## Narratives

### Areas of Greatest Need:

The number and concentration of foreclosed units varies throughout the County's CDBG/NSP program area. There are pockets of heavy concentrations within several participating cities and semi-urban unincorporated areas. In addition, there are several rural areas and remote mountain communities with a number of foreclosed units spread over a larger area.

The County has determined that the most effective and appropriate method to identify and target the areas with the greatest need and most impacted by the foreclosure crisis is a correlation between actual foreclosed units (using an established local data source) and HUD's Foreclosure and Abandonment Risk Score data.

The County is using RealtyTrac data to map the actual foreclosed units. The HUD Risk Scores are indicated by 2000 U.S. Census block groups and do not necessarily correspond to other boundaries. In the populated urban areas, the census block groups are smaller, and therefore more numerous; conversely, block groups in rural areas are much larger, yet they contain fewer people and fewer foreclosures. The HUD Foreclosure and Abandonment Risk Score data for the County's program area is available upon request.

Each NSP Target Area includes target area name, Supervisorial District, total area, corresponding HUD Risk Score, and the NSP map number.

1. All five supervisorial district have NSP Target Areas;
2. Target areas are located in unincorporated areas and thirteen cooperating cities;
3. 22 out of 23 (96%) of the target areas comprise block groups with HUD Risk scores of 8 or higher;
4. 12 out of 23 (51%) target areas comprise block groups with HUD Risk Scores of 9 or higher;
5. The NSP Target Areas comprise 478.06 square miles or 6.99% of the County's total CDBG program area; and

Attachment A to this NSP Substantial Amendment contains maps that provide visual representations of the County's NSP Target Areas. The maps indicate the fixed boundaries of the target areas, concentrations of foreclosed units, and HUD Risk Scores. In addition, each map identifies political boundaries, major roads and highways, and contains a legend identifying the types of foreclosed properties. Attachment E provides Census Block Group data for the twenty-three (23) designated NSP Target Areas.

Given the significant size of the County of Riverside, and the large amount of NSP funds, the County has determined that designating twenty-three target areas is appropriate and equitable. Further, these limited target areas will allow for the focused investment of NSP funds in neighborhoods that have been most impacted by the foreclosure crisis.

### Distribution and and Uses of Funds:

NSP funds will be used in five (5) primary activities, plus administration:

1. Acquisition, rehabilitation, and resale to first-time homebuyers - \$33,649,564;
2. Acquisition, rehabilitation, and rental, to very-low income persons - \$204,000;
3. Enhanced First-Time Home Buyer Program - \$2,181,120;
4. Acquisition and rehabilitation of foreclosed, vacant multi-family properties, new construction of multi-family rental projects - \$7,677,316; and

- 5. Redevelopment of vacant or demolished properties, or the reconstruction and redevelopment of acquired or demolished residential properties, for single family, multifamily housing projects and public facilities - \$545,000
- 6. NSP program administration: administration costs will not exceed ten-percent (10%) of the NSP grant and ten-percent (10%) of program income - \$4,855,786.

**Definitions and Descriptions:**

(1) Definition of "blighted structure" in context of state or local law.

The County of Riverside defines blight consistent with the California Health and Safety Code definition of a blighted structure as:

California Health and Safety Code Section 33030

It is found and declared that there exist in many communities blighted areas that constitute physical and economic liabilities, requiring redevelopment in the interest of health, safety, and general welfare of the people of these communities and of the state.

A blighted area is one that contains BOTH of the following:

- a. An area that is predominately urbanized, as the term is defined in section 33320.1, and is an area in which the combination of conditions set forth in Section 33031 is so prevalent and so substantial that it causes a reduction of, or lack of, proper utilization of the area to such an extent that it constitutes a serious physical and economic burden on the community that cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.
- b. An area that is characterized by one or more conditions set forth in any paragraph of subdivision (a) of Section 33031 and one or more conditions set forth in any paragraph of subdivision (b) of Section 33031.

(2) Definition of "affordable rents.

The County of Riverside defines affordable rents consistent with the California Health and Safety Code definition of affordable rents as:

California Health and Safety Code Section 50053

(a) For any rental housing development that receives assistance prior to January 1, 1991, and a condition of that assistance is compliance with this section, "affordable rent" with respect to lower income households shall not exceed the percentage of the gross income of the occupant person or household established by regulation of the department that shall not be less than 15 percent of gross income nor exceed 25 percent of gross income.

