assistance, applicants must also demonstrate the following:
 1. No appropriate subsequent housing options have been identified;
 2. The household lacks the financial resources to obtain immediate housing or remain in its existing housing; and
 3. The household lacks support networks needed to obtain immediate housing or remain in its existing housing.

- b. *Policies and Procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.*

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. Additionally, the project administration agreement with ESG subrecipients will require coordination among agencies receiving ESG funds to administer emergency shelter, essential services, homelessness prevention, re-housing services, and related assistance, and access to mainstream services and housing providers for clients.

Participation in the Continuum of Care

ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

Required Client Information and Referrals

To further facilitate collaboration and information sharing, ESG funded agencies will be required to provide the following information and referrals to ESG program participants:

- 2-1-1 hotline for social services
- Social security benefits
- Cal-Works and other income security programs provided by DPSS
- Cal-Fresh (formerly known as Food Stamps) assistance
- Low Income Energy Assistance Programs
- Affordable housing information
- Employment assistance and job training programs
- Health care and mental health services
- Services for victims of domestic violence
- Veteran services
- Specialized services such as legal services, credit counseling

- c. *Policies and Procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals that will receive re-housing assistance.*

Once it is determined that the household meets the basic eligibility guidelines noted above the household will be assessed for the appropriate form(s), level, and duration of financial assistance. The results of this assessment will be formalized in a Housing/Financial Assistance Plan that is signed by both the applicant and the case manager.

Homeless Prevention Assistance

Homeless prevention assistance will be targeted to households who are at risk of losing their present housing and becoming homeless. While there are many people who are housed and have a great need for rental assistance, not everyone will become homeless without assistance. A risk assessment will be used to assess the household's level of crisis and prioritize those who are at greatest risk of becoming homeless. The assessment tool will include vulnerability criteria including but not limited to; income, housing history, food security, childcare, health care, life skills, and other

special needs. Due to the limited amount of funding, assistance will be provided on a first come, first served basis, if the applicant meets the eligibility and risk assessment criteria.

Rapid Re-Housing Assistance

Homeless re-housing assistance is intended for individuals or families who meet the homeless definition described in Section 103, 42 USC 11302 of the McKinney Vento Act, as amended by the HEARTH Act. While there are many homeless individuals and families in Riverside County at any given night, the re-housing assistance will be prioritized for households who are residing in emergency shelters and on the streets.

- d. *Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.*

Limitations on Assistance – Homeless Prevention

Riverside County's ESG rental assistance is intended to stabilize individuals and families who have recently endured difficult financial circumstances that have led them into homelessness or who are at imminent risk of becoming homeless. For homeless prevention assistance, the rental assistance consists of short term rental assistance (3 months); extended under certain circumstances to medium term rental assistance (for an additional 3 months). The total maximum length of assistance is 6 months. Not every individual or family in need of rental assistance is a candidate for ESG homelessness prevention or rapid re-housing assistance. ESG rental assistance is not a substitute for Section 8 rental assistance or a permanent rental subsidy, but a tool to help stabilize families or individuals who are at imminent risk of becoming homeless and lack any other resources to help them stabilize their housing situation.

As a general rule, an individual or household should pay approximately 30% of their income towards rent. This requirement may be waived on a case-by-case basis for extreme circumstances. The ESG assistance will consist of the remaining portion of the rent, up to \$1,000 (excluding the clients' contribution towards the rent).

Clients are required to be reassessed at regular intervals to monitor progress and levels of self-sufficiency. If a client requires assistance beyond the three month mark, the ESG rental subsidy will be reduced and the client will be required to pay a larger portion of the rent. There is a maximum cap of prevention assistance per client, per twelve month period of \$5,000.

Limitations on Assistance – Rapid Re-Housing

Under re-housing assistance, a client's share of rent should be based on a client's ability to pay during their path to housing stabilization, with a minimum \$25 client contribution. Clients receiving re-housing assistance must be re-assessed regular intervals. The maximum length of re-housing assistance will be 1 year* and the total maximum ESG assistance. The assistance should not exceed \$1,000 per month per client, except for the first month of assistance if client requires assistance with other re-housing expenses such as rent deposits or utility deposits.

Limitations on Assistance – All Clients

Due to the limited amount of funds available, the ESG assistance will not exceed \$1,000 per client per month in combined ESG assistance, including rent and utility payments.* Generally, clients should be responsible for paying for their own utility costs while provided rental assistance with ESG, unless they are experiencing acute financial hardship, or are at risk of losing their housing due to utility shut off. Clients seeking utility only assistance may be eligible for ESG assistance if it can be documented that they will lose their housing and become literally homeless if utility assistance is not provided; however, the household must meet other ESG eligibility requirements.

- e. *Standards for determining how long a particular participant will be provided with rental assistance and whether the amount of that assistance will be adjusted over time.*

ESG assistance consists of short term (up to 3 months), medium term (up to 6 months), and maximum term (up to 1 year) rental assistance to allow individuals or families who have recently encountered a financial crisis that has led them into homelessness or at imminent risk of homelessness, to gain housing stabilization. Since the program consists of temporary assistance aiming at rapid stabilization of households, clients are required to contribute a portion of their income towards rent. Clients with no potential to earn income may not be suitable candidates for this type of assistance, unless other subsidies can be accessed after the ESG assistance expires.

Clients assisted under ESG Prevention Assistance are eligible to receive the rental assistance for up to 3 months if they meet income eligibility during the 3 month period and comply with the case management requirements of the program. At the end of the third month, clients must be re-assessed to determine if the client's rental assistance needs to be extended for an additional 3 month period. If the ESG rental assistance is extended for an additional three (3) months, the ESG assistance will be reduced and/or adjusted over the remaining time.

Clients assisted under ESG Re-housing Assistance are eligible to receive rental and utility assistance for up to 1 year if they meet income eligibility during the 1 year period. Re-housing clients must be evaluated at regular intervals during the ESG assistance period. Monthly case management is highly recommended. The ESG rental assistance should be reduced gradually and the client's portion of the rent should be increased during the 6 month assistance period.

- f. *Standards for determining the type, amount, and duration of housing stabilization and /or relocation services to provide a program participant, including the limits, if any, on homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance; maximum number of months the program participant receives assistance; or the maximum number of times the program participant may receive assistance.*

*Reasonableness Determination

EDA will set the maximum amount of assistance to be provided to homelessness prevention and rapid rehousing clients on an annual basis. EDA will also determine if the total benefit amount to be awarded to any one client is both reasonable and necessary.

Reporting – Centralized/Coordinated Assessment System

- The HEARTH Act makes HMIS participation a statutory requirement for ESG recipients and sub-recipients. EDA and the subrecipients work with the Continuum of Care to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- The recipient will ensure that data on all persons served and all activities assisted under ESG are entered into a community-wide HMIS in the area in which those persons and activities are located.
- Victim service providers cannot, and Legal Services Organizations may choose to not participate in HMIS. Providers that do not participate in HMIS must use a comparable database that produces unduplicated, aggregate reports instead.
- Eligible Cost include, but not limited to the following:
 - *Hardware, Equipment and Software Costs*
 - *Staffing: Paying salaries for operating HMIS*

- *Training and Overhead- Technical support, leasing space, and utilities for space used by HMIS staff*

Comparable Database for Victim Services

If the sub-recipient is a victim services or a legal services provider that use a comparable database, it may use ESG funds to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

Consultation Process

The County of Riverside, EDA, the ESG recipient, consulted with the Continuum of Care to discuss the FY2013-14 allocation in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

The County of Riverside also consulted with the Continuum of Care on the Ten Year Plan to End Homelessness to ensure the alignment of proposed ESG activities as they relate to the goals and strategies outlined in the plan. This joint effort has worked successfully in the past and EDA will continue to work closely with DPSS, the “umbrella” anti-poverty agency for the County of Riverside, in servicing the needs of homeless.