(b) For any rental housing development that receives assistance on or after January 1, 1991, and a condition of that assistance is compliance with this section, "affordable rent," including a reasonable utility allowance, shall not exceed:

- i. For extremely low income households the product of 30 percent times 30 percent of the area median income adjusted for family size appropriate for the unit.
- ii. For very low income households, the product of 30 percent times 50 percent of the area median income adjusted for family size appropriate for the unit.
- iii. For lower income households whose gross incomes exceed the maximum income for very low income households, the product of 30 percent times 60 percent of the area median income adjusted for family size appropriate for the unit. In addition, for those lower income households with gross incomes that exceed 60 percent of the area median income adjusted for family size, i

**Definitions and Descriptions:**

t shall be optional for any state or local funding agency to require that affordable rent be established at a level not to exceed 30 percent of gross income of the household.

- iv. For moderate-income households, the product of 30 percent times 110 percent of the area median income adjusted for family size appropriate for the unit. In addition, for those moderate-income households whose gross incomes exceed 110 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable rent be established at a level not to exceed 30 percent of gross income of the household.

**Low Income Targeting:**

The County's total NSP allocation is \$48,567,786. The County will allocate at least 25%, or \$12,141,947, for housing activities that benefit individuals and families whose incomes do not exceed 50% of the area median income (See Attachment C).

The County will utilize the 25% set-aside for very-low income persons through activity NSP 4 (described in Section B.2). Where feasible and appropriate, the County will assist very-low income families through other NSP activities such as the Enhanced First-Time Homebuyer Program.

**Acquisition and Relocation:**

All activities below are anticipated to be initiated upon the release of NSP funds. All funds will be initially committed within eighteen (18) months. Several of these activities anticipate the receipt of program income which will continue to be used within the NSP guidelines until the program ends (estimated July 2013).

a. No conversions are anticipated. A small number of units may be acquired and demolished. The County does not anticipate any of these units to have affordability covenants; however, some of these may have been occupied and/or owned by low- and moderate-income households. The number of units in this category should not exceed eight (8).

b. The number of NSP affordable housing units made available to low-, moderate-, and middle-income households reasonably expected to be produced by the various activities are as follows:

i. Acquisition/Rehabilitation/Resale to First-Time Homebuyer: With an allocation of \$20,000,000 of NSP allocated and expended for this activity, the County anticipates 150 units being made available to households with incomes at 51% to 120% of the area median income.

The amount of final NSP assistance per unit will depend upon purchase price of units, rehabilitation costs, disposable income of purchaser (affordability), and the availability of private and other non-NSP financing. It is anticipated that most units will be sold to households earning between 75% and 120% of the area median income.

In the event that other private and non-NSP funds are limited, the County may have to finance all or a larger portion of the sale of a unit. This will result in a significantly lower number of units being made available.

ii. Acquisition/rehabilitation/rental: With an allocation of \$1,855,000 for this activity, the County anticipates up to ten (10) units being acquired, rehabilitated, and made available to rent to households earning less than 120% of the area median income. The amount of final NSP assistance per unit will depend upon purchase price of units and final rehabilitation costs.

iii. Enhanced First-Time Homebuyer: With an allocation of \$9,700,000, the County anticipates that up to 190 units will be made available to households with incomes at 51% to 120% of the area median income. The amount of final NSP assistance per unit will depend upon purchase price of units, rehabilitation costs, disposable income of purchaser (affordability), and the availability of private and other non-NSP financing. It is anticipated that most units will be sold to households earning between 75% and 120% of the area median income.

c. The number of dwelling units anticipated to be made available to households at or below 50% AMI: The number of units to be made available to households earning less than fifty-percent (50%) AMI will be dependent upon the amount of leveraging that th

**Acquisition and Relocation:**

e affordable housing partners can produce, as well as acquisition and rehabilitation costs. The County anticipates that 40-120 units will be made available for this income category.

The County of Riverside does not intend to demolish or convert any existing low or moderate-income dwelling units.

**Public Comment:**

On October 25, 2008, the Riverside County Board of Supervisors directed the Economic Development Agency to develop and prepare the Draft Substantial Amendment for the County's NSP allocation. On November 10, 2008, the Draft NSP Substantial Amendment was placed on Economic Development Agency's website (www.rivcoeda.org), with a link on the County's main website (www.countyofriverside.us). Printed versions of the draft NSP plan were made available at the following locations:

3403 10th Street, Suite 500  
Riverside, CA 92501

Workforce Development Center

On November 11, 2008, the County published a Public Notice in the Press Enterprise (a publication of general circulation) informing the public of the availability of the Draft NSP Substantial Amendment for public comment and review until 5:00 PM, on November 26, 2008.

In summary, the public was provided a sixteen (16) day comment period for the draft NSP substantial amendment. The County received three (3) comments (two written, one verbal) regarding the draft NSP plan during the comment period. A summary of these comments can be found in Attachment D of this document.

## Overall Progress Narrative:

As of June 30, 2016 under the NSP1 program, Riverside County has acquired a total of 254 single-family homes of which 252 homes underwent rehabilitation and ultimately resold to very low- to moderate-income households. The two remaining homes are currently for sale to qualified first time home buyers. During this reporting period, the County has a NSP1 budget of \$89,400,870 which includes the original grant of \$48,567,786 and \$40,833,084 in program income. Utilizing program income, the County has obligated a total of \$85,208,886 (or 175.4% of the original NSP1 grant funds) and has drawn down a total of \$81,627,486 or (168% of the original grant). The County is actively working with its developer partners to embark on multi-family projects which will be funded with NSP1 program income.

One of the NSP1 partners, Rancho Housing Alliance, Inc. ("RHA"), a non-profit organization, had acquired and rehabilitated 10 foreclosed rental multi-family housing units and 1 foreclosed single family home. Unfortunately, RHA has fallen on hard times and is unable to manage the NSP funded properties. In lieu of foreclosing on the properties, RHA has agreed to deed the NSP properties to Riverside County. The County is taking over ownership of the properties and the Housing Authority of the County of Riverside is taking over the property management.

Based on NSP updated guidance on meeting the 25% set-aside requirement, the County is required to set aside \$22,350,218 which is 25% of the program income received plus the initial grant funds. A total of \$27,284,660 was obligated for very low-income acquisition and rehabilitation projects or 30.5% of the original NSP1 grant funds plus program income.

In summary for all NSP1 activities as of June 30, 2016, a total of 416 units were identified leading to the total production of 254 single-family housing units for resale and 95 rental units. In addition, a total of 67 households received purchase price assistance since inception of the program.

Progress Toward Activity Type Targets:

NSP1-1 - Acquisition, Rehab, Resale, FTHB: target 150 units, actual 254 units

NSP1-2 - Acquisition, Rehab, Rental: target 10 units, actual 1 unit

NSP1-3 - Enhanced FTHB: target 190 units, actual 67 units

NSP1-4 - Acquisition/Rehab, Foreclosed, Vacant, or Multi-family Rent: target 120 units, actual 94 units (64 NSP units and 30 non-NSP units)

Progress Toward National Objective Targets:

NSP Only - LMMI: target 369, actual 229

NSP Only - LH-25% Set-Aside: target 101, actual 155

The Enhanced First Time Home Buyer Program, renamed as the Neighborhood Stabilization Homeownership Program (NSHP), provides purchase price assistance to low-, moderate- and middle-income (LMMI) households that have not owned homes within the last three-year period. **Activity Description:**

On July 14, 2009, Rancho Housing Alliance, Inc. ("RHA"), a non-profit organization, was awarded a total of \$3,204,000 in NSP1 funds for the acquisition, rehabilitation of 10 foreclosed rental multi-family housing units and 1 foreclosed single family home. RHA has fallen on hard times and is unable to manage the NSP funded properties. In lieu of foreclosing on the properties, RHA has agreed to deed the NSP properties to the County. The properties must remain affordable for 55 years or the County risks having to repay back the NSP investment back to HUD. On May 3, 2016, the Board of Supervisors approved conveyance of these properties to the County of Riverside. The County is taking over ownership of the properties and the Housing Authority of the County of Riverside is taking over the property management.

The 10 affected properties were previously reported under activity 09-NSP04-001 and one property reported under 09-NSP02-002. These activities were closed in DRGR 3/7/2013 and 12/30/2011 respectively. Performance measures will not be reported under this activity to avoid double-counting of the properties involved.

**Location Description:**

Designated target areas within the cities of Blythe, Cathedral City and Desert Hot Springs, CA, as defined in Riverside County's 2008-09 One Year Action Plan.

### Activity Progress Narrative:

Allocated \$75,000 in NSP1 funds for property management of former Rancho Housing Alliance NSP properties by the County of Riverside.
